

DEATH OF A. TOMPKINS

A Prominent Citizen of
Minot, N. D., and Formerly of Grafton, N. B.

(Minot Daily Reporter.)

Allan Tompkins, a prominent pioneer resident of this city, died suddenly March 29th, of apoplexy, at his home on South Belyea avenue, death following an illness of but a few hours. Mr. Tompkins just returned home late yesterday afternoon from Excelsior Springs, Indiana where he had spent the past four or five weeks in an effort to regain his health. He was apparently feeling good when he returned and complained only of feeling a little tired from the long trip. After eating his dinner he walked down town, returning home early in the evening. He remarked then to Mrs. Tompkins that he was not feeling very well and a few minutes later became violently ill. A physician was immediately summoned but Mr. Tompkins had passed beyond medical aid when he arrived and his death ensued a few minutes afterwards, shortly after nine o'clock.

DEATH A GREAT SHOCK.

News that Mr. Tompkins had passed away came as a great shock to a wide circle of friends and acquaintances in this city. For the greater part of twenty-five years, Mr. Tompkins has been a resident of Minot. Coming here in 1886 he went into the hotel business in an old frame building at the corner of First and Main streets, where the Leland hotel now stands. When this building was later destroyed by fire, Mr. Tompkins erected a brick building which is still a part of the block occupied by the Leland Hotel. Later he disposed of the hotel to C. H. Parker and left for Devils Lake where he established an electric light plant. After several years he disposed of his interest there and went to Rugby where he again engaged in the electric light business and where he remained until a couple of years ago when he returned to this city and since that time has made his home here.

SERVED CITY AS MAYOR.

Mr. Tompkins was prominently identified with the city's affairs during the early years of his residence here. In 1888 he served as a member of the city council and in 1889 was president of that body. In 1890 he was elected mayor and was twice re-elected, serving until April 16, 1895, when he resigned his office to take up his residence at Devils Lake. He was succeeded by P. P. Lee as mayor.

BORN IN CANADA.

Mr. Tompkins was born in Grafton, New Brunswick, in 1854, being 58 years of age at the time of his death. He is survived by his wife, three sons, two daughters, six brothers and one sister. His eldest son, Ernest Minot, was the first white child born in Minot, and he is now in Devils Lake where he is engaged in the electrical business. His other sons, Clarence and Roy, reside here, while his daughter, Mrs. Letha Moore, resides in Cleveland, Ohio, and the remaining daughter, Mrs. Edith McClintock, resides at McGregor, E. D. The surviving brothers are Jarvis H., of this city; Ernest F., of Colwell, Ida., formerly of this city; Howard and Herbert of Woodstock, N. B.; Lincoln, of Houlton, Me.; Charles, of Guilford, Me., and the sister, Mrs. Geo. Wilson, of Kalispell, Mont.

Reporter (to laborer run down by street car)—Do you expect to get damages from the company?
Mike—Expect 'em? I've got 'em!

FARMER TELLS INTERESTING STORY

WHETHER SICK OR WELL, IN GOOD WEATHER OR IN STORMY HE IS OBLIGED TO WORK ALWAYS.

Market people complain about prices they have to pay for farm produce. They forget that rain or shine, warm or cold, the farmer must keep at it or else the narrow profit, his bare living, will be lost.

A well-known Haldimand farmer, Mr. J. P. Pelletier, writes: "For nearly three years I was in poor health. A drenching storm caught me in the fields and wet me to the skin. I got home only to find I was threatened with inflammation of the bowels. I never got over it and felt weak and heavy and my system never worked quite right. But a farmer has to work—and I found myself going down hill with stomach, liver and kidney troubles. Failure seemed to follow everything. I remained wretched and sick until advised to use Dr. Hamilton's Pills. It is not easy to describe the sort of feeling a sick man gets when he strikes a medicine that he can see is doing him a lot of good. I was overjoyed—Hamilton's Pills put new life into me and everything worked right. Since cured with Dr. Hamilton's Pills I haven't had a single symptom of stomach, liver or kidney trouble. I am free from headaches, languor and weakness, as strong, robust as a man could be." No better medicine for general family use than Dr. Hamilton's Pills. They are mild, healthful and certain to cure. Sold in yellow 25c boxes, all dealers, or The Catarrhose Co., Kingston, Ont.

