PITCHERS FEARED MORRIS

### PRESENTATION

A very pleasing function took place in the Sentinel office Saturday afternoon when Mr. S. L. Lynott, president of the local baseball association, was waited upon by a number of prominent fans and presented with a huge bouquet of Japanese roses.

Alderman Albert Edward Jones, headed the distinguished party and in a most eloquent and touching address voiced the feelings of the fans in their deep appreciation of the good work done by the president, both in providing victories and defeats on the field of battle during the season. He expressed the desire of the fans to see the president running bases and taking an active part on the diamond—he felt sure they would all be delighted to see him in action, as well as directing the business affairs of the club. The genial Alderman referred most touchingly to his active baseball days, of many years ago, and wished the president and other young members of the club every success in the baseball career that laid before them.

President Lynott replied briefly, expressing his thanks for the kindly feelings and the blushing roses.

The party then formed a circle and sang "Days That Are Gone Seem the Brightest," "Never again" and "Poor Casey Gets a Pension."

### Bob Ganley Suspended

Robert S. Ganley centre-fielder of the Fredericton Baseball Club, has been suspended indefinitely by the club management and has left for his home in Lowell, Mass. This suspension has been made on account of a very serious breach of discipline in St. John Saturday. This is the second occasion this year on which Bob has been suspended. The fans and every person interested in the Fredericton team greatly regret that Ganley has been removed from the team but the circumstances warrant such action. As a ball player Bob is all that can be desired but other facts enter into the matter and greatly lessen his value to the club.

### Players We Know

The Fredericton Gleaner says that Lee McElwee continues to play good ball for the fleene team in the Twin State League. He is now holding down third base; that Bellevue, who pitched for Woodstock in 1911, is now twirling for Greene; that Swasey with Bangor early this season, has joined the Northampton team, on which Tommy Parlee, with St. John Marathons in 1911, is playing second base. Swasey is playing left field; that Perley, with Bangor this year, and "Rube" Cram with Fredericton last year, are playing with Newport; that Cram lost his game against Northampton on Wednesday, allowing ten hits. He gave four bases on balls, but struck out eleven Perley playing left field had one hit; that "Kid" Ingalls pitched for Lynhurst against Hyannis on Tuesday and held that club to three hits. He was wild, however, giving seven bases on balls. He struck out ten and batted for a homer; that "Steve" White, who last year pitched for St. John in the Connecticut League with the New Haven team. He has been in ten games and is credited with seven wins and no defeats and leads the pitchers of the league; that Corey, who pitched with St.

John last year, is finding the going rocky with Portland in the New England League; and that George Wilson and Joe Neptune, two old N. B. and Maine League players, now with Lynn, still continue to play good ball.

### DIAMOND GLINTS

Throw the ball—don't hold it.

Only nine men can play on a team.

The Mars Hill team are pretty nifty ball players.

Ray Fewer can perform either in the outfield or the infield, and do good work.

That five-four game with Mars Hill was admittedly the best game of the season.

Walter Johnson, the Washington star, has placed nine shut-outs to his credit so far this season.

Six outside teams are asking for games in Woodstock, in spite of the dreadful picture of conditions drawn by the Houlton Times.

Enquiries are being made for the people who talked "local ball." Many have been conspicuous by their absence at the games.

Pitcher William Phillips, jr., the 20-year-old son of Manager "Whot Bill" Phillips, is working out with his father's Indianapolis team in the Federal League.

"Paddy" Kelly received some bruises in the Mars Hill game, that required medical attention. He is a hard-working consistent player and no one has anything on him stealing bases.

"Syndicate ball"—"the Umpire"—"The Secretary of the League" etc. are contributors to Fredericton's defeats. Game losers that Fredericton burch.

Florenceville has a good ball team well backed by the sporting element of that thriving village. The team has won a large percentage of games played. Coach Young has the team in charge and is developing some promising players.

President Hooper of the N. B. and Maine League is due for another outburst on what he will do to the "rowdy element." It is said that he was a prominent actor in the last fracas in Fredericton, and should be in a position to write entertainingly on the subject.

The sitting process has commenced and the St. John Marathons have drawn on the strong St. Croix team, taking McPherson and Pease and sending us Watt and Black in exchange. The change is not a popular one here but its part of the game.

There are some strange features in the ball game. Here is an illustration:—It has been almost impossible to get a team to play out-of-town games—as in the Houlton game when seven players were on hand. Some return games promised had to be abandoned for the reason that a team could not be brought together. BUT there are players galore to be had for home games, and the "grouch" is on deck when twenty players want to take part in a game that requires nine. And so it goes.

To "Jimmy" Long is due much of the baseball amusement furnished this season. He is deeply interested in the game and has given his time and attention freely in carrying out the many details in making a winning team. The members of the executive are under a deep debt of gratitude to him for his assistance and advice in carrying out the season's program.

The Woodstock Times is suffering from hysteria over the defeat of the Houlton team by Woodstock, and indulges in a lot of nasty insinuations that is not a very creditable exhibition of how to be a game loser.

There seems to be a general impression that the whine of "un-sportsmanlike behaviour," from the Times, is hardly consistent with facts that could be made plain by comparison along certain lines. Similar outbursts, against the Umpire, were heard from the same source last season during the league games.

### Fox Prices Slump

Those who have capitalized their fox farms at anywhere from \$5,000 to \$20,000 per pair of silver foxes can now sit down and feel sorry for themselves. Word comes from Edmonton that the price of live foxes has declined 50 per cent. during the last ten days, owing to the numerous shipments sent from Edmonton, Prince Albert, North Battleford and Winnipeg. There is now, it is said, no demand at all for red foxes, while first crosses are selling at \$100 each and the best silvers for \$1,500 to \$2,000 each. The market has been flooded with the live foxes brought down from the northwest. It is expected that the market will improve in the autumn.

Lincoln's Letter to Mrs. Bixby

Perhaps the most tragic eminence attained by one family in the United States civil war was that of the five sons of Mrs. Bixby, of Boston, who died on the field of battle. To her Lincoln wrote his famous letter, dated Washington, No. 21, 1864, in which he said:

"I feel how weak and fruitless must be any words of mine which would attempt to beguile you from a grief over a loss so overwhelming; but I cannot refrain from tendering to you the consolation that may be found in the thanks of the Republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement and leave only the cherished memory of the loved and lost and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom."

Minard's Liniment Cures Colds, Etc.

## COMFORT SOAP

"IT'S ALL RIGHT"

Clothes stay white if you treat them right. Use Comfort Soap.

POSITIVELY the LARGEST SALE IN CANADA

## The Damper Does It

When surplus gas accumulates in the Sunshine Furnace the automatic damper releases it into the smoke pipe. When pressure is relieved the damper closes automatically.

If you install a "Sunshine" you will never be troubled with furnace gas in your house.

NO ADMISSION FEE CHARGED. An Invitation is extended to everybody.

Single Fare Rates on the C.P.R. for Round Trip from McAdam to Andover inclusive and also from Houlton.

If the weather proves unfavorable, Picnic will be held first fine day following.

### Household Suggestions

A WASHING PREPARATION

A good washing preparation is made as follows: To one boiler of water take one heaping teaspoonful of borax, two each of ammonia and coal oil, plenty of good soap shaved fine and dissolved in hot water. Put the clothes in this while the water is cold, bring to a boil and let boil fifteen minutes. This does not injure the clothes, and will save labor.

### Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use Dr. Morse's Indian Root Pills.

## HUDSON BAY

### Fire Insurance Co. of Canada

LICENSED BY THE DOMINION GOVERNMENT
