All change of advertisements must be in not later than Wednesday at twelve o'clock.

Correspondence must be in the office by Wednesday at twelve o'clock to ensure publication that week.

FRIDAY, MAY 9th, 1913.

BE CAREFUL IN THE WOODS

This is about the time each year that the forest fires begin to break out, and thousands of dollars of damage is done to the timber land. Much of this damage could be avoided and many valuable trees saved if due precaution were taken by those who go into the woods to fish or to hunt. The careless dropping of a lighted cigar, or throwing away a match after using, has caused many damaging fires. Every man or boy who goes into the woods should feel that he is a privileged person and that upon him depends much of the safety of the woods through which he roams and from which he can derive so much pleasure. He should feel a personal responsibility for the care of the timberland.

Be careful when you go into the woods. Leave your pipe at home, or be sure that you have dropped no sparks from it, or that your match has been properly extinguished before you throw it down. It will cost you nothing to be careful. It will cost the province and individuals thousands of dollars if you are not careful.

DR. PUGSLEY AND MR. HAZEN.

(Fredericton Mail)

St. John people are calling public meetings and protesting against the inaction of the government with respect to adequate wharf accommodation. Where is the wonderful Mr. Hazen? Why does he not take the same interest in the port of New Brunswick's metropolis as Hon. Wm. Pugsley did when he was in the Liberal government. At all times and in every place whether in parliament or the Council Chamber Dr. Pugsley worked for the interests of St. John and New Brunswick. There was no need of public meetings to protest against inaction when he was in power. He not only gave the people what they asked for but he was planning always to increase the progress and prosperity of the city where he lived and which he represented. He was laughed at when he first spoke of the development of Courtenay Bay and to day the Conservatives are eager to claim the credit for the great works and the expenditure of millions of dollars all of which resulted from the plans foresight, courage and loyalty of Hon. William Pugsley. He left everything ready for the signature of the government that succeeded the administration of which he was a member and it was months later before the contract was made.

That was due to inaction or lack of influence on the part of Hon. Mr. Hazen who went further and struck a blow at the progress of St. John by refusing to accept the Cammell-Laird tender for the construction of naval vessels at St. John, returning the deposit this great English shipbuilding firm had made and ignoring the recommendation left by the Liberal government. Surely that nationalist compact made by Borden with Bourassa was a dear bargain for St. John.

More than that it was a great blow to New Brunswick. What the developing of a great ship building plant at St. John would have meant to the whole of New Brunswick is hard to say. The iron from Gloucester the coal from Grand Lake, the skill and knowledge of the best craftsmen would have been utilized. It was not to be however. Mr. Hazen was not strong enough. He is a great show window for the Borden Government and that's about all. The public meeting of protest in St. John would never have been held had Hon. Wm. Pugsley remained in power.

The rejoicing of Conservative newspapers over the opening of United States markets to Canadian goods by the lowering of duties through the proposed new tariff draws this comment from the New York Times: "In other words trade with the Yankee is treason to England only when it is the result of a fair bargain. It is loyal to take profits on sales to the United States, but it would be disloyal to take profits on purchases from the United States."

The news of the death of Mr. Oliver R. Hemphill, of Debec, was received with profound regret. He was a man of great kindness of heart, a firm friend and an obliging and helpful neighbor and held in the highest regard by all who knew him. He was ever ready to be of service and assistance to others and he will be pleasantly remembered by all with whom he was ever associated.

In making any new deal concerning the Imperial Packing Company the Council will be able to draw valuable lessons from past experiences. That gift of \$5000 ought to possess great significance to the citizens.

The dandelion crop is not a failure and one of the best spring dishes in the world comes cheap to those who are willing to gather the crop, and who know how to handle it after it is gathered.

The kill-joy insists that there will be a heavy snow fall to pay up for the good weather of the present. Why not enjoy things as they come, without spoiling them by anticipation?

The genial John Barleycorn reigned supreme last week. Some other avenue of attack will have to be considered to put him out of business.

The philosophical fisherman knows how to extract pleasure from the outing whether he gets any fish or not. And the average angler should go prepared to do that.

It is suggested that the town council make an investigation to substantiate or disprove the assertions that certain town bequests are not properly administered.

It would appear that there are many children in town who do not attend school. The compulsory attendance laws are adequate but are poorly enforced.

May came in with the sweetest kind of a smile. But there will be some tears and some chills before the month ends if it is anything like the average May.

Coun. Gallagher to Inspector Colpitts:—"I said the enforcement of the Scott Act was a farce and I say it again, and everyone knows it." No hedging in this statement.

