## GOOD CORNER

1914 came in at the foot of the ladder—20 below zero—a cold new year to all.

Pelissier Good is spending the week at the home of his brother Henry, Jacksonville.

A number of young folks spent a very enjoyable evening at the home of Dan Good's last Tuesday evening.

Mrs. Harvey Lunt and son of Bridgewater, is spending the holidays with her mother, Mrs. J. A. Good.

The farmers are hauling home the sweet smelling fertilizers, and discussing, or perhaps in many cases cussing, the potato embargo—grin and bear it my Conservative friends! "have nothing to do with the Yankees," stick to your push!

About two feet of snow covers the fields at the opening of the new year, while 1913 came in on wheels.

Your correspondent and family are much better at this writing; we killed a beef last week and got a barrel of flour—stomach trouble was the disease. Newspaper correspondents are often similarly afflicted.

At this season of the year we break off bad habits. The ladies quit scolding; but usually take it up about Jan. 7th; we males quit smoking for about a week, and then

make up for lost time the remainder of the year. New Years day is truly the happiest day of the year.

About a week before Christmas our cold weather prophet appeared to me as I was cutting wood. "That's right young man," he began, "cut plenty of it, I tell ye there's something coming soon that will open your eyes." "Go on!" I replied, "I could get a better prophet than you for nothing, I expect to see autos running all winter."

"Look here young man, he replied, breaking an icicle off the end of his nose with one hand and pulling a hog's melt out of his pocket with the other, "see that lump about three inches from the end? that is Christmas." I tell you there will be something doing about then, about two feet of snow I reckon and about a week's blow, should not wonder if you would have to cut holes in the roof of your barn to get in to feed your stock, and more than that—I had a tree just about ready to fall and he was just in range, I let it go and he escaped without telling me the remainder of his prophesy. Will he please accept my humble apology.

## CUPID AND LICKFORD.

Archie Campbell and wife attended the Mason's Ball in Andover on New Year's night.

Mrs. A. W. Jamer was in town Thursday on business.

Miss Ella Cronkhite spent a few days in Birch Ridge last week.

Miss Bea and Aggie Roberts were pleasant callers here on Monday.

James Turner returned from Florenceville after the holidays.

Mr. and Mrs. David Miller were calling on Mrs. Lous Stone's on Monday last.

A. E. Whitman is building extensively to accommodate his hauling teams as he will occupy about 25 teams.

## BENTON.

We have had a great many absent ones home for the joyous time—W. Maginis, Erol Maginis, sr., Guy Day were all at home for a short vacation. Frank Anderson was also at home.

We had a call from our former teacher, Miss Gaynell Long. She seems to have a love for the people of Benton.

Mrs. Joseph McKenry has been very low. Mr. and Mrs. A. Ritchie are visiting her.

Miss Louisa McGinis is home from the Convent at Chatham, also Miss Irene Griffin.

Miss Vera Clark has arrived home from a lengthy visit to Boston.

Mr. W. H. Murchie no longer keeps travelers. Mr. Clark accommodates them at his home.

Mr. and Mrs. William Sharp have gone to spend the winter at Lewiston, Me., with their two daughters.

For all the cry of hard times the merchants say they never had a better holiday trade, and from the people who have been entertained there seem to be a generous plenty for all here. Long may it continue a happy and prosperous New Year to all.

Miss Alberta Murchland is going to teach Inches Ridge school, and her sister Jessie is going back to Normal.

All are sorry to hear of the continued illness of Miss Price's sister, and fear it will keep her from her school for a while.

The house of Mr. Frank Mills caught fire Sunday morning. Help

happened to be near to put it out still it left quite a wreck.

There is a great lot of pulp and other woods being hauled and the places around are getting piled up.

The young people had quite a concert on Xmas eve and a dance on New Year's Eve up to eleven o'clock, then a watch meeting in the English church.

FOUR FALLS.

Norman Sharp of Perth spent Sunday here the guest of Harry Woolverton.

Mr. and Mrs. Cranfield Cheney of Oregon, formerly of this place, spent Sunday with friends here. As Mr. Cheney has not been here for some years his old friends were pleased to see him.

Elmer Lloyd made a flying trip to Grand Falls last week.

Miss Mary Gallagher of Presque Isle, accompanied by friends, is visiting her grandparents here.

Mr. and Mrs. Thomas Lennon of

Limestone spent Sunday with friends here.

Mrs. Frank Peoples who spent Xmas at her home here, has returned to Easton accompanied by her little daughter Alice.

Mr. Jerry Giberson is wearing a broad smile. It's a girl.

Vetal Thibideau who has been working at Arcootook Junction, is home for a few days.

Bennie Dickinson of Fort Fairfield, Me., was in the village Sunday.

Miss Gertrude Tibbits and aunt, Miss Francis Tibbits, were guests of Mrs. LeBaron Anderson Sunday.

# CANADA Portland CEMENT

SOME men ask for so many bags of "cement"—

Others, more careful, say they want "Portland Cement"—

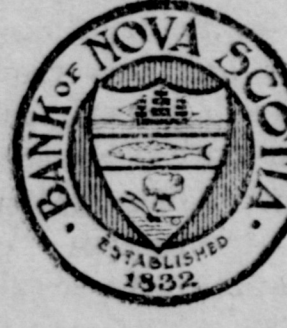

But the man who does the best work insists upon getting "Canada" Portland Cement—

And he looks to see that every bag bears this label

There is a Canada Cement dealer in your neighborhood. If you do not know him, write for his name.

Write the Canada Cement Information Bureau, Montreal, for a free copy of "What the Farmer Can Do With Concrete."

**If you are a Family Man**

you should save part of your earnings. There's no telling when a severe sickness may lay you up, or you may find yourself out of employment. Have you made provision for your family in such a case?

An account in our Savings Department would be an emergency fund which will grow into a tidy investment for the benefit of those dependent on you.

## FERTILIZER

Has proved its perfect suitability to New Brunswick soil. This has been proven by the success of potato growers who use it.

In mixing this Fertilizer all the different ingredients are weighed separately, each one being correct to a pound. They are then put into the mixer, and after being ground and screened they are put in large piles to season until shipping time, when they are reground to prevent any caking in barrels. The filling of these Fertilizers is all animal matter, no ground rock being used. It works very free through the planter and results in large crops.

We have testimonials to prove this. Watch this space for what the farmers say.
