

Prescriptions

are orders from your doctor for certain ingredients to be made into a medicine.

Whether these are put up just as your doctor desires or in some hurried, careless way, will mean considerable as to the beneficial results obtained.

What's the use of having a doctor and getting the medicine unless you know it is filled up just as it should be?

Bring your prescriptions here. We are cranks on filling prescriptions exactly right.

This means more than we are exact on measurements and weights of the different ingredients. After the articles are weighed there is a right and a wrong way to mix them.

We are careful to mix them to secure the best results and don't dump them carelessly together.

Bring your prescriptions here, if you would be sure of getting the best possible results from your doctor's advice.

Subscriptions are pouring into the Sentinel office these days as the result of the work of the candidates in the contest. And these are not for a week or a month, but for a year or more.

Advertisers will be quick to appreciate what these long term subscriptions mean in permanency of connection between a paper and its readers. During the contest hundreds of such new subscribers are being added to the Sentinel's list and all of these are potential buyers from Sentinel advertisers.

The live advertiser will take advantage of this fast-increasing subscription, and of low advertising rates, to use space in the Sentinel and to make contracts for the coming year.

Rev. Charles Kirkland of Oldtown, Me., was one of the victims of the Titanic. He was in Woodstock a short time ago arranging some legal matters with Mr. Charles Comben, in connection with some property to which he had fallen heir in Scotland. He was returning when he met his death. Mrs. Alfred Kaye, of Waterville, was a sister of the deceased.

The band concert Tuesday night was listened to by a very large concourse of people. This is the first appearance of the band in a concert program since Prof. Herrick assumed charge, and the progress already made is an indication of that gentleman's ability to bring the band to a high state of efficiency. Mr. Ralph Herrick, a son of Prof. Herrick, is a cornet player who ranks among the best, and his solo number elicited much applause. It is the intention to give concerts each week during the summer. The night on which concert will be given will be announced as soon as decided upon.

Owing to pressure on our columns we are compelled to leave a lot of interesting local news out of this issue.

J. C. Rockwell's Sunny South Company played to a fair house Wednesday evening. The show was bright, funny, and had some exceptionally clever specialties.

It is rumored that a larrigan factory will be started here if satisfactory arrangements can be made as to site power, etc. The promoters are Fredericton men.

Arthur Burpee, manager of the brick yard, reports business exceedingly good this season. He has a number of orders booked for early shipment, in addition to orders for town delivery.

Mr. J. J. Cavanaugh, general agent for New Brunswick, of the Coquitlam Terminal and Townsite Company, Limited, is in town, a guest at the Carlisle. Coquitlam is to have the largest railway terminals in Pacific America; and for those who are interested in Western Canada Mr. Cavanaugh can present some very interesting and conclusive facts regarding the opportunities of Coquitlam.

Local fans are anxiously awaiting some announcement from Houlton and Woodstock as to what will be the line up of their teams. Both these clubs have been working somewhat in the dark, and there is every reason to believe that by May 24 they will be able to deliver the goods. Houlton always had a fine reputation as a baseball town, while Woodstock showed up exceptionally well in the Maine and N. B. League last season.—St. John Globe.

The attention of trout fishermen is called to the following order-in-council:

"No one shall fish for, catch, or kill in any of the waters of the Province, in one day by angling, or shall carry away a greater number of speckled trout or brook trout than in the aggregate shall weigh more than ten pounds, and no greater number than thirty speckled trout or brook trout, though said number weigh less than ten pounds."

There is an evil under the sun, not mentioned by Solomon, and it is this: that vocalists who normally are kind and humane creatures at heart, will persist in perpetrating screaming outrages on an unsuspecting public without the slightest compunction and evidently thinking they are conferring a pleasure and a favor. Why will songsters attempt numbers that call for notes not in their register and written in a larynx-straining key that makes for sour high notes with attendant discomfort for themselves as well as the listeners. Choirs and choruses are equally guilty with soloists in this respect—everybody seems to be doing it.—Ex.

The public generally will be interested to know that the name of the dredge W. S. Fielding has been changed, the lettering painted out, and that the craft is now known as Dredge No 1. This change for which it is presumed Hon. J. D. Hazen, minister of marine and fisheries, is responsible, has also been carried out with other vessels of the government service and it is noticeable that one of the small craft employed in the harbor dredging has been christened the Hazen. In view of the changes made it will be interesting to learn if the names of such important government steamers as the Lady Laurier are to be wiped out and something with more of a Tory tinge substituted.—Times-Star.

