BUY A FARM

In the West Florida Country, this is not the Florida that you have
been reading so much about, but some five hundred miles from the
muchly exploited and advertised country. This West Florida Country is
High, Dry and Healthy, no extreme heat in the summer, nor cold in
winters. Fruits, vegetables, figs and watermelons, satsuma oranges, fish
and oysters are in abundance, eggs and chickens are extremely high, and
this is a good climate to raise them in. This part of the world has
never been advertised before for sale, and no extravagant literature is
gotten out to show the enormous growth to the public, but the growths
are here just the same, with a climate seldom equalled and never ex-
celled. Rheumatism, Catarrh and Tuberculosis are cured in numbers of
instances. This land is extremely productive if properly handled. The
majority of the native are too indifferent to cultivate the land, and pre-
fer just enough to eke out an existence upon. We are offering lands in
tracts of ten to one hundred acres at twenty dollars per acre. Three
dollars per acre down and the balance at the rate of twenty-five cents
per acre per month. Also we have some small and large improved
farms, with all kinds of fruit, bearing, pecans, oranges, figs, etc., etc.
No interest or taxes until entirely paid for, and if you miss a payment
for thirty days you do not lose what you have paid in. Particulars
may be obtained of the Charter Land Company, Pensacola, Florida.

RURAL NOTES

Mr. J. O. Duke of Ruthven in Es-
sex county has handled over 53,000
bushels of seed corn.

The Winnipeg Garden Club has ad-
opted the sweet pea as its official
flower. This flower is abundantly
grown here, and it grows in the most
luxuriant manner. Nearly every gar-
den in Winnipeg grows sweet peas,
and it is amazing to see to what an
extent the vines extend.

Nut culture is being attempted by
H. H. Clough, near Nelson, B. C. He
has planted English filbert, cobnuts,
English walnuts, American black wal-
nut, hickory, pecan and American
sweet chestnuts and the trees and
bushes are growing rapidly. Already
walnut trees, the seed of which was
planted in 1910, are three feet high,
which hickory has reached a height
of eighteen inches.

Twelve fig trees of six varieties have
been imported from England by W. J.
Sheppard, for experimental purposes
in Nelson, B. C., and district. Mr.
Sheppard states the fig trees grow out
of doors in the open and fruit ripens
without any protection in England as
far north as the Midland counties,
and he believes that they should suc-
ceed in this section.

MAN PAID \$220,000
FOR NEW APPETITE.

In gratitude for having restored his
appetite "Diamond Jim" Brady of
New York has given \$220,000 to John
Hopkins Hospital at Baltimore. After
suffering for nearly six months from
stomach trouble, during which he
could not indulge in the luxury of dry
toast without being savagely re-
venged during digestion, Brady was able
to sit down to his first big meal Thurs-
day night.

The menu served was cantaloupe,
cherry-stemmed clams, chicken gumbo,
(strained) sea bass, wine, broiled
squab turkey, string bean salad, de-
mitasse, cigars, champagne.

Dust causes Asthma.—Even a little
speck too small to see will lead to
agony which no words can describe.
The walls of the breathing tubes con-
tract and it seems as if the very life
must pass. From this condition Dr.
J. D. Kellogg's Asthma Remedy
brings the user to perfect rest and
health. It relieves the passages and
normal breathing is firmly estab-
lished again. Hundreds of testimonials
received annually prove its effective-
ness.

COW GETS "JAG ON"
FROM EATING ENSILAGE.

A cow with a jag is the latest dis-
covery by the Department of Agricul-
ture at Washington.

A Virginia husbandman, alarmed
by the indecorous performances of an
ordinarily perfectly respectable ani-
mal, after munching a ration of en-
silage, appealed to the sharps in the
department.

Investigation revealed that "tossy"
had feasted on fermented cornstalks
and has simply gotten drunk on raw
bourbon whiskey—that was all.

JOE JEANETTE WINS A VICTORY

New York, Aug 31.—Joe Jeanette, of
Hoboken, knocked out Griff Jones of Uti-
ca, in the second round of a scheduled ten
round contest at the Atlantic Athletic
Club last night. This is the fourth suc-
cessive bout in which Jeanette has made
his opponent take the count in the second
round.

