

TWENTY YEARS.

Makes a great difference in most women. They are troubled with "nerves"—they suffer from backache, headache, sleeplessness, a sensation of irritability or twitching, hot flashes, dizzy spells, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Lotion Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age—upon the nerve and blood forming structures—may be too great for her strength. This is the time to take this restorative tonic and strength-giving nerve and regulator. For over forty years sold by druggists for woman's peculiar weaknesses and distressing ailments. *The one remedy so perfect in composition and so good in curative effects as to warrant its makers in printing its every ingredient on its outside wrapper. The one remedy which absolutely contains neither alcohol nor injurious or habit-forming drugs.*

Miss Scott.

Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks: "In the winter of 1908, I became greatly run down and irregular," writes Mrs. Henry Scott, of Swan Creek, Mich., Route 1, Box 40. "I slowly but surely grew worse, and, at last, resolved to apply to the doctors for help. The doctor said I had inflammation, enlargement and laceration. I was in bed eleven weeks and got no better. The doctor said I would have to have an operation, but so that I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I started to take this remedy I could not walk across the floor, but after I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for it I think I would have been dead—I really believe it saved my life. I feel better now than in twenty years."

BUY A FARM

In the West Florida Country, this is not the Florida that you have been reading so much about, but some five hundred miles from the much exploited and advertised country. This West Florida Country is High, Dry and Healthy, no extreme heat in the summer, nor cold in winters. Fruits, vegetables, figs and watermelons, satsuma oranges, fish and oysters are in abundance, eggs and chickens are extremely high, and this is a good climate to raise them in. This part of the world has never been advertised before for sale, and no extravagant literature is gotten out to show the enormous rowths to the public, but the growths are here just the same, with a climate seldom equalled and never excelled. Rheumatism, Catarrh and Tuberculosis are cured in numbers of instances. This land is extremely productive if properly handled. The majority of the native are too indifferent to cultivate the land, and prefer just enough to eke out an existence upon. We are offering lands in tracts of ten to one hundred acres at twenty dollars per acre. Three dollars per acre down and the balance at the rate of twenty-five cents per acre per month. Also we have some small and large improved farms, with all kinds of fruit, bearing, pecans, oranges, figs, etc., etc. No interest or taxes until entirely paid for, and if you miss a payment for thirty days you do not lose what you have paid in. Particulars may be obtained of the Charter Land Company, Pensacola, Florida. 3 mos-32.

Moving Pictures in Schools

The German schoolmaster may be trusted to make use of anything under the sun that will tend to increase the value of his instruction. He has gained a world wide reputation for his thoroughness and he has seldom gone amiss. For this reason it is interesting to read that the use of moving pictures in education has made much headway in the Fatherland, and that the Prussian ministry of education is much interested in the work. The cinematograph film will make an instant appeal as to its usefulness in the teaching of anatomical, biological, and bacteriological courses, especially in biology in secondary schools where the laboratory work must be greatly curtailed. In the lower grades it is possible to see in the moving picture a means to stimulate the interest of the pupils, a result greatly to be sought after. To the layman it looks as if the cinematograph may become as much of an institution in the school room as is the black board.

DYSPEPSIA AS IT BEGINS**This Stage Easily Cured**

The first symptoms of dyspepsia and indigestion give little indication of their subsequent seriousness.

One of the most common symptoms of stomach disorder is a sense of fullness or lightness after eating. This indicates that the stomach needs help. Belching of gas frequently follows, the tongue is coated, the bowels become irregular, until finally, in addition to the stomach distress, constipation adds its deadly influence in destroying health.

The treatment is simple and if employed promptly and reasonably persevered with, cure is speedy and permanent. Take Dr. Hamilton's Pills in full doses every second or third night, then three times a week, one pill at bed time.

The first effect of Dr. Hamilton's Pills is to excite activity of the liver and kidneys. This cleanses the system and prepares the stomach for vigorous work. Gastric juice is abundantly secreted, digestion of food and not its fermentation, marks stomach activity with total absence of gas and removal of other symptoms of perverted action.

For good health, vigorous appetite and the best digestion, use Dr. Hamilton's Pills. No other medicine will do so much good. Price 25c per box, at all dealers, or The Catarrhose Company, Kingston, Canada.

Her Apprehension

Thelma Smith, a little east side girl, has heard a great deal about the danger of contracting disease from handling articles belonging to others. She has been taught that she must not use the brushes and combs of other members of the family.

On one occasion the little tot was found industriously lathering her face with her father's shaving brush. She was duly reprimanded and told that she should know better.

"What will I catch, mamma—whiskers?" enquired Thelma, anxiously.—Kansas City Journal.

Don't Envy a Glorious Head of Hair

Your hair may not be as heavy as other women's, Young Lady; it may not radiate its lustrous splendor; it may not be free from dandruff; but that's no reason why you should worry.

In Paris all women who care have fascinating hair; in Canada all women, young ladies and girls who know about PARISIAN Sage have a wealth of brilliant hair and give credit where credit is due; to wonderful, delightful PARISIAN Sage, the ideal hair tonic, grower, dandruff remover and beautifier.

Sold by dealers everywhere for only 50 cents. E. W. Mair sells it on money back plan. It stops scalp itch instantly and preserves the natural color and beauty of the hair.

