#### METHODIST NOTES

The Presque Isle Opera House took fire Monday night just as the last of the audience was filing through the doors. The building was destroyed with a loss of \$25,000, but no one was injured. John J. Home, owner of the opera house, estimated his loss at \$16,000, the remainder of the \$25,000 being divided among the sev- eral merchants and professional men who had stores or offices in the building. The blaze is supposed to have been due to a man going into the moving picture machine booth with a lighted cigarette.

R. S. Phillips, proprietor of the King street market, has an interest- ing ad in this issue, that will be read by thousands of Sentinel readers.

## ROW IN THE TORY CAMP

Mr. Flemming's Candidate Forced Off The Ticket

Nominated May 22nd, and Accepted—Four Days Later Finds He Must Go Back to Harvard

Many Conservatives Think Treatment of Squires Very Unfair

The retirement of Mr. F. C. Squires from the tory ticket is the most talked of event since the disrupted tory party opened the present cam- paign. This young gentleman was brought down from Cambridge, where he was attending Harvard College, by Mr. Flemming, in order to square up the old debt contracted at the last federal election, when Mr. Squires was promised the local nom- ination in payment for his services during the campaign. What these services were, and the lines on which they were conducted, are well known to the people.

However, Mr. Squires was nominat- ed in due form at the convention on the 22nd and accepted in an eloquent speech, as reported by the tory pap- ers, and left for the northern part of the county immediately to enter upon his campaign.

About this time the strategy board of the conservative element in Wood- stock, got busy and Mr. Flemming was told that his man must step down and out at once. Mr. Squires acceded to this demand by suddenly remembering that his presence was required to graduate at Harvard College. The nomination was made on the 22nd and this discovery was made on the 25th.

Mr. White of Centreville, was push- ed into the breach and will now be offered up as the sacrifice. Boiled down, the whole truth of the matter is, that Mr. Flemming forced Squires the railway line. It will be a day or the ticket and he was afterwards a considerable distance from a tele- phone.

Wolville, May 29.—It was announc- ed at Convocation to-day that the winner of the Rhodes scholarship for 1912 was Harvey Todd Reid of Har- land, N. B.

## LIBERALISM TRIUMPHANT

The Grand Old Party Made a Sweep in the Alberta Bye-Elections

Edmonton, May 28—Early returns today from the five provincial bye- elections, four of which were for new cabinet ministers in the Sifton gov- ernment, and the fifth to fill the va- cancy caused by the resignation of the member in Cardston, show a com- plete sweep for the Liberals.

The present indications are that the five seats are retained by the supporters of the Sifton administra- tion though the result in Claresholm, where the provincial treasurer, Hon. Malcolm McKenzie, is running, will be very close.

Attorney General C. W. Cross, was re-elected for Edmonton, over A. F. Ewing, after the most spectacul- ar fight in the provincial history of the province.

There is still some doubt as to the actual majority, Liberals claim 590 and Conservatives 485.

Conservatives claim that there were many irregularities and state that the election will be protested.

There were a number of fights at polling booths, and great deal of bit- ter feeling was shown during the day. In Sturgeon, Minister of Edu- cation Boyle, had an early majority of 350 with twenty-two out of forty- seven polls heard from.

Returns are slowly coming in from Sedgewick, but twenty-five polls out of 119 give Hon. Chas. Stewart, a majority of 140.

These polls are nearly all along the railway line. It will be a day or two before all are in as some are considerable distance from a tele- phone.