France is to follow Germany's example by sending a vast sum for dirigibles. The misadventure of the German airship, however, has not strengthened confidence in these unwieldy craft; the French authorities still put more faith in the mosquito fleet of aeroplanes.

NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED, MONTREAL.

That convict who escaped from the Fort Leavenworth penitentiary the other day by crawling a mile through a sewer, must have wanted very much to get out. He must also have been a reader of Victor Hugo as well as a post office robber. He got away, but the two others trying it with him were overcome by gas and pulled out unconscious.

She—Why, her and me were the best of friends before him and her met. Of course, this is between you and I.

TWENTY YEARS AGO

From the Sentinel
April 22nd, 1893

The 8th Hussars, Newcastle and Woodstock field batteries, No. 4 Co., C. R. I., 67th and 71st battalions, will drill in the camp at Sussex this year. The following corps which drill at their own headquarters will be inspected on the dates named: 62 Battalion, 13th Sept.; St. John Rifle Company, 30th Augst. The New Brunswick brigades of Garrison Artillery will be inspected on a day to be notified by the inspector of artillery.

William Currie, Richmond, has in his possession two old and interesting relics, which might well find a place among the curiosities at the World's Fair. The one is a Five Pound note issued by law of the colony of New York, dated New York, February 16, 1771. In one corner of the note is printed the ominous words, "Tis death to counterfeit." The other is an indebted bill of Twenty Shillings issued by order of the General Court of the Colony of Massachusetts, and dated February 3, 1690.

The Chinese Tea and Fancy Sale at the residence of Mr. Chas. Vanwart, on Tuesday evening, given by the members of the P. C. B. Mission Band, proved very successful judged from either a social or pecuniary standpoint. The attendance was large and the handsome sum of \$38 was realized. The refreshments were served in Chinese style; solos finely sung by Mrs. Henry Phillips and Miss Mabel Phillips; a duet by the Misses Hull and Coffern; the instrumental music was furnished by three members of the Cornet Band, Messrs. Hull, Henderson and Jones, and to these latter the Mission Band desire to tender thanks for their efficient aid.

Ivory Kilburn, preventive officer, at Richmond Corner, after a lingering illness passed away to his long rest on Saturday last. The deceased at one time took an active part in public matters, having sat as a member of the County Council for many years. He was a gentleman very highly respected by all who knew him, for his many excellent qualities.

W. A. Tracey, Jacksonville, does quite an extensive business in Maple Sugar making. He has presented the Sentinel with a specimen of his honey, which for clearness, consistency and flavor equals anything of the kind we have tasted. If this be a fair sample of Mr. T's manufactures in this line, then it is no wonder they are so popular in the market.

Following the general rule, the lecture in St. Luke's School Room, Wednesday evening, on Astronomy, by Rev. H. B. Morris, was not largely attended. The lecture, which had evidently been carefully prepared, was an exhaustive and able one, the lecturer making use of balls and the blackboard to illustrate his subject. Mr. J. T. Garden occupied the chair.

I. O. F.
At Jacksonville, Saturday evening last, D. S. C. R. James Good, organized Court Piqua, I. O. F., with the following list of officers:—
Chas. Plummer, C. D. H. C. R.; George McLeod, Chief; Wm. Connolly Vice.; Isaac Slipp, Treas.; Herb Harper, F. S.; George Watson, R. S.; Wm. Churchill, S. W.; Frank Kearney, J. W.; Earnest Estey, S. B.; Ashel Good, J. B.; Rev. B. H. Thomas, Chap.; Dr. Kierstead, C. P. Court Piqua begins life with a charter roll of 24, and from the composition of its membership should become a very healthy institution.

THEY SOOTHE THE EXCITED NERVES.—Nervous affections are usually attributable to defective digestion as the stomach dominates the nerve centres. A course of Parmelee's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. There is no sedative like them and in the correction of irregularities of the digestive processes, no preparation has done so effective work, as can be testified to by thousands.

Mrs. Wyse—There are times when I wish I were a man.

Her husband—Well, when, for instance?
Mrs. Wyse—When I pass a milliner's window and think how happy I could make my wife by giving her a new hat.

CANADA.

Executions are being served on a number of losers in the Farmers' Bank smash, and it is stated thousands of dollars will be collected from farmers near London, Ont., particularly in the vicinity of Kerwood, where a branch of the defunct institution was formerly located.

