

Why do you coddle Corns?

Why soak them and pare them? It brings only brief relief.

Blue-jay will stop the pain instantly. It will end the corn completely, and in 48 hours. It is doing that to a million corns a month.

The chemist who invented Blue-jay solved the whole corn problem.

Apply it, and the corn is forgotten. It will never pain again. Gently the Blue-jay then loosens the corn, and in two days the corn comes out.

No pain, no soreness, no annoyance. And that corn will never need treatment again.

Old-time methods will not do this. Let no one claim they will. But Blue-jay does it, and has done it for sixty million corns.

Prove this to-night.

MAYOR JONES REFUSES

(Continued from page one.)
that the town should build walls where needed. It will do away with plank sidewalks.

Coun. Dibblee—The building may be on the street but it is not Mr. Fleming's fault—it was there when he bought it. Others are also on the street. The town stood part of expense of walls under other buildings and Mr. Fleming is entitled to same consideration.

Coun. Burden—Sixty-two and a half dollars is not much, but where will it end? Coun. Dibblee's argument that it was done before does not make it right now.

Coun. Jones—Many people complain of same conditions. If this is done for Mr. Fleming everyone who comes and asks for a wall should have one.

Mayor Jones—What is the cost of plank sidewalks?

Coun. Gallagher—The town must keep up the sidewalks and I contend it wall is put in we do away with sidewalk.

Coun. Jones—I will remind Coun. Gallagher that in twenty years fifteen dollars has only been spent on sidewalk on King street.

Coun. Gallagher—Part of the work

on King street cost \$200.

Coun. Jones—This was on the Bradley property and will not have to be done again for two hundred years.

Mayor Jones—I would suggest that we leave the council does in this matter, be done very carefully.

Coun. Jones moved that the Board visit the property and look it over. Carried.

Coun. Lindsay—Suppose council finds out wall is required, will it be built or will Mr. Fleming have to wait another month. This should be done at once. The town has paid half cost in other places and should do so here.

Coun. Dibblee—It is hardly fair to make Mr. Fleming wait. (The Board decided to visit the property).

Mayor Jones—The account in the bank has been overdrawn without authority and I feel that the council should pass a resolution authorizing the Mayor and Treas. to issue checks to the amount of \$15,000.

Coun. Gallagher moved that the authority be given.

Coun. Lindsay—I am opposed to this motion. We are authorized to overdraw \$5000. If the Mayor thinks that overdrawing is not right he should not do it.

Mayor Jones—I, as a lawyer, may think that bills passed and ordered paid by resolution might not be entirely satisfactory. Surely Coun. Lindsay does not mean to insinuate that the Town Treasurer and Mayor will not be backed up by this council. I signed checks as I realized it as a necessity. I think the finance committee should take more strenuous step to collect the taxes. This council should take steps to do so. Liens should be enforced. We have a town treasurer who should collect—the law gives him the power to do so. Unless I am backed up by the council I will refuse to sign any more checks.

Coun. Dibblee—I don't think for one moment that the council will not back you up, Coun. Lindsay, who has objected to this request, was Mayor at one time and I would ask him if he did not allow the account to be overdrawn?

Coun. Lindsay—"Yes."

Coun. Dibblee—I second Coun. Gallagher's motion.

Coun. Lindsay—I don't want the Mayor to think that I am doing this to reflect on him. The only way to bring the citizens to realize the condition is to stop payments.

Coun. Gallagher—"I think its the finance committee that should be censured. There is no reason under heaven why property owners should not be made to pay their taxes."

Coun. Lindsay—Three months ago you couldn't collect taxes—now it is getting easier. If Coun. Gallagher will help get money in instead of spending it we would welcome his help.

Coun. Gallagher—Why not sue instead of advertising, what good did that do?

Coun. Jones—Coun. Gallagher should not censure Coun. Lindsay as he was given full power to act and this council should stand behind him. We are overdrawn and it must be paid. The Mayor is the least to blame for we incur the bills and

pass them. It would be better for all departments to economize. A lot of taxes are yet unpaid in spite of the advertising. It is all very well for Coun. Gallagher to say collect the taxes, we have heard this for ten years. The only case of a jail sentence for non-payment was a poor man who was absolutely unable to pay. And it will be the poor man against whom the law will be enforced this time.

Coun. Gallagher—I mean to collect from the rich man.

Coun. Jones—No lawyer will make a collection—they all have their friends and clients. Divide the list among the whole of them and you will get better results.

Coun. Lindsay—The delinquent list does not belong to the present finance committee—it is a legacy of last year and other years. I agree that taxes of 1913 should be collected in 1913.

Coun. Gallagher—In Houlton the assessment is \$105,000 and the delinquent list is less than \$500. They have a collector, and we should appoint one, pay him, and have him devote all his time to collecting.

Coun. Lindsay—Final notices are now being sent out.

Mayor Jones—It is not necessary to send out notices. You already have judgment and the town treasurer can issue executions. Only when lien expires is it necessary to sue. The statute gives you the judgment. I would suggest that committee of the whole council sit this tax list before new list is out.

At this point the list was brought in and carefully scanned with the result that executions will be issued against defaulters of 1913.

The council visited Mr. George Fleming's property Tuesday and after carefully looking the ground over voted that the town would not pay any part of cost for retaining wall.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

The Sentinel's contests in the past have been marked by fairness and satisfaction to all participating. It will be the same in the present contest, which you are invited to enter.

GIVES QUICK RELIEF

OBITUARY

GEORGE ALLEN BULL.

