FINAL RETURNS OF THE FEDERAL ELECTION SHOW THAT THE CANADIAN RURAL ELECTORS ARE STRONGLY LIBERAL

Revised Figures Give Conservatives Popular Majority of About 44,000 Votes—Ontario Vote the Decid- ing Element

Ottawa, Jan. 25.—That the coalition, Nationalist-Conservative government is dependent for its popular majority of 44,461 over the Liberal vote in the Dominion at the last election upon the urban vote, which is naturally protectionist, is apparent from an analysis of the final figures of the total vote as given out by the clerk of the crown in chancery yesterday.

These revised figures show a total government vote of 669,557, as compared with the total Liberal vote of 625,096. In addition there was a Labor vote of 1,742; a Socialist vote of 3,912, and an Independent vote of 7,177.

The Ontario vote was, of course, the deciding element. The Conservative majority in the province was 62,852; the maritime provinces gave a popular Liberal majority of 2,925; Quebec gave a Liberal majority of 5,021; the three prairie provinces a Liberal majority of 20,182; British Columbia a Conservative majority of 9,272.

Nova Scotia, New Brunswick, Quebec, Saskatchewan and Alberta went Liberal while P. E. Island, Ontario, Manitoba and British Columbia went Conservative.

Figures for all the urban centres are not yet available, but it is significant that the largest Conservative majorities are piled up in the cities.

Thus in Ontario the cities of Hamilton, Kingston, London, Ottawa, Toronto, (including South York, which is practically a part of Toronto), and Brantford account for 34,703 of the total Conservative majority of 62,852 throughout the province.

Figures now being compiled for the other cities and manufacturing centres in Ontario indicate that the total Conservative majority from this source will practically account for the whole government majority in the province, and for very considerably more than the total popu-

lar majority for the party throughout the country. Rural Ontario still remains faithful to the Liberal cause.

Taking the figures for cities in the other provinces so far available it is found that the government majority total aver 50,000, and this total will probably run up to over 75,000 on further analysis of the figures for the smaller cities, not included in the returns by ridings.

Montreal, of the larger cities, alone showed a Liberal majority, due principally to the victory of the labor candidate, Mr. Verville, of Maisonneuve, who won out with a majority of 2,205.

Toronto, including South York, gave a total Conservative majority of no less than 26,346. Winnipeg gave a Conservative majority of 4,705; Vancouver gave a Conservative majority of 3,256; Hamilton, 4,395; London, 1,911; Ottawa, 876; Calgary, nearly 3,000.

The most striking moral to be drawn from the figures thus far published is that rural Canada, constituting the largest part of the population, was in favor of the late government and its policy of free trade and low tariff taxation.

The total vote in the country was 1,397,484.

The figures exclusive of Independents, Laborites and Socialists are:

Ontario	269,950	207,078
Quebec	159,262	164,274
Nova Scotia	55,202	57,462
New Brunswick	38,880	40,192
Manitoba	40,356	34,781
British Columbia	25,622	16,350
P. E. Island	14,638	13,998
Saskatchewan	34,700	52,924
Alberta	29,675	37,208
Yukon	1,285	829

Totals 669,557 625,096

Acclamation—Ontario, Thunder Bay and Rainy River, Con; Welland, Lib; Quebec, Quebec East, Liberal; Two Mountains, Liberal.

WANT TARIFF ON POTATOES REMOVED

Boston Women Pass Strong
Resolution to Be For-
warded to the President.

Farmers of New Brunswick will be interested in a resolution passed by the Women's Homestead Association of Boston at a recent meeting demanding the removal of the tariff on potatoes imported into the United States and on butter and eggs from Canada. The resolution will be sent to the president of the United States and will voice the complaint of the workers in the large cities who are looking for a more generous supply of farm products.

The resolution read as follows:

Resolved: That the tax on imported potatoes of twenty-five cents per bushel be taken off. And, be it further resolved, that the tariff on butter and eggs from Canada be indefinitely suspended.

Be it further resolved: That the Women's Homestead Association demands protection from a paternal government to women who help create the wealth of the nation but have no vote in protecting them from organized Robber Trusts who fatten and thrive at the expense of industrial women of this country.

RICHESON HAS BEEN EXPELLED BY BAPTIST CHURCH

Name of Murderer of Avis
Linnell Expunged From
Church Membership Roll

Cambridge, Mass., Jan. 27.—Clarence V. Richeson, who is under sentence of death for the murder of his former sweetheart, Avis Linnell, was expelled last night from the Baptist church. At the regular monthly meeting of Emmanuel Church, at which Richeson was pastor at the time of his arrest, a motion for his expulsion, put by Edwin S. Watson, treasurer and presiding officer, was unanimously carried. The motion was voted that the right hand of fellowship be withdrawn from Clarence V. T. Richeson, and that his name be dropped from the church roll of members.

CONCEITED, POLITICAL PERPETUAL FAILURE

Writes Dismissed Officer
of Defeated Tory Can-
didate—There are
Others

To The Editor of The World.

Dear Sir:—I have been informed that Hon. Donald Morrison, the conceited political perpetual failure of Northumberland, stated, in connection with my dismissal from the Customs service here, that I was offered and refused an investigation into the charges on which my dismissal was based. If it is true that Mr. Morrison made such a statement, I wish to say publicly that it is a base falsehood. The truth is that I was dismissed on the false representations of Mr. Morrison and although I wrote and telegraphed the Commissioner of Customs I have not been allowed the privilege of an investigation. If this is the boasted British justice for which the windy Donald stands, it will not surprise a large proportion of the electorate!

