FIFTY-SEVEN MEN AWAY IN EMPIRE'S SERVICE

Fine Showing as Men Swung Through the
Streets to the Strains of the "British Grenad-
iers"—Go to Halifax for Garrison Duty—
Company Under Command of Capt. C. G.
McLauchlan—Extracts from Letters Received
from Valcartier

The fifty-seven men of the 67th
Regiment that left here Friday made
a splendid showing when they march-
ed to their train en route to Halifax
where they are to do garrison duty.
As in the departure of other con-
tingents, much enthusiasm prevailed,
and hundreds of citizens lined the
streets. The buildings were gaily
decorated and the air was full of
excitement as the boys marched
away to the strains of martial
music. The men all had on
their equipment, water bottles and
haversacks and presented a truly
military appearance. The officers in
command were Capt. C. G. Mc-
Lauchlan, of Woodstock; Lieut. Chas.
Rideout of Edmundston; Lieut. Clare-
nce Williams of Lakeville, all effi-
cient officers and with years of ex-
perience in military affairs.

As the train moved out the band
played "God Save the King" and the
immense crowd cheered with a vim
that must have carried inspiration
to the departing guardians of the
empire.

The following are the names:

Robert Moores of the Engineers in
a letter to his mother from Valcar-
tier dated Sept 11th, says:

"We have all got a day off because
our arms are sore from the effects
of the inoculation yesterday. New
outfits will be furnished us today.
We got our cloth some time ago but
now we are getting new water bot-
tles, socks and other things. We
have plenty to eat, better than I
ever saw in camp before. The nights
are not very cold, as yet."

ed, no officer, who has been retained
as physically and mentally fit, is al-
lowed to leave Valcartier. There are
now 33,000 men under canvas and it
is a great task to keep everything
in order. The Col. is assisting with
the organization of the troops and is
busy every minute. Nothing is ready
yet but the daily routine to prepare
them for whatever comes. Col. Good
was in Quebec last Tuesday and Wed-
nesday to interview the Chief of
Police regarding some German spies.
He does not know as yet what ap-
pointment he may receive but hopes
for a chance on the second contin-
ent.

A Moncton volunteer at Valcartier,
writing of conditions at the camp,
says that some of the boys of the
19th Field Battery have gone to the
various ammunition columns, and
nine men from the Woodstock and
Sydney batteries added to the 15th.
There is plenty of hard work, he
says, at Valcartier from sunrise to
dark. The New Brunswick boys make
a fine appearance on parade.

MOVE MADE FOR NEW TOWN WATER SUPPLY

Well Borer Gorey Makes
Proposition—Test Well
Probably Drilled This Fall
Will Guarantee Supply
Sufficient for All Town
Purposes.

The members of the Water Board
who have had under consideration
for some time the matter of a new
water supply for the town, met
Patrick Gorey, the well known well
driller, Saturday, and discussed with
him the probabilities of securing
water for town purposes. Mr. Gorey
said he had carefully looked the sit-
uation over and was firmly convin-
ced that a sufficient supply could be
secured from wells located at, or
near, the golf grounds. He was of
the opinion that sixteen wells could
fill all the requirements.

It was decided to let Mr. Gorey
put down one well, in an effort to
get a line on the supply and to
learn if the water was pure. He will
at once commence operations and
further developments will depend on a
new system.

BUILD UP YOUR OWN TOWN BY BUYING AT HOME

Do You Want Your Dollars To Build Up
Other Towns?—Why Not Assist in Making
This Town a Better Place in Which to Live?
—You Can Do It By Spending Your Dollars
With Your Own Merchants—Don't be a
Booster for the Mail Order Houses?

The town of Woodstock stands for
a picture in the minds of all who
have lingered even for a few fleeting
days within the charm of its wooing
beauty. It stands not alone as a
present picture, but as a future ideal
to its own loyal citizens. The town
is one of comfortable homes even as
the county is unique for its wealth,
fertility and manifold attractions.

Although it is a time of war the
outlook is prosperous. But the ques-
tion is are we loyal to our own
merchants? Are we adding to the
prosperity by spending our dollars at
home, or are we helping to build up
other communities by sending our
dollars away. When you spend your
dollars with the merchants of this
town you are making the town a
better place in which to live.

Several merchants have planned a

BUY AT HOME campaign with
the hope that those who are pat-
rons of the mail order houses will
help the community in which we all
should take an interest.

In order to help along this new
feature those interested have decided
to give an elegant Willis piano, in a
friendly contest to be conducted in a
manner that will appeal to all who
have the interest of the town at
heart and who are willing to assist
in carrying out a feature that will
show gratifying results from dollars
spent at home.

The merchants interested in the
"Buy at Home" campaign are all
leaders in their lines, and we have
town you are making the town a
better place in which to live.