LOCAL AND GENERAL

Mrs. W. P. Jones entertained a number of friends at bridge on Friday evening, April 5. Mrs. W. S. Skillen won the first prize, Mrs. C. V. Wetmore, Sydney, the second and the booby fell to Mrs. T. F. Sprague.

At a recent meeting it was decided to have a Tag Day Wednesday, May 22nd. The "taggers" will be out in force and no doubt will be treated generously by the music loving public.

A PLEASING FUNCTION

The reception held in the Hayden-Gibson Theatre on Tuesday evening by the members of Victoria Chap. No 1, Order of the Eastern Star, was a brilliant success.

The guests were received by Mrs. William Loane, Mrs. Donald Munro, Mrs. John McLachlan, Mrs. James A. Gibson and Mr. D. W. Kyle. After the very appropriate address of welcome by Mr. Kyle, the Worthy Patron of the Chapter, the following program was rendered:

Piano Overture—Miss Maud Henderson
Violin solo (a)—Faust Waltz Gounod
(b)—"The Swan"
Reading—Miss Marley
Piano solo (a)—"Silver Spring"—Dr. William Mason
(b)—Etude Op 25 No 2,
(Whispering Winds)—Chopin
Cornet selection—Mr. Herrick
Solo (a)—"Esolden Eyes"—Amy Woodforde Finden
(b)—"Time Enough"—Ethelbert Nervin

Mrs. Geo. W. Gibson
The program was brought to a close by a very pretty drill by the officers of the O. E. S. whose white dresses and colored badges made a pleasing feature. A special mention should be made of Miss London whose difficult solos were played with brilliancy and ease also Miss Marley's readings given in a dainty and effective manner. Mr. Herrick made his first bow to a Woodstock audience and it was the unanimous opinion of all present that he is "some" cornetist. Mrs. Gibson who is always a favorite was never heard to better advantage, her solos were rendered with the highest art and were enthusiastically received by those present.

Much of the success of the program was due to Miss Henderson. Her overture was bright and sparkling, but special attention should be given to her technique and interpretation of one of Dr. Mason's most famous compositions "The Silver Spring." Her encore "Whispering Winds" was given with all the delicacy and lightness that the name suggests. Woodstock should be proud of this brilliant young pianist.

The evening's pleasure concluded with a dance and supper and everyone present pronounced the affair one of the most delightful of the season.

Mrs. W. E. Alexander, Highland avenue, Houlton, was at home on Thursday of last week in honor of Mrs. F. E. Powers of St. John. Everything was tastefully and prettily arranged in the way of decorations, white carnations, smilax and beautiful red roses having been selected to adorn the house, the result being that the pleasant rooms were made into a bower of beauty and loveliness; the rooms were darkened and artificial light used. In the receiving line were Mrs. W. E. Alexander, Mrs. E. F. Powers of St. John, Mrs. F. B. Carvell and Mrs. A. E. Jones, of Woodstock, N. B. The time named for receiving was from 4 to 6 and one would judge from the number coming and going from the Alexander house during these two hours, that the time was well improved by the townspeople generally.

Miss Elizabeth Shaw, Miss Marion Merritt and Miss Pauline Weiler served as ushers. Professor Lindsay presided at the piano during the reception and the music was of a high order. Refreshments of hot rolls, olives, jelly, chicken salad, potato croquettes, assorted cake, ice cream, tea, coffee, and bon bons were prettily served by Mrs. Ernest Alexander, Miss Mary Burpee and Miss Elaine Wilson. The serving table in the dining room was wreathed with smilax, while in the center was a very large and beautiful bouquet of dark red roses.

Mrs. W. E. Alexander wore a beautiful gown of light silk cut low, heavily trimmed with black silk fringe and jet trimmings; Mrs. E. F. Powers wore a magnificent gown of light blue chiffon over white and beautiful lace and spangled trimmings; Mrs. F. B. Carvell wore a charming heliotrope silk with beautiful lace trimmings; Mrs. A. E. Jones was gowned in black silk lace with handsome jet, lace and fringe trimmings. The affair was one of the prettiest to be held in Houlton for some time.
