

LOCAL AND GENERAL

TO RENT—House on Connell St. Apply at Sentinel Office. (tf.)

A land slide at Teddie's Bluff, Monday, delayed the down express nearly three hours.

There is an agitation on foot to put the clocks one hour ahead during the summer. The idea seems to meet with general approval.

A number of the members of Ivanhoe Lodge, K. of P., went to Hartland Tuesday night and assisted the local lodge in conferring degrees on newly admitted candidates.

Mr. A. D. Holyoke, who is handling the affairs of Connell Bros., Ltd., reports that he is meeting with success in his efforts to form a company to take over and operate the plant.

Miss Barnett who drank a quantity of carbolic acid, Thursday evening last, will recover from the effects of the dose. It was a very narrow escape from death. Dr. T. F. Sprague was called to attend the case.

There is some talk of circulating a petition asking the street department to use part of the \$5,000, appropriated for street purposes, for new sidewalks which are badly needed in several parts of the town.

Theatre goers will have their time pretty well occupied during the next few weeks attending the excellent attractions billed for the Hayden-Gibson theatre. This issue of the Sentinel contains notices of the appearance of three excellent companies.

The pictures at the Bijou this week are the best that have been seen in this popular play house for some time. Large audiences attend each show and Manager Seymour is the recipient of much praise for the recent change that has been made in the picture service, which seems to meet the demands of the patrons of the house.

W. E. Stone, manager of the local telephone exchange, lost a valuable horse on Saturday. The animal was standing near one of the telephone poles when a wire fell and got crossed with an electric light wire connecting with a guy wire where the horse was standing, causing almost instant death. A young man named Greer who was working near the horse had a narrow escape. Thomas Driscoll who was working on the pole succeeded in getting the wires separated.

Rev. Frank Baird, of the Presbyterian church at Woodstock, will preach the baccalaureate in connection with the convocation exercises at the University of New Brunswick. The service this year will be held in St. Paul's Presbyterian church on May 10th, and Rev. Mr. Baird will be the preacher. Rev. Mr. Baird is a graduate of the University of New Brunswick, having taken a degree in Arts in 1895. He later studied at Pine Hill College, Halifax, and then at Edinburgh, Scotland. He has been in the ministry for about 14 years and is one of the foremost Presbyterian clergymen in the Maritime Provinces. He is also a well known literary man, having written a number of books. He is a brother of Mrs. C. C. Jones, wife of Chancellor Jones, of the University of New Brunswick.

The amusement loving public will be glad to hear that the J. C. Rockwell Sunny South company, the show that leaves you laughing when they say "good night" is announced to appear in the Hayden-Gibson theatre, Wednesday evening, May 6th. It is about two years since this company has been seen here. On their former visit those who were fortunate enough to be present pronounced it the best and most pleasing of the kind that ever appeared here. This season the performance is absolutely new and up-to-the-minute in every detail. It is characteristic throughout, being a mixture of fun, melody and dancing, consisting of all the features peculiar to the negro in Dixie Land, presented by negroes of the cultured and educated class, free from vulgarity, without any objectionable features, at the same time sparkling with wit and good humor. Comedy is all that is aimed at and nothing else is reached bar some very clever singing, dancing and thrilling specialties which will make the audience sit up and take notice. It is snappy, gingery, entertaining and well calculated to drive away the blues. Dating from the opening scene until the final fall of the curtain there is not a moment when some of the numerous cast are not occupied rendering matters pleasing to the audience. The Ohio is composed of eight high-grade vaudeville stunts, they are the kind that not alone please but have merit as well. The organization is accompanied by a solo concert band and a

OBITUARY

In Peel, N. B., March 3rd, 1914, Mrs. Naomi Julia Atwater, widow of Benj. Atwater aged eighty-seven years.

Sister Atwater was one of a large family, only one of which is now living is Mr. Wm. Harmon who now resides in Fredericton, N. B.

Her family consisted of six boys and six girls; four sons and two daughters are now living.

Converted in 1843 she united with the Methodists, later with her husband joined the Baptists, remaining with them through life.

For years her health has been poor and of late her sufferings were

intense; for her truly, the journey past three score years and ten has been labor and sorrow. Her end was peace and she was laid to rest with her husband, who died, some years ago, and children, to wait the call of Him who will waken to life eternal all who sleep in Him.

A good laugh is better than a dozen bottles of medicine. Wait for "A Crazy Idea", May 22nd.

George Dent received word yesterday of the death of Gardiner, Me., of his uncle, Alfred Dent. He was 43 years of age, and was formerly a resident of this town. He is survived by his wife.
