FINAL DRAFT OF STATION SHEET

Methodist Conference Makes Few Changes—Those in Charge of Districts

Charlottetown, P. E. I., June 14—A breezy dispute on Sabbath observance enlivened the morning's session of the Methodist conference, following the report of the Sabbath observance committee, presented by Rev. Hugh Miller.

The assessment for supernumeraries' children will be made \$350, a reduction from last year of \$82. The final draft of the station sheet passed with the following change from the first draft: Exmouth street, St. John, S. Crisp.

St. John—H. E. Thomas, J. J. Pinkerton, Gilbert Earl. Fredericton—Neil McLaughlin, T. Hicks, Charles Fleming. Woodstock—William Penna, George Ayers, G. A. Ross. Chatham—Dr. Wm. Harrison, F. A. Wightman, J. A. Ives. Sackville—Samuel Howard, A. D. McCully, A. E. Chapman. St. Stephen—G. F. Dawson, R. Opie, T. S. Crisp. Charlottetown—Thomas Marshall, E. E. Styles, Jacob Heaney. Summerside—G. Mr. Crockett's Protest

Mr. F. B. Carvell, M.P., for Carleton, in a speech in parliament a few days ago, protested against the character of the work being done by the contractors for the St. John Valley Railway. He pointed out that the company which has the contract to build the road is to receive government subsidies and bond guarantees to the amount of \$31,400 per mile, whereas they are constructing a road which he thinks will not cost them more than \$25,000 a mile. Mr. Carvell figures it out that the company will make a clear profit of \$750,000 on the proposition. Mr. Carvell in support of his statement, was able to quote the following letter by Mr. O. S. Crockett, M.P., to the deputy minister of railways:

Fredericton, N.B., July 11, 1912. A. W. Campbell, C.E., Deputy Minister of Railways and Canals, Ottawa:

Construction is now proceeding on St. John and Quebec Railway location, which has been condemned by dominion inspecting engineer. Think you should intimate to company that location must be approved before construction is proceeded with and that your department will not consider itself bound in reference to subsidy by approval of local government. Understand there is no need of any seven degrees curve between here and St. John, yet company's plans show great number. There is one of them on one of the highest hills on the road within two miles of Fredericton, on which construction is now proceeding.

Mr. Crockett, in entering a protest to the railway department against the degrading of the road, no doubt felt that he was acting in the interests of the people whom he represents in parliament. As he is not a railway man and does not spend much of his time travelling over the right of way it is presumed that he

was given a tip by somebody familiar with what was going on. From what Mr. Carvell says it is to be assumed that Mr. Crockett's protest did not bear fruit.—F'ton Mail.

Mr. Carvell Here—

Mr. F. B. Carvell, the sturdy Liberal representative for Carleton in the House of Commons is in the city attending the supreme court. He is looking exceedingly well and is receiving hearty congratulations on the magnificent fight he put up in Parliament last session for the rights of the people. Mr. Carvell was on the firing line, during the entire session and gave the enemy no quarter and asked for none. Speaking of the naval bill he says that the Liberals would like very much to have an election on that issue, but are not very hopeful just now of having their wishes gratified.—F'ton Mail.

LOCAL AND PERSONAL

Mr. A. R. Foster, Bristol, was in town Saturday.

Parts of Chapel street will be improved with a new sidewalk.

The Reformed Baptist Alliance convenes at Beulah Camp Ground, June 25th.

Sydney Post: Mr. Hubie Mitchell of the bank of Montreal, Glace Bay, has been transferred to Woodstock, N.B., and left for there by last evening's express. During his stay in Glace Bay "Cupid" made many friends who sincerely regret his departure.

The dust nuisance has been almost intolerable during the past week, owing to the high winds. The street sprinkler is hardly able to give satisfactory service owing to the amount of territory to be covered. It has been suggested that road results might be accomplished by using the hydrants, with a hose adapted for the purpose.

Before Mr Justice Barry, Tuesday afternoon application was made on behalf of the St John & Quebec Railway Company by Mr P A Guthrie for an appointment for hearing on appeal in three cases from the County of Carleton. The appeal is being taken in each case from the finding of two arbitrators and are a few of the large number of cases that have been arbitrated in that county. The owners of the land in question are as follows: Robert Ernest McBride et al, John C Kennedy and L Berton Bedell. Mr Justice Barry fixed July 8th as the time for hearing the appeal.

The members and friends of the Reformed Baptist church gave a reception to their pastor and wife, Rev A. H. and Mrs. Trafton, on Monday evening. An enjoyable social evening was spent, after refreshments Mr. Nevers in a few kindly words of appreciation presented Mr. Trafton with a purse as a slight token of their esteem for the Reverend gentleman and his faithful wife. Rev. Mr. Trafton will attend the Alliance next week and later the meetings at Beulah Camp—Victoria Co. News.

'I don't believe in the so-called judgments of God,' said Rev. R. G. Fulton in his Sunday evening sermon, when referring to the fate of Belshazzar; 'such things are merely the logical results of the victim's conduct.' We hope Mr. Fulton will be selected to preach the Conference sermon next Sunday. He may startle some of the oldtimers out of the theological ruts they have been running in. Fancy what would have been the fate of a Methodist minister who had made such a doctrinal declaration a few years ago!—Chatham World.
