On Friday evening, August 8, a few friends gathered together in the Glassville hotel to say goodbye to Mrs. W. Love and her family on the eve of their departure to British Columbia. For the past few years Mr. and Mrs. Love have been resident in the hotel, and their going away will be greatly missed by those who have been accustomed to make the hotel a home away from home as well as by many others in the locality. After supper the presentation of a gold watch was made to Mrs. Love as a souvenir of her residence in Glassville, on the receipt of which she returned her sincere thanks. The hotel has been taken over by Mr. and Mrs. A. Andrews, in whose hands it is hoped that it will be continuously prosperous.—Observer.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

All the Corns

In America Could be Ended This Week

If all people used what millions are using, there would be no corns next week. Every corn would be treated at once with a little Blue-jay plaster.

The pain would stop instantly. Then the B & B wax would gently loosen each corn. In 48 hours all the corns would come out.

You can prove this yourself in two days. Try a Blue-jay on that old, old corn.

Note how it acts without any discomfort. Note the absence of pain or soreness. The corn is completely forgotten.

Then note in two days how the whole corn lifts out.

Blue-jay keeps millions free from corns. When you stop paring—stop old-time treatments—you will have freedom too. And all people sometime will know this.

A in the picture is the soft B & B wax. It loosens the corn.
B stops the pain and keeps the wax from spreading.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

WOMEN CURED AT HOME

Women's disorders always yield from the very beginning of the treatment to the mild but effective action of Orange Lily. Within two or three days after commencing its use the improvement becomes noticeable, and this improvement continues until the patient is completely cured. Orange Lily is an applied or local treatment, and acts directly on the woman's organs, removing the congestion, toning and strengthening the nerves, and restoring perfect circulation in the diseased parts. In order to convince all suffering women of the value of this remedy, I will send a 35-cent box, enough for ten days' treatment, absolutely FREE to each lady sending me her address. MRS. FRANCES E. CURRAN, Windsor, Ont.
