

Prescriptions

are orders from your doctor for certain ingredients to be made into a medicine.

Whether these are put up just as your doctor desires or in some hurried, careless way, will mean considerable as to the beneficial results obtained.

What's the use of having a doctor and getting the medicine unless you know it is filled up just as it should be?

Bring your prescriptions here. We are cranks on filling prescriptions exactly right.

This means more than we are exact on measurements and weights of the different ingredients. After the articles are weighed there is a right and a wrong way to mix them.

We are careful to mix them to secure the best results and don't dump them carelessly together.

Bring your prescriptions here if you would be sure of getting the best possible results from your doctor's advice.

Service in memory of those who were lost in the sinking of the Titanic were held in the Methodist church Sunday evening. The special music and ceremony were of a most impressive nature. A very large congregation was present.

At the last meeting of Woodstock Division, No. 1, A. O. H., R. F. Wadleton, on behalf of Dr. G. B. Manzer, presented the society with a handsomely framed picture of his Grace Cardinal O'Connell of Boston. A hearty vote of thanks was given Dr. Manzer for his appropriate gift.

Tommy Howe, the veteran ball tosser, of St. John, has been spending a few days in the city renewing acquaintances. While in the city he was a guest of Mike McDonald. Both played on the Fredericton Tartars when that team was in its prime. Tommy left this morning for Halifax, having received an offer from the Standards—Moncton Times.

Three weeks ago two young women, Leola Marshall and Ada Dodge, nee Mercier, were arrested in Calais, charged with having caused the death of an infant born to the Marshall girl. The case was heard Saturday afternoon, a plea of manslaughter being accepted, and the young women were sentenced to serve three years at hard labor in Thomaston prison.

Wednesday was "moving day" and an unusually large number changed their places of residence. About every team in town was engaged in transferring household effects from one part of the town to the other. The usual amount of old shoes, rubbish, barrels and worthless stuff, was taken along with the parlor suites, piano and other valuables. The day was cool and well suited for "rassling" with furniture too long to turn in narrow halls.

Miss Kate Miles daughter of Mr. A. R. Miles, Manguerville, leaves this evening for Regina, Sask. She will be joined at McAdam by Miss Blanche K. Dibblee of Woodstock who is also going to locate at Regina where both young ladies have secured positions. Mrs. G. G. Roberts widow of the late Canon Roberts will leave tomorrow for Nelson, B. C., where she will join her Grandson, Lloyd Roberts, and her daughter, Mrs. S. A. R. Macdonald, located there.—Fton Mail.

Election rumors are in the air. Donald Munro, M. P., made a visit to the upriver sections Saturday. There is much speculation as to who will be the third government candidate. Many surmise that a well-known Centreville doctor will be the man here. Some of the leaders appear to be much in sympathy with a young man whose name was before the last local convention. Anyway they will find the views of the people changed as well as their own since their victory in 1908.—Florenceville Correspondent of Observer.

LOCAL AND GENERAL

The contest is beginning to "hum." There are prophets bold enough to predict that spring is coming.

Gather all the coupons you can. It will be found on page 4 of this issue.

Douglas Urquhart of last year's ball team has signed up with the Lowell, Mass., team.

It is said the incubator is robbing the hen of her maternal instinct, and that as a consequence she cannot be depended upon to "set" as she used to. But the time for discouragement is not yet at hand. One hen in town has brought 11 chicks from 13 eggs in spite of the weather which prevailed during her "tour of duty."

Arrangements have been made by which the two bands in town have been united, making a large organization. F. B. Herrick the new teacher, has arrived and taken charge and under his direction the citizens of Woodstock will listen to good music during the band concert season. Mr. Herrick is well and favorably known as an efficient band leader, having taught several bands in Maine and New Brunswick, previous to going South, from which point he came here.

Houlton customs officers have been especially active recently in their efforts to stamp out smuggling over the Canadian border and six prisoners from Aroostook County were arraigned before United States Commissioner Reid in this city Saturday, charged with violating the federal statutes. Four of them were charged with smuggling potatoes and two others with facilitating the transportation of smuggled goods and concealing them. The four men charged with smuggling potatoes all live near the boundary line in the town of Bridgewater. They are Charles and James Ketchum, Chas. A. Lewis and Henry Holmes. The date upon which the government alleged the potatoes were smuggled was March 21. Upon their arraignment here Saturday were four men pleaded guilty and were bound over. The other two men arraigned here Saturday were John Corey and Charles M. Gilman of Blaine and the charge against them was that of receiving, concealing and facilitating the transportation and concealment of smuggled potatoes at Blaine.—Bangor Commercial.

Sheriff Foster arrived in town last week and with the assistance of the local police arrested five men for loitering on the railway tracks. The police have decided to stop corner loafing and the habit of standing in doorways, which of late has become a nuisance. Women and children are obliged to run the risk of having their clothes ruined by tobacco spitters, who apparently haven't the common instincts of decency. Complaints have been made and the authorities will take strenuous measures if necessary to put a stop to loafing and loitering in public places.

The suit of Matthias Meagher, of Debec, against the C. P. R. for \$3600 damages caused by removing the siding near his warehouse, which has been before the circuit court for two days, went to the jury on Friday and resulted in a verdict for the plaintiff for \$545. Mr. Justice McKeown gave the defendant company leave to move for a non-suit, a new trial or that the verdict go to the defendant. Hon. W. P. Jones and F. B. Carvell for plaintiff; Col. H. H. McLean and F. R. Taylor, for defendant company.
