## TWENTY YEARS AGO

From Sentinel Columns of July 30th, 1892

Hot, 94 degrees.  
Hotter, 96 degrees.  
Hottest, 98 degrees.

David Jones showed us a potato dug from his garden the other morning, which measured by 7x10 inches—he says it may not be the earliest, but he thinks it is the biggest of the season.

Geo. Moore, Canterbury, did on Saturday last, what may safely be termed a big day's work. With two mowers, two horse rakes and a small crew of men, he cut down and put into cock, 45 tons of hay. George is a hustler and don't you forget it.

Miss Carrie Lawson, for some time secretary of the Lodge of Good Templars, was presented by the members of the lodge, Monday evening, with a beautiful dressing case. She took train for Halifax Tuesday morning, accompanying Mrs. Fleming. Miss Lawson was an earnest temperance worker and will be missed by the Woodstock Lodge.

The dedication of the new Roman Catholic Church, Richmond, will take place on the 12th August; the Bishop of St. John will conduct the solemn services; Rt. Rev. Mon. T. C. Connolly, V. G., will preach the dedicatory sermon. The sacrament of Confirmation will be administered in the afternoon of the same day. On the 8th August, confirmation will be administered in the new church, Canterbury Station.

The bridge contractors are finding a better foundation for the bridge piers, on the island, than anticipated. C. W. Betts, an old and experienced bridge constructor, and who has the contract for the piling, says it is the hardest foundation through which he ever undertook to drive piles. He comforts himself however, with the fact, that while his contract may not prove remunerative the public interests will be conserved by having the bridge placed on a foundation so solid.

### MRS. JOHN BENNETT.

On the afternoon of July 19th, 1912, many relatives and old neighbors assembled in the Victoria Corner cemetery and witnessed the laying away of the body of Mrs. John Bennett, formerly Mrs. R. S. Bowser, daughter of George and Catherine Davis. Mrs. Bennett was born Sept. 13th, 1836, at Victoria Corner, N. B.

By her first marriage there were three children, one daughter and two sons, G. A. Bowser, of Presque Isle, Me., and J. B. Bowser, of Victoria Corner, N. B.

Besides these there were seven grand-children and one brother William J. Davis of Waterville, N. B., and two sisters, Mrs. E. M. Boyer of Boston and Mrs. Edward Snow of California.

For the past six years her home has been with her son George, of Presque Isle, and here she passed out, laying down oilcloth. The sawdust to her eternal rest on the 18th July, makes a soft foundation for the oilcloth to lie on, and it prolongs its

In her past few years her suffering has been great because of the breaking down of the body, but dear to Divine Grace she was able to overcome and enter her rest with joy. Such a closing of a good long life as this, all the saints of God be glad to know. The funeral service was conducted at the home of her son in Presque Isle.

### HOUSEHOLD SUGGESTIONS

In a shirt-front or any other article has been scorched in ironing, lay it where the bright sunshine will fall directly on it, and the brown spot will disappear.

To take the color entirely out of a cotton dress after it has become somewhat faded boil the dress in cream of tartar water. A perfectly white dress results.

To clean lamp-glasses hold them over a jug of boiling water until well steamed, then polish with a dry duster. It is far less trouble than washing, and the glasses very rarely break.

In giving medicine in liquid form to a baby, place the point of the spoon containing the medicine against the roof of the mouth. Administered in this way it will be impossible for the child to choke or eject the medicine.

It is a good plan to sprinkle sawdust evenly on the boards before laying down oilcloth. The sawdust makes a soft foundation for the oilcloth to lie on, and it prolongs its

wear. For a damp floor it is especially recommended.

To remove cocoa stains from tablecloths and serviettes, wash in cold water first, and then boiling water should be poured through until the last vestige of the stain is gone. For spots made by coffee or tea, boiling water poured through will prove efficacious.

When the linoleum or floorcloth has been washed and thoroughly dried, make a little starch in a pint basin with boiling water and rub lightly over with a clean cloth. It will dry very brightly, without any further rubbing or polishing, and has the advantage of being glossy without being slippery.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.
