A FIREMAN'S PERIL

HOW ZAM-BUK DELIVERED HIM.

At 215 Fraser Ave., Edmonton, Alta., lives W. P. Mahy, a former member of the local fire brigade, who has wonderful cause to be thankful for the curative powers of Zam-Buk. He says: "A serious skin disease broke out on my face, and spread until I was in a terrible state. The spots and little ulcers were frightfully irritating, and yet when scratched or rubbed they bled and smarted. Shaving caused me agony, and sometimes I would have to go two weeks without a shave. I tried home-made remedies, herb salves, and various other preparations, but the sores got no better. When Zam-Buk was mentioned I had little faith that it would be able to do me any good. My case seemed such an obstinate one. I gave it a fair trial, however, and the first box made such a wonderful change for the better that it gave me encouragement to continue. I did so, and to cut a long story short, Zam-Buk, in the end, quite cured me. My face is now clear of all traces of the terrible disease, which troubled me for so long."

Thousands of sufferers from eczema, blood poison, ulcers, chronic sores, piles, ringworm, cold sores, cuts, burns and skin injuries, have been relieved and cured, as was Mr. Mahy, by Zam-Buk. As a balm for all skin injuries and diseases it is without equal. All druggists and stores at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

At New York on Sunday in a thirty minute clinic Dr. F. F. Friedmann's vaccine, which he claims is a sure for tuberculosis, was given a test in the presence of United States government officials. Seven cases were treated and are to remain under government inspection and upon their development will depend the official report.

"The Government is in a bad way" is the word that comes from a Conservative member at Ottawa. And that is no joke.

Woodstock Boy Wins Prize

(Motion Picture Magazine) We realize, now, that the puzzle that appeared on page 31 of the February issue was not fair to all our readers, inasmuch as the winner was to be the first who sent in the correct solution; because, if there were many correct solutions, the one arriving here first would win, whereas other correct solutions may have been mailed from some distant point at an earlier date and not arrive here till days later. Thus, the advantage

was all with Brooklynites. However, the winner hails from Woodstock, N. B., and his name is Stuart M. Bailey, of the Royal Bank of Canada. Perhaps Mr. Bailey owns an aeroplane? We can account for his agility in no other way. He has received his prize, and is now, no doubt, a happy banker. The correct answers are: "Costello, Joyce, Hotel, Buckley, Pickford, Pates, Myers, Mason, Anderson, Bushman, Robinson, Blackwell, Kerrigan, Walk-Wayne, Nesbitt, Normand, Hawley, Leonard and White," in the order given. While it is possible to spell out other names, only these can be counted as correct. We have not yet completed the task of tabulating the thousands of answers received, and, hence, cannot print the list of the successful guesses. We may say, however, that Mr. Bailey is far from being the only correct solver of the puzzle; and we hereby extend our thanks to the many who have taken so much pains to make this a successful contest. We hope they have derived so much pleasure from it as we have, and our only regret is that all could not be given prizes.

HEALTH

and vigor are the basis of profitable dairying and stock growing. Unthrifty stock is carried at a loss, and is a disgrace to the farmer. Immediate improvement in condition follows the use of

Prema Animal Regulator

the world's greatest conditioner for horses, cattle, sheep, hogs. It improves the appetite, strengthens the digestive system, puts the stock in shape to work hard or produce heavily. That brings satisfaction and profit.