On Monday, June 8th, after an illness of about a month, there passed away at his home in Grafton, one of Northampton's oldest citizens in the person of G. A. Bull, in his 80th year.

George Allen Bull was the eldest son of the late Warren C. Bull and a grandson of Capt. George Bull, a United Empire Loyalist, and one of the first men to fall a tree in what is now Carleton Co. His mother was formerly Miss Caroline Perley, a sister of the Hon. Chas. Perley, well known in the earlier days of Woodstock. Mr. Bull was ever known as a careful and thrifty farmer and after acquiring a competence retired from his farm and for the last ten years has been living quietly in Grafton.

He leaves one daughter, Miss Alice, and four sons, Warren, Horace and Milton, at home, and Allen in the West. Chas. P. Bull is a brother of the deceased.

DONALD STEWART

Donald Stewart, who until recent years was a well known resident of Grafton, died at Vancouver last week at the residence of his son John, aged 80 years. Mrs. Asa Bragdon, Grafton, is a daughter of deceased.

ROLAND WILLIAMS

Roland Williams, son of Mr. and Mrs. Edward Williams, died at the Fisher Hospital Monday morning, aged 38 years. He was taken to the hospital by ambulance from his home near town, on Friday, but a skillful surgical operation on Sunday was ineffectual in saving life. Beside his parents, his widow and one child, two sisters, Mrs. Wallace Walker and Mrs. John Palmer, and one brother, Edward, survive.

HOW TO GET STRENGTH

after any sickness is purely a matter of nourishment, whether the attack was an ordinary cold or severe illness; the weakened forces cannot repulse disease germs, and this is why a relapse is so often fatal or why chronic weakness often follows sickness.

Restoring strength to millions of people for forty years has proven the real need for taking Scott's Emulsion after any sickness; nothing equals it—nothing compares with it. Its pure, medicinal nourishment, free from alcohol or opiates, promptly creates rich blood, strengthens the nerves and lungs to avert tuberculosis.

KIRKLAND

The King's birthday, June 3rd, was observed as a public holiday in the schools.

Mrs. Matilda Bustard who is stopping in Woodstock, spent a few days recently with her mother, Mrs. E. Graham.

John Kennedy of Maxwell, who is building a new house, has the carpenters working at it now.

Fishing is the order of the day. The W. A. of the Anglican church held their monthly meeting at the home of Mrs. Albert Dickinson, June 5th.

The W. F. M. Society held their monthly meeting at the home of Mrs. George Dickinson, May 17th.

WILLIAMSTOWN.

We are having cool dry weather; rain is very much needed; grass is looking well. There is a lot of grain to be sown yet. Some are not done planting.

Train came up the Valley railroad yesterday, and the farmers are loading potatoes today.

The autos were more numerous than wagons yesterday on this road.

Quite a number from here attended the baptism at Charleston yesterday. Rev. Mr. Jenkins was the officiating minister.

Miss Akerley, Centreville, spent a few days last week with her friend, Miss Fern Page, Miss Harold, teacher at Lakeville, also spent last Saturday and Sunday with Misses Fern Grace Page.

Mrs. Harry H. Ims, Houlton, is visiting her parents, Mr. and Mrs. John A. Watters.

Mr. and Mrs. John Reed, Centreville, were callers at Robert D. Smith's, Pioneer, Sunday.

Mr. Harvey Walton, Charleston, is assisting Mr. Wm. McWaid with his farm work.

Mr. Lindow Graves, Jacksonville, passed through this section Sunday with his automobile.

A drunken man on this road or in the ditch most all day. This is a Scott Act country.

Miss Maggie Travis is assisting her sister, Mrs. James Bradley.

Miss McLean, Charleston, has returned home after assisting Mrs. Wm. Emery, for a few weeks.

Mr. Nelson, Bridgewater, Me., was in this place with an auto last Sunday.

Miss Sarah Jameson visited near Lakeville last week.

Quite a number are preparing to build in this section this summer.

There has been a lot of sickness around here this spring. Mr. John King, Lakeville, is gaining fast after being very low for some weeks. Mr. Andrew Jameson, another aged man, has been sick the last two months, but is some better this week. Mr. George Watters is also on the sick list, but is able to walk a short distance.

June 3rd—Snow fell this morning enough to make the ground white, and now it is blowing from the north and very cold.

SAVE THE CHILDREN

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets cure these troubles, or if given occasionally to the well child will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the new-born babe. They are especially good in the summer because they regulate the bowels and keep the stomach sweet and pure. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CYRUS A. DIFFIN IN ST. JOHN

(Continued from page one.)

sioner Potts. Both say that the commissioner is always wrong, probably without realizing the responsibility they are taking. The Mayor thinks that the public is bigger than one man, no matter who he is, although not so well united.

Like Niagara Falls, St. John, is the headquarters of the commission investigating the crown lands and Valley railway scandals—or it will be unless the weather in Fredericton is made to meet the requirements of Commissioner Wells, who is very particular about such matters. Mr. Flemming has been here and in his grandfatherly way, told a reporter

that even with the \$15.00 a mile graft, charged, the province made money, and this statement while very illuminating still has the unique result of giving special benefits to the few, and only a select "Few." The Valley Railway industry continues to flourish and St. John still has hopes that it will ultimately reach the city although it is pretty hard work to delay the Flemming inquiry, separate the various deals and carry out all the deception at one time. It requires a lot of brain work. I expect to be here for some days and if anything should happen in connection with the "get-rich-quick scheme" before the 16th, I will write you. (If report is true there will be some happenings).

Yours truly,
CYRUS A. DIFFIN.
