

IRELAND GETS HOME RULE; BILL SIGNED BY KING

Stirring Scene as Imperial Parliament Prorogues—Redmond Leaves For Recruiting Work

LONDON, Sept. 18.—King George's signature was today attached to the Home Rule for Ireland bill, which thus goes on the statute book.

Scenes of enthusiasm unusual in the staid legislative chambers of Westminster Palace, were enacted today when the two houses of parliament were prorogued.

While King George was absent, inspecting troops, his speech was read in the House of Lords by Viscount Haldane, the Lord High Chancellor and in the house of commons by John H. Whitley, the deputy speaker.

When the announcement was made in the House of Lords that the royal assent had been given to the Irish Home Rule and the Welsh Church Disestablishment suspensory bills and to several emergency measures. Cheers were given for the passing of the Irish and the Welsh bills.

CHEERS FOR HOME RULE.
On the announcement of the passing of the Irish home rule bill in the House of Commons, the Nationalists and Liberals broke into loud cheers, which were repeated again and again. Will Crooks, the Labor leader, asked if it were in order to sing "God Save the King." Without waiting for permission, he started the first verse himself, and then broke down with emotion.

The anthem was taken up by the spectators in the galleries as well as by the members and the singing was heard in the palace yard.

As the members filed out of the chamber Mr. Crooks cried out:

"God save Ireland."

John Redmond, the Irish Nationalist leader, replied:

"God save England."

Parliament will sit again on October 27.

REDMOND GOES RECRUITING

Mr. Redmond, who was the recipient of many warm congratulations in the lobbies of the house after adjournment, left later in the day for Ireland, where he will take part in the recruiting campaign.

The government is pledged to introduce and deal with an amending bill before the Home Rule Bill becomes operative. The latter will probably not become operative until after the war.

MOTORS MAKE TEA DEAR, SAYS LONDON PAPER.

Tea, all except China, has gone up in price from two-pence to four-pence a pound since this time last year. The finest Indian has gone up four-pence, ordinary Indian and Ceylon teas two-pence a pound.

So the reason, curious as it may seem, is the fact that more and more people are buying motor cars every year.

Brisk selling in the motor world means a growing demand for rubber for wheels. This led in the time of the rubber boom to a sharp rise in the price of rubber. It so happens that rubber and tea are two crops that require exactly the same conditions of soil and climate, with the result that ever since the beginning of the rubber boom more and more tea plantations and dropped tea for rubber. The effect of the shorter supplies of tea is just beginning to be felt in the present rise of price.

So that is why our tea is dear. If your tea merchant is not raising his price he is giving you poorer quality for your money. The cost of your cup of tea is going to rise further, too.

LOCAL AND PERSONAL

On Sunday evening an aircraft of some description circled over the village and caught the wondering gaze of a number of villagers. From

whence it came or whither its destination was not known, but a German "spy" was the instant thought of those who saw it. Some of those who did not see the craft opined it may have been a Williamsonstown crane or David Howells flying his kite. Nevertheless the airship really came and left. Presumably it was the exhibition machine that has been at Aroostook fairs. Hartland Observer.

William Love, of Glassville, who was accidentally shot in the leg and brought to the Fisher hospital is recovering as fast as could be expected.

The ladies of the Lower Brighton W. M. A. Society catered to the ladies of Woodstock and Hartland societies at Nixon Flat, Wednesday, Sept. 9. The afternoon was pleasantly spent. The guests from Woodstock were: Mesdames G. W. Vanwart, T. R. Smith, James Watson, Theodore McKinney, Byron Robinson, Hugh Gibson, Frank Foster, Sandford Pugsley, Charles Manzer, John Fleming, Whitfield Stipp, William Steeves, Pugsley, Frank Orchard, Estey, Snow, Johnston, Vince, Tompkins, and Miss Vince; Mr. and Mrs. Howard Burt and Mr. and Mrs. Frank Atherton. The Hartland guests were: Mesdames Keswick, Currie, Kennedy, Sydney Hagerman, McKarland, Campbell, Curtis, Reed, Morgan Day, Nixon, (Hurst and Mrs. Thomas of Calgary), including the local society. Tea was served to sixty.