Yours truly,
T. M. GAYNOR.

Chatham, Jan. 25, 1912.

Mr. Sherman Hoyt, foreman of construction N. B. Telephone Company, is repairing the line between Woodstock and Southampton.

HOT ATTACK BY A TORY ORGAN

The Renfrew Journal De-
nounces "Machine Poli-
tics" of Hon. J. D. Reid.
Severe Drubbing of the
Minister

OTTAWA, Jan. 28.—The Government seems to be determined to continue its policy of trying to keep Hon. George P. Graham out of Parliament this session regardless of all principles of fair play and political decency. The latest excuse offered for the non-issuing of the writ for South Renfrew, now delayed for nearly two months, is that it is desirable to have the bye-election on the new lists and according to law a period of sixty days must be allowed for revision. The technicality is, of course, a subterfuge as there is no valid excuse for not holding the election on the lists used last September.

REID AND COCHRANE.

The exploitation of machine politics in South Renfrew is in charge of Hon. J. D. Reid who is supported by Hon. Frank Cochrane in the effort to keep Mr. Graham out of Parliament at all costs. Their tactics are, however, of somewhat too gross a kind to be long successful. Failing the issuing of the writ without further delay, the Liberals in Parliament promise to make things so uncomfortable for the Government, and especially for the two Ministers most concerned, that they will soon be ready to capitulate. The blessing of a speedy prorogation which the Government now earnestly desires, will not be likely to materialize unless it shows a better disposition to "play fair."

WHOLESALE BRIBERY.

Meanwhile the real situation in South Renfrew is shown up by the last issue of the Renfrew Journal, the Conservative paper in the riding. In a hot editorial in the last issue The Journal severely criticizes the interference of Hon. J. D. Reid in the constituency and declares that his attempt at machine politics are resented by all decent men in the riding. It hints at wholesale bribery of the electors from the Government barrel and calls on Premier Borden to call off the opposition to Mr. Graham.

AT THE HEAD OF THE PROCESSION

The business of B. B. Manzer was established in 1878 and has now reached the third generation of proprietorship in its new owner Dr. G. B. Manzer. Doing business on so large a scale has made it possible for this store to travel at the head of the procession, and the people of the entire community are not slow to recognize that investments in lines carried by this firm are investments that are satisfactory.

The new manager is a man of recognized ability and because of his manner and methods a further advance movement will undoubtedly take place. A sale is now going on in which the entire stock is going at 20 per cent. discount, hence the people from all quarters. Goods are going at the closest figures which indicates that buying right always means selling right.

Their ad in this issue is a straightforward story that will appeal to all careful buyers.

The benefit dance given in the Hayden Gibson Theatre by Miss Maudie Henderson, on Friday evening last, was a most enjoyable and successful affair. The music, furnished by an orchestra was excellent and the floor in good condition. Refreshments were served at intermission.

February 19th will probably be the date of the big minstrel show.

BUILD UP THE HOME INDUSTRIES

(Sussex Record.)

Let us again repeat that there are scores of good investments to be made right in the Maritime Provinces. There are numerous sound manufacturing concerns who only want a little more capital to make extensive additions to their plants and thus give employment to hundreds of hands. If the people of the Maritime Provinces had been as liberal in supplying capital to home manufactures as they have been in assisting distant factories, through their investments in bank stocks and bond issues, we would be a more progressive section of the dominion than we are.

The great trouble with maritime province industries has been to raise sufficient capital to enable them to work to advantage. There have been scores of promising factories forced into the receivers hands because of the lack of funds. Hundreds of thousands, yes millions of dollars, have been lost by maritime province people in an effort to build industries hundreds of miles away from home.

We believe that the time has arrived when we should take Sir Byron Walker's advice and get in on the ground floor of our own possibilities.

Yours,
FOR RECIPROCITY.
Grand Manan, N. B.

A FISHERMAN'S VOICE

(St. Andrews Beacon.)

Mr. Editor:—As I listened to the "Flag Flappers" in our last contest, they told us we had plenty of market at home

for all we could produce. On the strength of that I bought \$5,000 worth of smoked herring to manufacture them into boneless herring. I did not look for a market until after I bought my stock. When I got ready to start, I sent out my circulars to Halifax, St. John, St. Stephen and your beautiful town.

From all of these towns I have received up to the present time orders for 15 boxes. Now, Mr. Editor, if it was not for the large market across the line that we refused to accept, I would be bankrupt.

Yours,
FOR RECIPROCITY.
Grand Manan, N. B.

ROMANCE OF TWO WOODSTOCK PERSONS

Boston, Mass., Jan. 25.—Thomas N. Gibert, of Woodstock, N. B. came to Boston a few days ago, and Mrs. Emma Hall Hamilton, also of Woodstock, came, too, giving the lie to those theories that romance is exclusively an attribute of youth, for they were following out the rules for eloping couples in quietly slipping away from their home town to get married. The nuptial knot was tied last night at Worcester, Mass.

Hamilton and her prospective husband went to Worcester, because Mrs. Hamilton's daughter, Mrs. Frank C. Munroe, lives near that city. Mr. and Mrs. Munroe accompanied the Woodstock couple to the residence of the Rev. Vincent Tomlinson, where the ceremony was performed. They will return to Woodstock directly to make their home.
