Severe Pains Around the Heart

Are Nearly Always Caused by Stomach Trouble

Don't let a pain in the region of the heart frighten you into thinking you have heart disease. Just as a pain in the back seldom indicates kidney trouble, so pain near the heart is scarcely ever present in organic heart disease. The pain is nearly always caused by stomach trouble, for the stomach and heart are connected by many nerves, and gas on the stomach causes pressure on the heart.

The alarming pains will disappear if you tone up the stomach, eat the right things and don't worry. Dr. Williams' Pink Pills for Pale People are the best stomach tonic. One or two pills after each meal soon produces a healthy appetite, the food does not distress you, you are no longer troubled with gas, sour risings in the throat, and these misleading pains around the heart. Strength and energy return, and the rich, red blood carries renewed vitality to every part of the body. Mrs. Henry Connolly, Brookville, P. E. I., says: "For a number of years I was a great sufferer from indigestion which, despite all the treatment I took, was gradually growing worse. I would sometimes feel as though I was smothering, and when the trouble came on I would suffer from violent palpitation and pains around the heart which greatly alarmed me. I was under doctor's treatment for a long time, but with no benefit. A friend suggested Dr. Williams' Pink Pills and I decided to try them. In about a month I felt much better and by the time I had taken another four boxes I was in the best of health and able to eat all kinds of nourishing food. It is now several years since I was cured and I have never felt a symptom of indigestion since. I take every opportunity of recommending Dr. Williams' Pink Pills to friends who are ailing."

If your dealer does not keep these pills you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Improved Roller Bearing Hover Potato Digger Free

The Hoover Digger has always been acknowledged to be the World's Standard in a Potato Digger. This year it is equipped with Roller Bearing throughout, heavy steel sides, and other important improvements. These new improvements greatly increase the lead it has always maintained when compared with anything else ever offered the public in the shape of a Potato Digger.

Salesmen in Aroostook County, Maine, selling other diggers have, in years past, met with a certain measure of success by telling the farmers they had something as good as the Hoover, with less draught. But in every instance their success meant that much disappointment to the farmer as when he got up against a hard piece of digging, or a season when the digging conditions were unfavorable, the digger that was claimed to be just as good as the Hoover was hauled back of the barn and a Hoover purchased.

That story is worn threadbare and cannot be used to advantage now, consequently our competitors are using a new story, and it is the new story we want to warn the farmers about, as some have already been victimized through it. It is the story that they are selling the improved Hoover, leading the farmers to believe they are made by the Hoover Manufacturing Company of Avery, Ohio. We will admit that there are several Potato Diggers offered for sale in Carleton County that are imitations of the old Hoover Digger, which we have discarded. Our Diggers are manufactured by the Hoover Manufacturing Company of Avery, Ohio, and to convince you that we are the sole Agents for Hoover Diggers, we will offer FREE to anybody a New Improved Roller Bearing Hoover Digger, if they can prove our competitors have any Agency to sell Potato Diggers manufactured by the Hoover Manufacturing Company of Avery, Ohio.

We keep a Complete Stock of Hoover parts at all times.
