

Prescriptions

are orders from your doctor for certain ingredients to be made into a medicine.

Whether these are put up just as your doctor desires or in some hurried, careless way, will mean considerable as to the beneficial results obtained.

What's the use of having a doctor and getting the medicine unless you know it is filled up just as it should be?

Bring your prescriptions here. We are cranks on filling prescriptions exactly right.

This means more than we are exact on measurements and weights of the different ingredients. After the articles are weighed there is a right and a wrong way to mix them.

We are careful to mix them to secure the best results and don't dump them carelessly together.

Bring your prescriptions here if you would be sure of getting the best possible results from your doctor's advice.

The I. O. O. F. ball was the scene of a pleasant function on Wednesday evening, April 10, when Mrs. Mary Matheson of Springhill, N. S., President of the Rebekah Assembly, paid an official visit to Brunswick Reb. lodge. The degree staff of Brunswick Reb. lodge conferred the degree on two candidates for her benefit and she complimented the degree staff on their efficient work. After the work of the lodge was finished, the Pres. was escorted to the dining room where a banquet was served and a pleasant hour spent in speeches and music. While in town Mrs. Matheson was the guest of Mr. and Mrs. W. B. Belyea.

A Correspondent writes:—"Mr. J. F. Grant, Millman and Merchant, of Grand View, has men at work building a hybrid boat. It will be 150 feet long, and 17 feet wide. In low water it will be towed by four horses and in high water steam will be the motive power. It will draw not more than 18 inches of water when loaded; and will carry fifty tons of freight. The craft will ply between Fredericton and Danville, where Mr. Grant has a steam mill. He will freight his own laths deal, etc., down stream, and on the return trip carry supplies for the Valley Railway. She will be named "The Valley Railway," and will run on five days, float two flags, one at the bow, the Union Jack, in honor of George the Fifth, and at the stern the Stars and Stripes in honor of A. R. Gould. Mr. Grant is an enterprising man and has the money to back his ventures. He firmly believes his boat will be a paying investment from the start.

Baseball promoters are already mapping out plans to place a team in the new league that will equal, if not surpass the standard of the speedy nine that Woodstock has had in the past. It is understood that Houlton will enter the race this year, which will make much more interest, as the keenest rivalry exists between Houlton and Woodstock and games played will no doubt draw record breaking crowds."—Sentinel.

The Sentinel evidently received its information from some one who has not been connected with the financial end of running a ball team in Houlton. Base Ball has many enthusiastic supporters in Houlton, but under ordinary conditions it is absolutely impossible to have a team without paying out more money than is received. The last time a team was organized in Houlton the 25 men back of the Directors paid \$20 apiece from their pockets, besides putting in a great deal of time that meant dollars to them.

Professional Ball is a good thing but rather expensive for the promoters.—Arroostook Pioneer.

Baseball enthusiasts meet Wednesday evening and talked the baseball situation over, and there is more than a possibility that Woodstock will be again represented on the diamond this summer. One thing is certain if a league is formed the town will be in it. The gentlemen who were behind the team in past years have signified a willingness to go ahead at least one more season. In the meantime the citizens will be called upon to help out by the purchase of tickets that are now being distributed. If the people respond generously it will be the chief factor in starting things moving.

A committee was appointed to arrange a program of sports to be held at the trotting park, May 24th. There will be horse races and a ball game between local nines. Details will be given out later.
