FRIDAY, JANUARY 24th, 1914.

DOMESTIC SCIENCE

One of the new steps to be taken in connection with the town schools is a domestic science department. While the school board has not publicly announced the fact, (a business method which is peculiar to this body), it has been semi-officially announced that this department will soon be in operation. This is undoubtedly a very important step. It is teaching the girls what they will later practice in real life, and it is furnishing a lesson that will indirectly aid in improving conditions in many homes through giving the girls of the family an active interest and a working knowledge of some of the problems that are to be met and surmounted in every home.

The girls have equal call with the boys for an education, and there is no reason why some attention should not be paid to specialization in the training of girls. The natural future of the school girl is the home. And it makes some difference what sort of a home it is, for we have come to look at the home as the corner stone on which our civilization is built. What the home will be depends in no small measure upon the woman.

If the aim of the school is to fit the pupils for the life that is coming after, then there can be no legitimate opposition to a domestic science course that shall prepare for that life. Unless a girl is going to college there can be no reason why her head should be filled with some of the higher mathematics that are now in the curriculum. And other subjects might be open to the same criticism. A high school, if conducted along lines that coincide with the modern idea of the purpose of education, can no longer be a young woman's boarding school.

Nor is culture sacrificed in the new order of things, for true culture comes in doing well those things one has to do. True culture does not consist in being able to lisp some French words while the husband's stomach is being ruined by wretched cooking, with the result that he seeks certain stimulants to satisfy an upset digestive apparatus. Yes, indeed, there is ample room and ample need for domestic training in schools. And those schools that have it are doing something to meet the requirements of the pupils and of the community.

A NOISEMAKER.

(From the Regina Leader)

Hon. H. F. McLeod, who will be the new M. P. for York County, New Brunswick, will not bring very much strength to the Borden forces at Ottawa. Mr. McLeod is a politician, but there is nothing of the statesman about him. His chief forte is the making of flamboyant speeches, noisy but not much else. He lacks the ability and the capacity for hard work which marked his predecessor.

who is now Judge Crockett, of the New Brunswick Supreme Court.

We read with interest the statement of Mr. B. Frank Smith of Carleton county that no action should be taken by New Brunswick potato raisers to antagonize Americans, since the American market is practically the only good market they have. Another speaker said that efforts had been made for ten years to find other markets but without satisfactory results. Mr. Smith and his friends have experienced a radical change since 1911. A report of the meeting of potato dealers held in Woodstock yesterday says that it was the consensus of opinion that farmers would suffer great loss as a result of the American embargo on potatoes. The farmers of the river counties know better than they did how to estimate the value of advice given them at election time by those who in 1911 protested against "truck or trade with the Yankees."—Times-Star.

Among the various remedies suggested to get clear of the potatoes now in the hands of the dealers and farmers was a resolution passed at the potato dealer's meeting, Monday, that the Dominion Government be asked to place an embargo on potatoes coming from the United States, as the potatoes have powdery scab. But THAT THEY BE ADMITTED FROM JULY 15th TO SEPT. 1st. It is to be presumed that the "powdery scab" will deprive itself of the power of doing harm during the "open season." The potato dealers association can investigate conditions with better results, without the aid of so-called experts and politicians.

The appointment of Mr. A. Glidden to succeed Mr. Thomas Baker, as mail driver, is not received with widespread approval. This is not said in disparagement of Mr. Glidden who is a worthy young man and will no doubt attend to the duties of the position to the best of his ability. But it is not to the credit of the department that it should turn down an official whose record was clean and whose satisfactory service was evinced by the endorsement of practically all of the business men of the town, of both sides of politics. It is to be hoped that if Mr. Glidden serves as faithfully as Mr. Baker has that at the end of his term he will not be the victim of like circumstances.

Secretary of Agriculture Daggett who is evidently opposed to our farmers having truck or trade with the Yankees, says that the Canadian market will absorb New Brunswick's surplus crop of potatoes. Mr. Frank Del Clements who knows something about the potato trade, says that the Canadian market will take about fifteen car loads a week and no more. New Brunswick farmers it is estimated have about a million and a half barrels or 7500 carloads yet to market. This means that it will take five hundred weeks or nearly ten years to get rid of the 1913 potato crop. How do the farmers of York like the prospect?—F'ton Mail.

Since Dr. Gussie met the potato dealers association he at least learned the shortage of the crop in the United States and the value of the western market for N. B. shippers.

Secretary Daggett arrived in town two weeks ago and with a great flourish of trumpets and announced that the embargo on potatoes would be removed in three or four weeks. He announced at Monday's meeting that the government had decided to abandon further efforts to get the embargo removed. The Rev. J. B. might make some profitable and interesting New Year's resolutions. It is not too late.

Ex-Deputy Sheriff Melville was in town Monday. He did not hold office long, on this occasion, but it is hinted that he may "come back," and one of those peculiar twists which politics sometimes develops unexpectedly will demonstrate that he is not without his supporters. From what may be seen at this stage something will drop soon.

