Boston Braves Have Three Star Pitchers

The Braves have at present three pitchers who are twirling just about as nice baseball as any other three pitchers in the National League, and Manager Tallings is indeed fortunate to have them all on his roster.

Bill James is taking his regular turn at winning games, and so are Lefty Tyler and Dick Rudolph.

In the series just closed between the Braves and Cardinals Lefty Tyler pitched two superb games, the last one being particularly good, and each time he beat Griner, who in both instances pitched as good baseball as the Braves have had to battle against this year.

Tyler is living up to the regard that Manager McGraw has for him. McGraw regards Lefty Tyler as the greatest southpaw in the National League, and the way he is going now the lefty fellow surely has everything that the premier pitcher in the outside ranks should possess.

Dick Rudolph is also showing the fans some fine baseball. He has won 13 games out of the 20 he has

pitched this year, and, in view of the length of time it took the Braves to get going, that is a pretty nice record. Bill James has won a dozen games out of 18.

A. R. JOHNSON DESERTED TO FEDERALS.

Manager Tinker, of the Chicago Federal League Club, announced that Pitcher A. Rankin Johnson, formerly of the Boston Americans, Wednesday signed a contract with the Chicago Federals.

Houlton 5, St. John 3

A team from St. John played in Houlton yesterday and were defeated by a score of 5 to 3, after nine good fast innings. Robinson and Thompson were between the points for the St. John team, while Hartigan and York did good work for the Houltons.

The Fredericton Pets on their own diamond yesterday defeated the McAdam baseball team 5 to 4. The batteries were: For the Pets—Barry, McAdams and Donovan; for McAdam—Fisher and Johnston.

LOCAL AND PERSONAL

On Tuesday ten young cattle, seven owned by Scott Hallett, two by Carey Rideout and one by Joe Pearson, Jr., at Upper Brighton, grazed in a place where paris green had been accidentally spilled on the ground and the whole herd died. None of the cattle were giving milk but the loss totals nearly \$500. People who handle paris green sometimes forget that it is deadly poison. Caution in its use should never be relaxed. The losers in this instance may call their misfortune "bad luck." Others will say it is a case of gross carelessness.—Observer.

At a recent meeting of the Carleton County Rifle Association Major W. W. Melville of Peel was elected captain and R. S. Semple of East Florenceville secretary. It is expected that the annual shoot next year will be held at Woodstock.—Observer.

Rev. E. C. Jenkins has decided to remain in the Victoria pastorate rather than accept the call to Maine. This will be good news to many out tide the churches which he serves, who appreciate his fellowship and worthfulness.—Observer.

The Boston Sunday Herald says: "It is probable that Aroostook county will realize \$10,000,000 from its last year's potato crop, the average price being estimated at \$1.35 per barrel. While a large part of this amount will be absorbed in previous indebtedness, fertilizers, labor, livestock, automobiles and ordinary living expenses, there should be no shortage of real money in circulation in Aroostook for some months to come."

John C. Maxon passed away at an early hour Friday morning at his home, Fredericton. He was aged sixty-six years. Death was caused by arterial sclerosis. The deceased was originally a native of Southampton, but resided in Fredericton for about ten years past. A widow, five sons and one daughter survive. The children are Tyler W. Maxon of Woodstock, Ernest E. Maxon of Hawshaw, Hedley G. Maxon of Portland, Oregon, now in Fredericton, Percy B. Maxon of Portland, Me., Harry S. Maxon of Fredericton, and Mrs. J. B. Beardsley of Woodstock. The funeral service was conducted at the late residence of the deceased at 2.30 p.m. on Saturday by Rev. S. A. Baker. Interment was made at the Rural cemetery.

MARRIED

FLEMING-PHEENEY

Miss Audremina Maud Pheeneey and James Sprague Fleming, son of Hon. J. K. and Mrs. Fleming, were married at the home of the bride's brother, Jack Pheeneey, McAdam, on Thursday. Rev. Mr. Fenton, rector of St. George's church performed the ceremony. Mr. and Mrs. Fleming will reside in Woodstock.

THE PEOPLE WANT THE INFORMATION

(Hartland Observer)

All over the Province the people want to know the facts with regard to the Crown Land scandal and the alleged Valley Railway graft. Much light has been thrown upon these matters by the evidence brought out

Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use

Dr. Morse's Indian Root Pills

before the Royal Commission, but there are yet matters that are not clear to the people. Premier Fleming is the man who can give the desired information and these are the questions each voter, whether Liberal or Conservative, would like to put to him:

1. Where is Berry?
2. Where did you see him last?
3. Why did you refuse to send a telegram to him to come before the Commission?
4. How much did you pay him to go away?
5. Are you still paying him to stay away?
6. Why don't you allow him to tell the story?
7. How much of the boodle did he pay you?
8. Where is James H. Corbett?
9. Did he pay you \$10,000 at the Brunswick House, Moncton, on May 18, 1912?
10. Did not you try to get more money from John Kennedy a year after you got the \$2,000?
11. Whom do you claim the boodle fund belongs to now, the way matters stand?
12. Are you willing to hand it over to the province?
13. How many miles of bad road would this fund repair?

When Food Taxes Your Strength

You Need the Tonic Treatment of Dr. Williams' Pink Pills

When the food you take fails to nourish when it causes you pain and often a feeling of extreme nausea, the cause is indigestion. Your stomach is too feeble to do its work and you will continue to suffer until you strengthen your digestive powers. Your digestion has failed because your stomach is not receiving the pure, red blood of health to give it strength for its work.