In the 2.35 class Prince Baron, the slow-
stepping, easy-gaited and wonderfully
long-gaited gelding owned by Gallagher
Brothers of Woodstock, had things quite
easily his own way in three straight heats.
Moxie was a fair second. Blue John (so
called because he is a nice bay) driven by
Henry Rideout of Houlton, got away
rather slowly and was perhaps not quite
speedy enough for the field, but is a beau-
tiful driving horse. Jeff Bradbury's Hud-
son also went a good race.—Fairfield Re-
view.

Sherill Sherman, son of Vice-President
Sherman, performed a sensational feat in
golf at Auburn, N. Y., yesterday. He
holed out in two strokes of the fifth hole.
On the first stroke he drove 200 yards and
on his second he made a 230-yard million
shot that brought the ball on the green
and straight into the cup.

21 Consecutive Bulls Eyes

Ottawa, Aug 30.—Captain A W Hay,
of the 8th Royal Rifles, Quebec, won the
first stage of the coveted Governor-Gen-
eral's prize match, at 200, 500 and 600 yds,
at the D R A meet, with a possible of 105
points. Putting on 21 consecutive bulls
eyes, said to be a world's record score
over King's Ranges. This wonderful
score not only places Captain Hay in first
place in the lists of the first stage of com-
petition, but makes him high man in the
grand aggregate, with 391 points. In the
revolver shooting match, one of the most
difficult contests in the meet, P O Morton,
a sailor from the Niobe scored a possible
this morning. Lt J A Steele, of the 1st C
A S C, won the shoot off of the 45 ties
for the Harold L Holman special
challenge shield.

Pills of Attested Value.—Phar-
macee's Vegetable Pills are the result of
careful study of the properties of cer-
tain roots and herbs, and the action
of such as sedatives and laxatives on
the digestive apparatus. The success
the compounders have met with at-
tests the value of their work. These
pills have been recognized for many
years as the best cleansers of the
system that can be got. Their ex-
cellence was recognized from the
first and they grow more popular
daily.

John McGraw, leader of the Giant
modestly declines to talk much
the world's series. "If it is our luck
to have a hand in the series," said he,
"I can't see why we should find
Boston as tough as the Athletics
were. The two teams will be pretty
evenly balanced on batting, but I
don't see where their pitchers will
have anything on us. I've an idea
that we can get this fellow Wood,
though he must have blossomed into
a nice pitcher in the last year or so."

ENJOYING THE BEST OF HEALTH

"Fruit-a-tives" Cured His Rheumatism

Prof. J. F. Davis

I want to say to the people of Toronto
and elsewhere that "Fruit-a-tives" is my
only medicine and has been for the last
four years. Previous to that, I had
been very much troubled with
Rheumatism and Kidney Disease, and
had taken many remedies as well as
employing hot applications of salt bags
etc., without getting satisfactory results.
Noticing the advertisement of "Fruit-
a-tives", I adopted this treatment at-
tention and, as everybody knows, since
taking "Fruit-a-tives", I have been
enjoying the very best health and find
it a pleasure to follow my vocation of
Dancing and Department Instruction".

Prof. J. F. Davis, the celebrated teacher of
dancing and deportment in Toronto, is
quite frank in stating that "Fruit-a-
tives" alone cured him of distressing
Rheumatism and Kidney Trouble.

A REAL FUNERAL FOR HEROIC "TIGER."

Tige, the dog whose scratching on
the doors of hotel rooms in Chicago,
during a fire which threatened the
lives of the guests, will be buried
with ceremonies that would do credit
to any man. The body of the little
dog lies in a silver coffin in the hotel
where he proved himself a hero three
years ago. He will be taken to a
cemetery in a hearse and lowered into
a grave by mourners.

Since the fire at which he played
hero, Tige had had a bank account of
his own, and it is out of this account
that the expenses of the funeral will
be paid. A regular allowance was pro-
vided by his owner. Besides, this, he
was paid ten cents for every rat he
caught, and at the time of his death
these was accreted to him \$800. Out
of this fund his food was bought.

THIS IS UNGALLANT

(From the Montreal Gazette)
A well known society woman of
New York has created a sensation
among the elect at Newport by ap-
pearing in public in a white gown
and one black and one white stock-
ing. It now remains for some man to
come out in trousers with different
colored legs and thus wrest the
championship for lunacy from the
female sex. At present the males are
hopelessly in the rear as far as dress
goes.