Peter Donovan, of Canterbury, was in town Friday and while here made the Sentinel a pleasant call.

A wedding of interest took place at Edmundston, N. B., Wednesday morning of last week, when Miss Elizabeth L. Hebert became the bride of Mr. James A. Kelly, son of Mr. and Mrs. John Kelly of St. John. The wedding ceremony was performed by Rev. W. Conway, in the presence of immediate friends and relatives. Following the ceremony a bounteous wedding repast was served at the home of the bride's parents, after which the newly married couple left on a honeymoon trip to Montreal and Toronto. They will reside in St. John.

IN STERLING LIVES A GIRL

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Miss BERTHA A. PELOQUIN, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYERS, Box 74, Massena, N. Y.

Young Girls, Heed This Advice.
Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Potatoes are coming in to Fort Fairfield village now at the rate of about 4,000 barrels a day, mostly Cobblers, although some Green Mountains appear. There is very little scab of any kind, apparently no powdery scab at all worth mentioning. The quality is very fine and the yield excellent. The price for Mounts Tuesday was from \$1.20 to \$1.30, but is now from \$1.10 to \$1.15. Farmers are paying from \$1.60 to \$2.00 a day, and board, or five cents a barrel, and board. It is thought that wages will not go higher than \$2.50 at the very outside.—Fort Fairfield Review.

On Sunday afternoon fire destroyed two large barns, hog-house and shed owned by Alpheus Gray, directly across the river from Hartland. How the fire originated is a mystery but evidently originated in a haymow. All the season's crop of hay, oats and wheat was in the barns, the last load being stored on the evening before. The stock was got out in safety but otherwise the loss was complete. The house was saved by hard work. Loss about \$2000 with only \$300 insurance.

MR. CARVELL WRITES ST. JOHN GLOBE
Will Apply to Re-open Inquiry if Information is Furnished—Direct Taxation Coming Unless Change is Made—Only Fringe of Rascality Touches

F. B. Carvell, K. C., M. P., on Sept. 16 addressed the following letter to the St. John Globe:

Sir,—I have read with a great deal of interest your editorial of Thursday last headed "Other Crown Land Frauds", and have been particularly struck with one sentence therein which reads as follows: "The Dugal investigation disclosed certain frauds but it did not bare all the facts or the full extent of the frauds in connection with the renewal of leases."

I would assume from this statement that you must possess certain information which reads as follows: "The Dugal investigation disclosed certain frauds but it did not bare all the facts or the full extent of the frauds in connection with the renewal of leases."

Many appropriate gifts were received.

BEAUTIFUL HAIR--A CLEAN, COOL SCALP
Use Parisian Sage. It Makes the Hair Fluffy and Abundant

It is needless for you to have hair that is anything short of perfect. If it is falling out, losing color, splitting, or if the scalp burns and itches immediately get from E. W. Mair or any drug counter a 50-cent bottle of Parisian Sage—use it frequently—the first application removes dandruff, invigorates the scalp, and beautifies the hair until it is gloriously radiant.

Parisian Sage supplies hair needs—perfectly harmless. It contains the exact elements required to make the hair soft, wavy, glossy and to make it grow thick and beautiful.

You will surely like Parisian Sage. It is one of the best and most delightful hair tonics known.

matter which has not yet been made public, and if so, let me assure you it is a matter of deep regret to me that you had not given Mr. Dugal and his counsel this information before the investigation was closed.

I have no doubt, however, that as the report has not been actually made, the commissioners will re-open the inquiry, and if you will furnish me with the information I will apply to them immediately for the purpose of having these facts all laid bare.