That the wider markets question is still a live one with the western farmer is amply evidenced by the Alberta election results.—Saskatoon Phoenix.

The lawn mower is a good thing, and it will very soon be time to push it along.

The trouble seems to be that the Scott Act isn't.

Inspector Colpitts spoke right out in "meetin'".

It will do to take 'em off now.

The street sprinkler is busy.

A fine growing time.

Quite summery.

FREE SPEECH AND THE PEOPLE'S LIBERTIES

Ottawa, May 1st, 1913.

To the Liberals of New Brunswick, Efficient organization is the key-stone of success in business or politics. The recognition of this fact and the request to their supporters to join in sharing the necessary expense brought success to the Democratic leaders and their Party in the United States presidential elections last year. The funds for legitimate party purposes such as organization, printing, publicity and travelling expenses were raised by a popular subscription.

The Liberals of New Brunswick are in need of more thorough organization, of committee work, and wider distribution of party literature, for which purposes a considerable sum of money will be required. We believe all loyal supporters of the Party will be ready and willing to subscribe to such a fund and we ask them to do so.

The Liberals are to-day fighting in the House of Commons for free speech and the people's liberties. We do not know how soon they may be called upon to struggle for their rights at the polls.

We must be ready. The Liberal Party must be ready and the only way to be prepared is to organize.

In asking the financial assistance of Liberals for that purpose we are inviting every member of the Party

to co-operate and stand shoulder to shoulder with us in this memorable struggle. We neither expect nor desire assistance from the Trusts, or wealthy Corporations, whose interests may clash with the interests of common people, and this appeal is therefore made to the masses of the electorate, who desire to maintain the Rights of the people. It is far more desirable in the interests of the Party that the subscriptions should be general coming from every parish in the Province, in other words, that there should be a large number of subscribers for small amounts rather than a small number of subscriptions for large amounts.

Subscriptions for any amount from One Dollar and upwards will be received by those in the different Polling Districts in the Parishes who are authorized to do so, as well as by the County treasurers, who will forward all amounts they receive directly, as well as those from parish collectors, to the Provincial Treasurer, St. John, N. B., who will acknowledge the same.

The funds collected will be expended under the direction of the undersigned Provincial Committee representing the Liberal Members from New Brunswick in the House of Commons, and subject to the audit of Henry E. Hill of St. Stephen. Dr. J. P. Curtis, of Hartland, has been appointed treasurer for Carleton Co.

H. R. EMMERSON,
F. B. CARVELL,
O. TURGEON.

TOWN PARLIAMENT

(Continued from first page.)

The Chief of Police was asked to enforce the bye-law relating to riding bicycles on the side walks.

Supt. Fields was instructed to report next meeting on sewers needed on portions of Connell Street and Wellington Ward.

Coun. Gallagher—Why is \$10. only, the amount of license reported as paid by Bijou? It was made \$20. some time ago. Why was it not collected?

Coun. Lindsay—I am satisfied \$20. is excessive.

Coun. Gallagher—The resolution making it \$20. was moved by Coun. Lindsay. It he wanted it retined why was it not done.

Coun. Lindsay—I forgot it.

The Marshall was given 10 per cent on dog taxes and instructed to collect on all canines.

The Supt. of Streets was instructed to read the bye-law to persons putting wagons on the part of Main street between Savages stable and the station.

Coun. Jones moved that the Electric Light committee be given power to place 3 or 4 incandescant lights on the south side of the bridge and see what arrangement and on what terms the system can be charged to incandescant lights.

Coun. Gallagher—moved that street employees be paid every two weeks.

Coun. Gallagher moved that Supt. Fields be paid \$25.00 a month, in addition to present salary, while permanent street work is going on.

Carried.

Adjourned to meet Friday at 8 o'clock.

Send in your Nomination.

OBITUARY

MRS. CATHERINE LINGLEY

The death of Catherine Munro, widow of George R. Lingley, took place Monday at her home, Duke St., St. John. She was born in St. John and has been a lifelong resident of the city. She is survived by two sons, William S., of Montreal; and Arthur, of Butte, Montana, and three daughters, Mrs. S. R. Fair, Butte; Mrs. E. R. Teed of Woodstock, and Miss Alice Lingley, of the St. John High school staff. The funeral took place Wednesday afternoon from her late residence where services were held.

MARRIED

At Grafton, by Rev. A. C. Berrie, on Wednesday, May 7, Theodore R. Shaw to Susie J. Downey, both of Hartland.