The store of Trites Wood Company, Ltd., the Imperial Bank building and residence of H. C. Lockhart, were totally destroyed by fire at Mitchell, B. C., Friday morning. The loss to the Trites Wood Company alone is estimated at \$100,000. The origin of the fire is unknown.

Seven persons are dead and fifteen injured as the result of the derailment of an excursion train on Sunday afternoon on the Montreal-Chamby branch of the Central Vermont railway, about four and a half miles out of St. Lambert.

After nearly fifty years of useful service, William H. Vander Smisson, professor of German in the University of Toronto, is to retire and take a long holiday.

Referring to the restoration of the chime of bells in the tower of the Old North Church, Bishop Lawrence says that while in England there are employed between 20,000 and 30,000 bell ringers, the United States has fewer than 50. By the way, what has become of the proposition to put a peal of bells in the tall tower of the Boston Custom House?

The New Blue Amberol Records

played on an

Edison Phonograph

will give you more pleasure than any records or any sound-reproducing instrument have ever been capable of giving you before. This is because the Blue Amberol has caught all of the richness and beauty of the music sung or played by the great artists, and because the Edison Phonograph brings out all that is in the Blue Amberol. And the pleasure you take in your Edison and Blue Amberols will never diminish because the Blue Amberol will never wear and is practically unbreakable. Hear them today at your Edison dealer's.

Thomas A. Edison, Inc., 100 Lakeside Ave., Orange, N. J., U. S. A.

A complete line of Edison Phonographs and Records will be found at

A WONDERFUL REMEDY

Orange Lily is daily curing the most obstinate cases of Female Disorders. Falling of the Womb, Leucorrhoea, Painful and Suppressed Menstruation, etc., etc., are all of them relieved from the start by its use, and a few weeks' or months' treatment accomplishes a complete cure. This remedy is a positive, scientific preparation, and is based on the discoveries of Pasteur and Lister. It is an applied treatment; that is, it is not taken internally, but is applied direct to the suffering parts, and it, therefore, acts with all the certainty of the known laws of chemical action. As it comes in direct contact with the diseased tissue, its antiseptic and nerve-food properties cannot help have a beneficent influence. I receive from 10 to 20 letters daily, speaking of the benefits and cures it is performing, and so sure am I that it will do what is claimed for it that I will send, absolutely free, a 35c box to every suffering woman who will write for it. Price \$1 per box, which is sufficient for two months' treatment. Address, MRS. FRANCES E. CURRAH, WINDSOR, ONT.

For Sale by Leading Druggists Every where

No Corns Next Week

Would you like to think that your oldest corns would be ended forever next week?

They can be ended in a simple way. A million corns monthly are ended in this way. Apply a little Blue-jay plaster. That ends the pain, and from that time on you simply forget the corn. In 48 hours take

the plaster off. Then lift out the corn. There will be no pain or soreness.

The B & B wax gently loosens the corn so it comes out root and all. And that corn won't come back. Another corn may come, but you'll pinch your feet, but the corn that comes out is ended.

Millions believe this because they have done it. Millions of others still putter with corns. Please, for your own sake, make a test of this scientist's invention.

A is the picture is the soft B & B wax. It loosens the corn.
B stops the pain and keeps the wax from spreading.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

Blue-jay Corn Plasters

Sold by Druggists—15c and 25c per package

Sample Mailed Free. Also Blue-jay Bunion Plasters.

Do You Know What This Label Means?

It means cement of the highest possible quality.
It means cement tested by experts whose authority is final at all our mills.
It means cement acknowledged by engineers, architects and hundreds of thousands of farmers to fulfil every requirement of scientifically made Portland cement.
It means a cement that is absolutely reliable, whether used for a great bridge or for a concrete watering trough. You can use

Canada Cement

with complete confidence that your concrete work will be thoroughly satisfactory. You ought to have this confidence in the cement you use, because you have not the facilities for testing its qualities, such as are at the disposal of the engineers in charge of big contracting jobs.

These engineers know that when cement has passed the tests made upon it at Canada Cement mills, it will pass all their tests.

And this same cement is sold to you for your sidewalks, your foundations, your feeding-floor, your milk-house or your watering-trough.

Used according to the directions in our free book "What the Farmer can do with Concrete," Canada Cement never fails to give satisfactory results. Write for the book. It not only tells you how to mix and place concrete, but will also suggest scores of uses for it on your farm, every one of them valuable to you. In asking for the book you do not incur the slightest obligation.