A Chicago pastor has started a school for prospective brides. The students will be taught cooking, sewing and other household duties, and thus be made more fit for married life. The founder of the school does not guarantee husbands for the pupils, and this is a wise step. If that were to be done the school would have to be enlarged right at the start.

SUFFERED

With Biliousness and Sick Headache

Calgary, Alberta, July 8, 1911

I was a great sufferer for a long time with Biliousness, Sick Headache and Liver trouble. Nothing seemed to do me any good. I had almost given up in despair when I decided to try

FIG PILLS

After taking about half a box the headaches stopped and my appetite improved. I have just finished the fifth box and feel as well as ever. I can heartily recommend Fig Pills for stomach and liver troubles.

Sold at all dealers in 25 and 50 cent boxes or mailed by The Fig Pill Co., St. Thomas, Ont.

BEWARE OF BLOOD-POISON**Zam-Buk Is a Sure Cure**

Mr. Jas. Davey, of 785 Ellice Avenue, Winnipeg, says:—"A few months since I was cured of a poisoned finger through the timely use of Zam-Buk."

"I cut a deep gash across the knuckle on the first finger of my right hand in opening a lobster can. I suffered at the time with the soreness and pain, but had no idea it would become a serious wound. However, in about two days I was greatly alarmed; as my whole hand and arm to the elbow became suddenly inflamed, and the finger was much discolored, showing signs of blood-poisoning. The pain was dreadful and I was forced to leave off my work and go home."

The wound on the knuckle had been poisoned by dust and dirt getting into it. I then decided to start the Zam-Buk treatment, and having first bathed the cut, I applied the healing balm. It soothed the pain almost instantly, and by next day there was a great improvement. "In a week's time, through perseverance with this wonderful preparation, a complete cure was brought about."

Zam-Buk is just as good for eczema, ulcers, scald sores, abscesses, piles, ringworm, boils, varicose ulcers, running sores, cold sores, chapped hands, etc. It draws all poisonous foulness from a wound or sore and then heals. Use it too, for cuts, burns, bruises and all skin injuries. Zam-Buk Soap should be used in conjunction to the balm for washing wounds and sore places. Excellent, too, for baby's bath.

All druggists and stores sell Zam-Buk at 50c box and Zam-Buk Soap at 25c tablet. Post free upon receipt of price from Zam-Buk Co., Toronto.

Some weather profits are predictable; a hard winter because "the feathers on geese born last spring are considerably ruffled; that ground hogs are digging deeper holes; that the trunks of trees are green with moss on the sides exposed to the north; that muskrats have already begun building; that corn husks are thick, with the stalks leaning to the west; that ducks and chickens are growing a bony substance on their feet; that toadstools on old logs have many wrinkles, and that owls have retired to the woods much earlier than usual."

MINARD'S LINIMENT CO., LTD.

Gentlemen—In July 1905 I was thrown from a road machine, injuring my hip and back badly and was obliged to use a crutch for 14 months. In Sept. 1906 Mr. Wm. Outridge of Lachute urged me to try MINARD'S LINIMENT, which I did with the most satisfactory results and today I am as well as ever in my life.

LIKE A GRIP AT THE THROAT.—For a disease that is not classed as fatal there is probably none which causes more terrible suffering than asthma. Sleep is impossible, the sufferer becomes exhausted and finally though the attack passes, is left in unceasing dread of its return. Dr. J. D. Kellogg's Asthma Remedy is a wonderful curative agent. It immediately relieves the restricted air passages, as thousands can testify. It is sold by dealers everywhere.

If a cloth is wet in vinegar and wrung out as dry as possible and wrapped around cheese, and the whole put in a large paper bag, then put in a cool place, it will retain the moisture of one freshly cut and will not mould.

COSTIVENESS AND ITS CURE.—When the excretory organs refuse to perform their functions, properly the intestines become clogged. This is known as costiveness and if neglected gives rise to dangerous complications. Paralee's Vegetable Pills will effect a speedy cure. At the first intimation of this ailment the sufferer should procure a packet of the pills and put himself under a course of treatment. The good effects of the pills will be almost immediately evident.

To prevent gravy in pies from running over, make a couple of little funnels of white paper and place these in the slits made in the pastry. This will allow the steam to escape, and there will be no loss of gravy.

RELIEF FOR THE DEPRESSED.—Physical and mental depression usually have their origin in a disordered state of the stomach and liver, as when these organs are deranged in their action the whole system is affected. Try Paralee's Vegetable Pills. They revive the digestive processes, act beneficially on the nerves and restore the spirits as no other pills will. They are cheap, simple and sure, and the effects are lasting.

For cake that has been stowed in the larder for some time, and has become dry and hard, try the following plan: Soak it for a minute in cold milk, and rebake it in a rather cool oven. It will then taste like new. Stale bread may be treated in the same way.

IT WILL CURE A COLD.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Electric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will stop the cough because it allays all irritation in the throat. Try it and prove it.

When tired of sweet jellies and jams, try lemon honey for sandwiches and tarts. Beat well together one cupful of sugar, one egg, and butter size of a walnut. Add juice and grated rind of one lemon. Stir well, put into a double boiler, cook slowly till thick, avoid stirring after it begins to cook. Add tiny pinch of salt.