The tonic treatment of indigestion by Dr. Williams' Pink Pills for Pale People succeeds by building up and enriching the blood supply, so that the feeble digestive organs are strengthened, appetite is restored and tone given the whole system. Thousands have proved this by personal experience, as is shown by the following typical instance. Mrs. Jas. Boyle, Dartmouth, N.S. says: "For years I was a sufferer from indigestion. I could not take food without feeling terrible distress afterwards, and in consequence I was badly run down. Sometimes after eating I would take spells of dizziness with a feeling of numbness throughout my body, and at other times my heart would palpitate so violently that I feared I would die. Naturally I was doctoring continually, but without getting better. Then my husband got me a supply of Dr. Williams' Pink Pills and before long I found they were helping me, and I continued to take them until I was restored to health. I was never in better health than I am now, and I owe it all to Dr. Williams' Pink Pills."

These Pills are sold by all medicine dealers, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TOWN FATHERS DISCUSS MATTERS OF IMPORTANCE

Will Not Build Sidewalk in Front of Vocational School—Library Management Can Buy Coal and Send Bill to Council

At Friday's meeting of the Town Council the application of H. E. Burr for refund on certain taxes was refused on account of assessors not being notified before assessment was made.

A number of bills were ordered paid.

The bill of A. W. Fields, \$167.00 for painting town hall was laid over until the work is finished to the satisfaction of the hall committee.

Coun. Lindsay reported that A. R. Gould would not consider the terms of the council, in reference to his electric system entering the town, until he had consulted his lawyers.

No action was taken on the purchase of a gravel pit for the town.

On a motion by Coun. Lindsay the library committee were allowed to purchase fuel up to the amount of \$200.—the bill to be sent to the council.

A motion to put a concrete walk in front of the Winslow block was not seconded.

A discussion on building a sidewalk in front of the Vocational School developed much opposition to the proposition, and it was finally voted to notify the Minister of Public Works that the town would not build such a sidewalk.

DON'T GROW BALD Use Parisian Sage

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from E. W. Mair, or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good"—Try it now.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

NEWS FROM BRITISH WAR OFFICE AND ADMIRALTY

London, Aug. 11—(12.33 p.m.)—The admiralty and war office information bureau established by the British government started work this morning. Its first announcement was as follows:

"About two cavalry divisions are in the neighborhood of Tongres to the north of Liege. Three German army corps are still opposite Liege and other German troops are reported to be entrenched along the line of the River Aisne."

A large German force is moving through the Dutchy of Luxemburg, and its advance troops are now at the Belgian frontier. "German cavalry patrols have been reported near Marche-en-Famenne and Arlon. Several individual soldiers belonging to German patrols have been captured both in France and Belgium. In all cases they were reported to be short of food for both men and horses, and to have made no resistance."

"The British consul-general at Shanghai, China, reports that no British vessels have been pursued or molested."

"A report from the Hague, Holland, states that public nervousness in that country has been allayed since the publication of Great Britain's attitude respecting the neutrality of the Netherlands."

"A report states that the principal Liege forts are still holding out, although some of the smaller forts have been captured by the Germans. The bombardment of the fortifications by the Germans is proceeding without interruption. On one occasion a fort was apparently silenced, but when German infantry men advanced to attack it a hail of bullets was poured into them so suddenly and effectively that they retired with heavy loss."

"The German attackers, who are constantly being reinforced, displayed great courage."

"It is said that 120,000 men of the German army are engaged in the attack on Liege. Refugees from that city describe the conditions as terrible. Many houses have been damaged or burned."

"SHOOT TO KILL," ORDER TO CANADIAN SENTINELS

OTTAWA, Aug. 10.—The Government suggests that all German reservists now in the Dominion who wish to avoid summary arrest should go to the nearest magistrate, or other public officer, and file a statement that they wish to be considered as peaceful and law abiding residents in Canada.

In regard to the report today of the destruction of a bridge north of Valenciennes, presumably by some German or Austrian, it is stated that this bridge is one hundred and sixty miles north of the point of mobilization, and there is nothing to show that it was destroyed by design. At the same time Colonel Hughes points out that all guards at railway bridges or other public works are instructed to shoot to kill in case orders are not obeyed by anyone acting in a suspicious manner.

OTTAWA, Aug. 10.—Colonel Sam Hughes, Minister of Militia, told the newspaper men tonight at a conference he had with them in his office, when discussing the shooting of a tramp under a bridge at River Quille, Quebec, at a point on the Intercolonial Railway, by a guard on the bridge, that all such sentinels on duty had been instructed to 'shoot to kill,' when their challenge was not answered.

More Than Half Million British Troops Now Under Arms Not Counting Reserves

LONDON, Aug. 11—According to today's Times, Great Britain is now well on with her mobilization, and has between 500,000 and 600,000 men under arms, not counting the national reserves.

"We should, therefore, view the situation with comparative equanimity," says the Times, "and not be turned from any masculine resolve by the threat of assault by the Germans."

20,000,000 Men Now Under Arms in Great European Conflict

ENGLAND	700,000
FRANCE	4,000,000
BELGIUM	250,000
GERMANY	5,000,000
AUSTRIA-HUNGARY	3,000,000
SERBIA	300,000
ITALY	1,500,000
RUSSIA	5,400,000

TOTAL MEN UNDER ARMS

20,150,000