I attempted to place before the public, through the means of the commission, all the information in my possession, and while I have not failed in that, yet I felt during the whole investigation that I was being held pretty strictly to the technical rules of the law of evidence, but I would judge from the tone of your editorial that you must have information which will come within those rules, and therefore it must appeal to you as your duty to make this information known at the earliest possible moment.

I have no doubt whatever but that we only touched the fringe of all the rascality in connection with the administration of the crown lands in this province during the last three years, and let me assure you that should the commission not feel like opening up this present investigation, it will not be many months

Catherall, Nfld. Minard's Liniment Co., Limited. Degas Sirs,—While in the country last summer I was badly bitten by mosquitoes, so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

until the legislature will meet again, and I am satisfied that Mr. Dugal will be only too happy to make other charges, provided the information is forthcoming, and should such be the case, I can assure both you and him that he will not lack for counsel to look after his interests.

I quite agree with you "There should be no patching up work, no truce, but a complete overturn of existing methods," and unless this province expects to resort to direct taxation or the repudiation of honest debts this overturn cannot commence a day too soon.

Believe me,
Sincerely yours,

She can end that Corn

End it in two days.

Blue-jay would stop the pain the moment she applied it. Then it would gently loosen the corn. In 48 hours, the whole corn would lift out, without any pain or soreness.

Blue-jay, each month, ends a million corns in that way. No hard corn can resist it. Since this invention it is utterly needless to suffer from a corn.

Yet thousands of people still pare corns, or use some old-time treatment. They simply coddle corns, and every little while they become unendurable.

Try this scientific way.

See how Blue-jay stops the pain. See how it undermines the corn. And see, in two days, how that corn forever disappears.

After that, so long as you live, you will never let corns bother you.

Special Exhibition Nickel Finish; with reservoir; tiled panel in high closet; full nickel glass door with thermometer; oven either 16, 18 or 20 inches.

Or, if preferred, we will give our best cast iron range with Exhibition finish, or any of our high class coal and gas combination ranges in special finish.

FOR thirty years we have interested ourselves in good cooking, for during this period we have been manufacturing the best Ranges we know how. Now we want to produce a first-class standard Cook Book for use all over Canada. What better plan could we adopt than that of asking Canadian housewives to help us by contributing their five best and well-tried Recipes?

There may be a number of good Cook Books published now, but there can never be one so good or so complete as one produced by the united efforts of good cooks all over the Dominion, because this will then be a practical one based on the practical results of each individual contributor.

To promote interest, we have decided to hold a contest, and we are awarding the above valuable prizes for the best sets of five recipes sent in to us.

**ALL YOU HAVE TO DO IS TO WRITE OUT YOUR
FIVE BEST RECIPES AND MAIL THEM TO US**

SETS of Recipes will be judged from the standpoint of Variety, Economy of Materials, Nutritive Properties, Ease of Preparation, Tastiness, etc. Remember that the recipes most likely to win a prize, are some of your own favorites—that you have tried and know to be real good. Write only on one side of the paper and be sure to sign your name and post office address at the foot. The First Prize is a handsome Moffat Range—the best we make—as illustrated and described (or you can have the best of any other Stove we make, either Gas, Coal or Combination).

The other prizes will be awarded in the form of cash certificates for the amounts

named and will be accepted at their face value by Moffat dealers at any place in Canada on the purchase of any Moffat Range.

Competition closes October 15th, and all replies must be in on or before that date.

If you wish to take advantage of the contest, and at the same time wish to buy a stove at once—buy a Moffat Range through our dealer in your town and send us your receipted bill—and when you win a prize, we will refund you the cash value of the prize you win.

Every Contestant will receive one of the Cook Books.

The Cook Book, when complete, will be one of the finest compiled, and will be worth at least \$2.00. Every woman sending in five recipes will receive a FREE COPY. It will be well worth while for every woman to compete.

We have secured the services of a graduate of the Domestic Science branch of the Toronto Technical School, and two other ladies to assist her. Their decisions must be accepted as final.

(N.B.—You will greatly assist the judges by sending in your replies as early as possible. Don't wait till the closing date.)