It is too bad that Rev. J. B. Daggett and Mr. B. F. Smith were not as full of wisdom in 1911 as they are now. Their anxiety over a market for the farmers is very touching and they now see the error of their ways in condemning reciprocity and a policy that would have prevented an embargo on potatoes.

"I cannot lead myself to believe that if the American market were open to us it would prove more profitable than the markets that are available in Canada today."—B. Frank Smith in 1911.

"The American market is needed and in order to secure it, I would suggest diplomacy and not antagonism."—B. Frank Smith in 1914.

Mayor Jones has announced his intention of running for the Mayorality and will no doubt be again chosen. As Chief Magistrate his efforts have always been actuated by a motive to act in the interests of the community. The record of the past year and his previous services at the Board are facts that will make successful opposition impossible.

Those noted government "experts" omitted one very important feature at Monday's meeting of the potato dealers—THEY DID NOT TELL THE DEALERS AND FARMERS WHERE THEY COULD FIND A MARKET FOR THEIR POTATOES.

That "vote of thanks" to the governments for their efforts to obtain the American market could be subjected to a little bit of criticism.

It is reported that the potato scab that was exhibited as the genuine article was hand painted.

Citizens who really have the welfare of the town at heart might make interesting New Year's resolutions.

It's a good bet that the lumbermen are making good use of the snow, and are now waiting for more.

How about those resolutions? Or did you resolve last year never to swear off again?

Act 2—Appointment of potato "inspectors" at good fat salaries.

PERSONALS

John McMurray injured his hand badly while putting wood in the furnace on Friday, requiring the services of a physician.

OUR ANNUAL Clearance Sale Of WINTER GOODS

COMMENCES

SATURDAY, - JANUARY 10th

Big Bargains in

Boys' and Men's Reefers
Suits and Overcoats
Ladies' Coats, Etc. Etc.

Everything in WINTER GOODS Must Go

Enumeration Almost Impossible

COME AND SEE!

Don't Buy If You Can Do Any Better

The John McLauchlan Co. Ltd

THE GIFT STORE FOR MEN AND BOYS

In their New House—2 doors below Old Stand

You Are Just As Near Our Store As To Your 'Phone

You are not compelled to make personal visits to our store—you can 'phone.

There may be some emergency need.

You may be busy or the weather is a!

Just call us up, tell us your wants and we shall get the goods for you at once.

This rapid delivery service is for you especially.

By all means use it when you want anything from the drug store.

It costs no more to have your purchases delivered, and it may save worry.

The Prescription Druggist, Etc

MARRIED

GRANT-FRASER.

A pretty wedding was solemnized at the Presbyterian Church, Prince William, at high noon, New Year's day, when Miss Edna Fraser, eldest daughter of Mr. and Mrs. T. L. Fraser was united in marriage to Mr. Clifford Grant, of Woodstock. Rev. Dr. W. H. Smith, of Fredericton, performed the ceremony. The bridal party stood under a floral arch, decorated for the occasion. The church was crowded with friends of the bride and groom from Fredericton, Woodstock and elsewhere. Mrs. True, of Woodstock, a sister of the groom, played the wedding march.

The bride was beautifully gowned in white brocaded charmeuse over lace, and wore a bandolier veil caught up with orange blossoms, and carried a bouquet of lilies of the valley and maiden hair ferns. Two girl chums of the bride acted as ushers assisted by Mr. Earle Hall, of St. Mary's.

After the ceremony the happy couple drove to the home of the bride where a dainty wedding luncheon was served.

Mr. and Mrs. Grant left on the night train for New Glasgow, N. S., where they will reside for the winter.

OBITUARY

CHARLES MULHERRIN

Charles Mulherrin, aged 46 years, a native of this county, died Saturday at Vancouver, B. C. He left here for the west when a young man, became a policeman at Vancouver and was promoted until for some years before his death he was the head detective of that city. He was here two years ago on a visit to his sister, Mrs. Francis Kelly, who was then sick and who has since passed away.

Coughs

Hard coughs, old coughs, tearing coughs. Give Ayer's Cherry Pectoral a chance. Sold for 70 years. Made by J. C. Ayer & Co., Lowell, Mass., U.S.A.

He is survived by a widow, formerly of Nova Scotia, and one son. He was the son of the late Patrick Mulherrin, of Red Glen, Carleton County, and a half brother, Thomas McCafferty, of Millinocket, Me., survives him.

The death took place, Saturday morning, of Mr. George Watson of Upper Woodstock. He was 64 years of age and is survived by his wife, two daughters, Miss Pauline, a nurse in Boston; Mrs. Clarence Mallory of Upper Woodstock, and one son, Ross at home. Samuel, James and Matthias Watson are brothers. Two sisters reside at Upper Woodstock.

The funeral was held Monday, Rev. A. S. Hazel officiating. The pallbearers were Jack Watson, Arthur Watson, Samuel Watson and Leonard Burnham, nephews of the deceased.

Mr. Watson was highly esteemed and his death removes one of the upright citizens of the community.

Minard's Liniment Cures Colds, &c.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.
