

From India for strength,
From Ceylon for flavour,
Comes this mellow blend
For your certain approval.
Morse's Tea.

"NICE PLACE TO LIVE, BUT GO WEST FOR START IN LIFE" So Says Returned Eastern Man

I noticed an article in your paper last week, it was taken from a letter written by some one in the West to a friend in Woodstock, N. B. It is one-side of the story. He says this colonization scheme is a colossal fraud. Now friends I am a Canadian born and bred, was born in this Province and have lived here most of my life. This is a very nice place to live in, but how many of our young men have had to go to the States or the Canadian West to make a start in life. There are people that are not satisfied with barely enough to eat and wear, they would like to lay by a little for a rainy day.

I happened to be in the West last fall, went out on that harvest excursion, and I can truly say that the half has not been told of that grand and wonderful country. Of course there are lots of the new settlers not any too well off, but that is the case in every newly settled country. There will be lots of room in the West for new settlers these many years to come.

At the present time, in the province of Saskatchewan alone, there is only fifteen per cent. of the land yet under cultivation, what will be the result when it is all under cultivation? Why they will have to bring help from other countries let alone Eastern Canada.

Last year the Western farmers could not get enough of help, I could have hired fifty times before I got to my destination. Don't worry about the West friends, nothing can keep it back. I would like to see the East going ahead as fast.

Take Saskatoon and its only one of the many new cities in the West, only about nine years old, with a population of 35,000. The people in the West are not building cities for fun, they can see a glorious future ahead of them. I know of several parties who left here and went West to see what it was like. Did they come East to farm again? No they sold their farms here for what they could get and are now doing well in the West. For my part I would say to any young man who wants to see the Great Northwest for himself, it's worth your while even if you have to walk back.

R. J. GENDALL.

Report of Saturday Evening Meeting

SUMMERSIDE W. C. T. U. CONVENTION.

Opening Hymn—All Around the World.

Prayer—Rev. J. M. Rice.

President Strong presented greetings of Summerside Union.

Rev. J. M. Rice gave greetings from Pastors of the town.

Address by Rev. R. O. Morse emphasizing the question "Are we reaching those we ought to reach?"

Mrs. Lindow replied to address of welcome.

Mrs. Deborah Knox Livingston expressed her appreciation of this beautiful island and of the courtesy of the people. Then followed the

Winnipeg, Sept. 16—Statistics of the new crop now rolling eastward in a mighty wave are most gratifying. On today's market were, 1,445 cars of wheat, 21 of which graded No. 1 hard, 954, No. 1 Northern and 1,273 of contract grade or about 87 per cent of the total. No country in the world can show a crop of such a splendid quality. Western Canada itself has never equalled this. With 1,000 cars in sight tomorrow receipts promise to be quite as heavy.

The remainder will be divided between St. Mary's church of Houlton and St. Dunstan's parish of Fredericton, which are made redimentary legatees.

TWENTY YEARS AGO

From the Sentinel
October 7th, 1893

The C. P. R. has obtained a lease of the Tobique Valley railway and will put on new rolling stock and begin the transportation of plaster. F. Moore & Son have contracted with the Tobique Plaster Company to build them a mill at Plaster Rock, with a capacity of 60 tons a day.

The 129 head of Ontario cattle exhibited at the World's Fair, won \$4,791 in prizes, and the horse prizes secured by the Province amounted to \$800.

There will be no election in town for Councillors, Tuesday; the old members, Messrs. D. Munro, John Fisher and W. S. Saunders, have no opposition.

A. E. Kuppey has his new factory, at Andover, well under way. It is 108 feet long and 40 feet wide, and is located on the bank of the river a little below the site of his burned factory.

Thomas McGrath, an old employee on the C. P. R., while stepping from a car at McAdam Junction, was struck by a shunting engine and knocked down, the car wheels crushing both legs just above the ankles. On Monday, the doctors attempted amputation, but the patient died under the operation.

Joseph Vanwart, more familiarly known as "Uncle Josey," one of the most aged of our citizens, and a man of unblemished reputation, dropped dead, while engaged in banking Mrs. Blake's house, on Wednesday afternoon. An inquest was not deemed necessary. Deceased was about 81 years of age.

Gideon Fields met with a serious accident on Tuesday. He was at work on a scaffolding and while in the act of throwing a bunch of shingles from where he stood to a scaffolding above him he lost his balance and fell to the ground below, breaking his collar bone and starting some of his ribs. Dr. Sprague was called.

