#### Starvation Amid Plenty

NOT UNCOMMON TO-DAY—THE REASON IS EXPLAINED.

"For a period last summer the thought of food excited feelings of nausea," writes Mrs. C. A. Dodge, of Bloomsbury. "The heat had made me listless and the distaste for food reduced me to a condition of semi-starvation and brought me to the verge of nervous collapse. Tonics were useless to restore an active desire for food. The doctors told me my liver and kidneys were both at fault, but the medicines they gave me were too severe and reduced by strength so that I had to abandon them. At the suggestion of a friend who had been cured of blood and skin trouble, I began the use of Dr. Hamilton's Pills. The difference I first noticed was, that while they cleansed the system, instead of feeling weaker I felt better after taking them. Indeed their activity was so mild it was easy to forget I had taken them at all; they seemed to go right to the liver, and in a very brief time not only did all source of nausea disappear but I began to crave food and I digested it reasonably well. Then I began to put on weight until within three months I was brought to a condition of good health. I urge Dr. Hamilton's Pills for all who are in poor health."

#### The Old Home Town Paper

When the evenin' shade is fallin' at the end o' the day,

An' a feller rests from labor, smokin' at his pipe of clay,

There's nothin' does him so much good, be fortune up or down,

As the little country paper from his Old Home Town.

It ain't a thing of beauty and its print ain't always clean, But it straightens out his temper when a fellow's feeling mean;

It takes the wrinkles off his face an' brushes off the frown,

That little country paper from his Old Home Town.

It tells of all the parties an' the balls on Pumpkin Row,

'Bout who spent Sunday with who's girl, an' how the crops 'll grow,

An' how it keeps a feller posted 'bout who's up and who's down,

That little country paper from his Old Home Town.

Now, I like to read the dailies an' the story papers, too; An' at times the yaller novels an' some other trash—don't you? But when I want some reading that'll brush away a frown, I want the little country paper from my Old Home Town.

#### Aching Lumbago Backs Are Quickly Helped and Permanently Cured

RELEASE, YES, AND A CURE FOR LUMBAGO IS NOW KNOWN YOU CAN EASILY PROVE THIS.

To cure Lumbago—surely it's a good thing to know how. This information meant to Jno. E. Neave the difference between invalidism and robust health. Writing from his home near Cornwall, he says:—"A severe and prolonged attack of Lumbago in my youth rendered me at all times liable to aches in the back and loins. So established became the predisposition, and so frequent the attacks, I confess I accepted the condition as my particular weakness to be borne with as much composure as any evil circumstance might permit. One day an unusually bad attack developed, and unfortunately there was no medicine of any kind in the house. I sent to a neighbor for help and received with a strong recommendation a bottle of Nerviline. My friend was surprised we didn't use Nerviline, saying that they found use for it in their family almost every day. So quickly did Nerviline check the attack, and so grateful was the relief, that I was in a day on the high road to recovery. I have cured my tendency to Lumbago with Nerviline, and consider it the most powerful pain-subduing liniment ever made."

For curing colds, hoarseness, tight chest and winter ills Nerviline is a marvel; as for Lumbago, Sciatica and Rheumatism, Nerviline is considered to be without a peer. In the home it

is especially valuable, because it cures cramps in half a minute, stops nausea, controls vomiting and upset stomach. For internal or external use, wherever there is pain, apply Nerviline. Get the 50c. family size bottle; trial size 25c., at all storekeepers and druggists, or The Catarrh Co., Buffalo, N. Y.

#### Couldn't Breathe Through His Nose Stuffed With Catarrh

CATARRHOZONE INHALER THE ONE MEANS OF RELIEF, AND IT CURES QUICKLY.

The extraordinary efficacy of Catarrhzone is without a parallel. A sneezing cold is cured in ten minutes, a harsh cough is eased in an hour, the most offensive catarrh is thoroughly drawn from the system. In case of asthma and bronchitis the relief and certain cure that comes from the healing balsamic extracts in Catarrhzone is simply wonderful.

"For more than twenty years I suffered with a cough, bronchitis, asthma, and nasal catarrh," writes J. F. Fenwick, of Staunton P. O. "Every attack I had seemed to grow worse and I could hardly breathe on account of an accumulation of phlegm in the nose and throat. One day I tried Catarrhzone and in ten minutes was wonderfully relieved. I could breathe freely and naturally through the nose, and blood spitting was stopped—the phlegm was cleared away and my regular breathing restored. No remedy can do more than Catarrhzone."

There is no remedy so certain and safe as Catarrhzone, but being a good remedy it is imitated. Beware of the substitute. Large Catarrhzone lasts two months, price \$1.00. Smaller sizes 25c. and 50c. At all storekeepers and druggists, or The Catarrh Co., Buffalo, N. Y., and Kingston, Canada.

#### Good Things

##### WHOOPIING COUGH.

Many persons regard whooping cough as tedious and annoying, but quite without serious importance. Unfortunately that mistake often leads to the neglect of the disease itself and the failure to isolate the patient properly. Recent statistics show that of the children under one year of age who have whooping cough, one in four dies. The mortality decreases rapidly with advancing age, and at five years of age, only one patient in fifty dies. Ten thousand children die of this disease every year in the United States.

Even when whooping cough does not result fatally, it is still to be dreaded, for it may be followed by consumption, since the patient's power of resistance are often greatly weakened by the violent and exhausting cough.

The disease is highly contagious, although the offending germ has not yet been discovered. Consequently, the mother or the nurse of a child with whooping cough ought never to take it into public conveyances, or to entertainments, or send it to school or to church—anywhere in short, where it will expose other children to the infection.

The disease begins like a simple cold in the head that rapidly goes to the chest. The cough is at first short and sharp, but gradually increases in severity and occurs in paroxysms. At the end of one of these attacks the air is pumped completely out of the lungs, and the child feels that he must take a deep breath at once. But now a spasm of the larynx occurs, and only a small opening is left for the air to enter. Through this opening the child draws his eager breath, and thus makes the peculiar noise or "whoop" that gives the disease its name.

Often vomiting follows a severe attack of coughing, and sometimes there is nosebleed or hemorrhage from the throat or into the eyes. Never neglect the treatment of

whooping cough. At present we know of no cure for the disease, but the child should always be under the care of a physician, who can do much to mitigate the severity of the cough, and to prevent serious complications.

##### HOT WATER FOR ACHING FEET.

Hot salt water is a sovereign remedy for aching limbs caused by standing too much on the feet, or too prolonged walking, also for tired arms, hands and limbs after continued exertion or strain. The water should be as hot as can well be borne without discomfort, and have plenty of salt in it; but too strong salt water will make the flesh itch and burn.

For a sprained ankle, bathe in hot salt water for half an hour, renewing the heat as it cools, wrap in flannel, and repeat the hot bath in three or four hours until relieved.

#### BE A CHARMING WOMAN

You never saw a beautiful woman who didn't have beautiful hair. The charms of a beautiful woman lie in her hair. Many women do not realize the attractions they possess because they do not give proper attention to the hair.

The women of the "400" are famed for their beauty, not because their facial features are superior to those of other women, but because they know how to keep young by supplying vigor, lustre, and strength to the hair.

Up to a few years ago PARISIAN Sage could hardly be obtained in Canada. But now this delightful hair restorer can be had in every town. E. W. Mair sells it in Woodstock for 50 cents a bottle, and guarantees it to grow beautiful, luxuriant hair; to stop falling hair, eradicate dandruff.
