Fr. T. H. McNamara, who has been in Houlton during the past two years as Curate under Fr. Silke in St. Marys Parish, has been recalled to Massachusetts and started, Tuesday, for Boston. During his residence in Houlton he has made many warm friends who will regret his departure.

Mrs. A. G. Bailey entertained a number of her lady friends at bridge on Friday afternoon last. Mrs. Bailey was assisted by the Misses Marguerite Lamb, Mildred Carvell, Grace Jones and Mabel Lister. The prize winners were Mrs. Karl Daman, Mrs. T. F. Sprague and Mrs. B. Harry Smith.

Piano, Sewing Machine, Tailor-made Suit and Gold Watch will be given away by the Sentinel. Watch out next week for announcement.

THE FISHER MEMORIAL LIBRARY

LIBERAL MAJORITY IN ALBERTA WILL LIKELY BE 24

Edmonton, Alb., April 30.—According to final counts, the Liberals have a majority of twenty-two members over Conservatives in the new legislature. Seats which are definitely given to the liberals now numbering 38, while 16 have been given to conservatives. There are two deferred elections, Athabasca and Peace River which will probably return Liberals, increasing the liberals to forty.

In Edson Hon. C. W. Cross wins by majority of 27. Official count in Vermilion increases Sifton's majority by twenty, his final majority over the conservative candidate being 201. Final figures from Medicine Hat give Hon. C. R. Mitchell eight over Mayor Spencer. There are seventy-six ballots tied up and they have not been counted.

LOCAL AND GENERAL

The most economical way to make an absent friend think of you fifty-two times a year is to send him or her, the Sentinel for one year. Price one dollar in advance.

Mr. John Wallace, of the Sentinel staff, planted cucumber seed on Thursday and Monday following they were an inch above ground. This would appear to eclipse the record of all local gardeners.

We have been requested to state that the Hospital day celebration in the Connell Memorial Park, which was to have been held on July 1st, has been postponed until July 9th owing to the absence of the 67th Band at the Sussex Camp.

One of the best plays seen here for some time was the County Sheriff in Hayden-Gibson theatre Monday evening. A good audience was present and deep interest was taken in the clean and realistic drama presented by a capable company.

The people of Bloomfield and surrounding country will be favored with a concert in Bloomfield Hall by the Salvation Army Band from Woodstock, Monday night, May 5th. Good music and singing. The Wilcox sisters will be there. Tickets 20 and 15 cts. Be sure and turn out in full force.

The prospects of a local base ball league in this town are beginning to look brighter. The Elks Club are already selecting players for their team, Co. L. has already begun practice and are showing some good material. The Moose Club team will begin practice this week, and with out doubt some good enjoyable games will result.—Houlton Times.

Owners of autos are afraid to venture far from town with their machines on account of the condition of the roads, which have never been so bad in the history of this section of the country. Two cars came to grief Sunday quite a distance from town and the occupants were compelled to abandon them and walk to town. Repairs were made and the cars brought in next day.

John W. Reid, of Centerville, will receive \$150 an acre for his land used by the St. John and Quebec railway. Land values are evidently advancing along the line of railway, as offers of \$15.00 an acre were the best that could be obtained in this vicinity until arbitration proceedings were taken and owners were awarded a fair price. Patrick Corbett and John Connors acted for the railway in the Reid case.

The contract for the Agricultural School and Fisher Memorial Library has been awarded to J. Fred Ryan of Fredericton. It is understood that the work will commence at once. The design of the buildings is said to be very plain—the idea being to have them substantial, rather than having architectural features that would indicate any lavishness in the expenditure of money.

JOB PRINTING is a fine art and is so recognized by the business or professional man who is careful about his business. That is why the **JOB PRINTING** department of the Sentinel has become a leader among the printing plants in the country. We have careful and competent printers who make **JOB PRINTING** a study. New ideas are studied and practised and just as much pains are taken in turning out a small job as a large one. Come in and see our samples.

In line with the principles of rigid economy instituted by the present management of the Bangor & Aroostook company the new private car purchased a year or two ago by the company for the use of former President Cram, has been sold to the Canadian government and has been sent to Ottawa.—Houlton paper.

Local buyers are paying \$1.10 for potatoes or what little stock is coming in, but owing to the almost impassable condition of the roads few are being hauled.—Houlton Times.

LOCAL AND GENERAL

The Ladies Auxiliary A. O. H., extend a cordial invitation to their friends to a social dance, Wednesday evening, May 7th.

Bobby Black, the former Woodstock outfielder, has written to Mr. Donald about a place with the Marathons this season, and it is likely that he will be taken on by Mr. Leonard.

From the police court records and appearances about town during the week, the insanity juke has been dealt out with a lavish hand. The police have been in almost constant demand, and an extra man was put on night duty.

Two young men were fined in the police court Monday morning as the result of a fracas Sunday night in which Policeman McCarron was roughly handled. After considerable trouble the officer landed one man in jail. The seance cost the participants about \$20 each. A third offender, who was also concerned in the scrap, was tried Wednesday and was fined \$40 or three months in jail. He appealed.

In a great many cases of measles and mild scarlet fever, the parents do not take the precautions they should. They often do not call in a doctor because they don't want to be bothered with quarantine or interference on the part of the authorities, where they think the matter not serious. But measles is far more serious than most people imagine and it is a fallacy that every child should have it once, said a doctor. In New York more children die from measles than from scarlet fever.

Ex-Ald. P. A. Guthrie returned from St. John last night where he defended Mr. Denmore W. Ross in the case of the Bank of Nova Scotia vs Denmore W. Ross, which was heard before Hon Justice White yesterday afternoon on application of the plaintiff to set aside an appearance entered for the defendant and sign summary judgment. The action is sought to recover \$15,000 on a written guarantee given by the defendant as a director of the Peel Lumber Company, now insolvent to the bank. The application was opposed on the ground that the guarantee was obtained on fraud. His honor will decide today whether or not he will hear further affidavits.—Gleaner.

The police are at a loss to understand the odd behaviour of a man who reported that he had been held up and robbed while in town, Tuesday. After a vain effort to find the "small colored man and a large white man," as described by complainant, the police decided that, if he had any money to lose, it might be found by looking in some other direction. The story as told caused a flutter of excitement around town, and the "victim" of bold robbers was an object of much sympathetic attention. If the hero of the adventure attempts a similar performance the guardians of the peace may ask him some embarrassing questions as to the haunts he frequents during his tour of the town.