A concert will be given in the Clerks and Trades Association Hall on King street, Thursday evening, Oct. 12th, under the auspices of Emerald Council, No. 64, R. T. of T. As the proceeds of the concert are to be used for a worthy and charitable object, it deserves, and we feel confident will receive, a liberal patronage from our citizens; admission, 10c. Doors open 7.30; concert begins at 8.

Sunday was "Children's Day," in the Methodist church, but the weather was very unfavorable for the occasion. In the morning, the Pastor preached an appropriate sermon to the Sunday School children; in the afternoon, the Sunday School held a service, in which there was singing by the infant classes, recitations by Miss Zulu Hay, Jessie Porter and Annie Colter, and brief addresses by Rev. Mr. Maeshall and Mr. Myles. In the evening Mr. Marshall preached an effective temperance sermon.

Generous Bequest From the Late Charles E. Perks

Houlton, Sept. 17—The \$40,000 estate of Charles E. Perks of Houlton who died last month, will be divided among several Catholic institutions in Maine and New Brunswick. St. Dunstan's parish of Fredericton, N. B., will receive \$4,000; Fredericton hospital \$1,000; St. Vincent's De Paul of Fredericton, \$2,000; Misericordia Home, St. John, \$1,000; St. Mary's convent, Houlton, \$3,000; and the Ecclesiastical Students fund of the Catholic diocese of Portland, \$1,000.

The remainder will be divided between St. Mary's church of Houlton and St. Dunstan's parish of Fredericton, which are made redimentary legatees.

HE NOW BELIEVES IN "FRUIT-A-TIVES"

Because He No Longer Suffers With Headaches

TAYLORVILLE, ONT.

"I was a sufferer from Fearful Headaches for over two years. Sometimes, they were so bad that I was unable to work for days at a time. I took all kinds of medicine, was treated by physicians, but yet the Headaches persisted.

A short time ago, I was advised to try "Fruit-a-tives" and I did so, with almost no faith. But after I had taken them for three days, my Headaches were easier and in a week they left me.

After I had taken a box of these tablets, my headaches were quite cured. My appetite was always poor and my stomach bad—and now my appetite is splendid and my digestion excellent.

I had become thin and weak from the constant Headaches but now not only have I been cured of all these awful Headaches, but my strength is growing up once more and I feel like a new man!"

BERT CORNELL.

Take "Fruit-a-tives". See a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

tion forms a source of future infection.

The appearance of this disease has been well illustrated by the Farmers' Circular, No. 3, obtainable free of charge from the Publication Branch of the Department of Agriculture, at Ottawa. On discovery of my signs of potato canker, farmers should immediately notify the Dominion Botanist, Experimental Farm, Ottawa, of the outbreak, at the same time submitting specimen, when an inspector will be sent to assist and advise the farmer as regards the treatment to be given.

In accordance with the new regulations if diseased tubers are found no part of the crop can be sold. Before being used for any purpose all tubers whether sound or unsound, must

be boiled which destroys the disease. No potatoes from an infected field can be used for seed. The land upon which diseased potatoes have been raised is unfit for the production of potatoes for an indefinite number of years.

All potato growers should acquaint themselves with the publications furnished by the Department of Agriculture in reference to this disease.

Potato canker, owing to its serious nature, has been made the subject of certain legislative measures under the Dominion Destructive Insect and Pest Act.

Any person who contravenes any provision of this act or any regulation made thereunder, shall be liable upon summary conviction, to a fine not exceeding one hundred dollars or to a term of imprisonment not exceeding six months, or to both fine and imprisonment.

One of the most important hotel changes for a long time, and one that will be of interest to many travelling men, is the transfer of the management of Day's hotel at East Florenceville to S. W. Smith, merchant. D. T. Day has conducted the house with signal success for a number of years and is one of the most popular hotel men on the river.—Observer.

Your Oven Gains by Our Oven Test

Your oven becomes a certain producer of more bread and better bread.

We can promise that.

For from each shipment of wheat delivered at our mills we take a ten pound sample. We grind it into flour. We bake the flour into bread.

If this bread is high in quality and large in quantity, we use the shipment. Otherwise we sell it.

There is no guess-work about our promise of more bread and better bread from flour bearing this name.
