

That Won't end Corns

That liquid, that plaster—based on old ideas—won't terminate a corn.

Don't try it. Your druggist has a new way—the scientific **Blue-jay**. It is so efficient, so easy, so painless that it now removes a million corns a month.

The way is this: Apply **Blue-jay** at night—it takes only a moment. From that time on the corn will cease to pain.

Forget the corn for two days, then simply lift it out.

Blue-jay loosens the corn. In 48 hours you can remove it without any pain or soreness. Folks have proved that, up to date, on sixty million corns.

Stop paring corns. Stop the old-time treatments. End your corns forever in this simple, easy way.

Try it on one corn.

TWENTY YEARS AGO

From the Sentinel
February 24th, 1894

On Saturday morning Miss Catherine Smith, sister of Mrs. J. H. Wilbur, with whom she was staying at the Wilbur House, not leaving her room at the usual hour, some members of the family went to the room and discovered the body, in a kneeling position at her bedside, dead, the body quite cold. The lamp was still burning. Evidently Miss Smith expired suddenly while engaged in her devotions. The remains were subsequently removed, in charge of J. H. Wilbur, jr., to Bathurst for interment.

A young lad Phil. Estabrooks, son of William Estabrooks, aged 7 years, died last Friday from injuries received while coasting.

Speeches, and good ones, were made by W. S. Saunders and A. Myles, at the Gospel Temperance meeting, Sunday evening. The attendance was large.

Charles Campbell has been appointed preventive officer at Richmond.

John Connor sold his Aurora colt, Mam Bessie Morris, to F. J. Hannon of Bangor, for a handsome price.

Messrs. J. N. W. Winslow, William Dibblee and J. C. Hartley have been in St. John this week discussing with the St. John Board of Underwriters the advanced insurance rating in this town. The agents have protested against the new rating.

The apple race in the rink on Wednesday evening called out a large audience which thoroughly enjoyed the fun and the band exercises. The race resulted as follows:—Fred Buck basketed 141 apples, Geo. Glew 124, Thos. Courtenay 113, Willie McDonald 113, Chas. Donnelly 99, J. W. Hamilton 99. Fred Buck was declared the winner and took the barrel of fruit. Some of these boys bought the apples and the proceeds furnished an oyster stew. The members of the band, by their constantly new and interesting programs presented for the gratification of their patrons are making the rink increasingly popular.

The Little Presque Isle C. R. A., will hold their annual meeting Monday evening, March 2nd, in True Blue Hall, at Wilnot. All members are requested to attend.—ARTHUR DeGRASS, Sec.

The following are two items taken from a California paper of recent issue:—"The announcement of the engagement of Mr. Archie Shaw of Woodstock, N. B., and Miss Mary Johnston of Los Angeles, was announced last week."

"Messdames Harold Harden, Warren Currier and Vaughn Francis entertained in a happy manner Tuesday evening, at the home of the latter. The guests of honor were Miss Mary Johnston and Mr. Archie Shaw, whose engagement was announced recently at a luncheon in Los Angeles. Palms and ferns decorated the rooms where four tables were arranged for progressive games. The score cards, which little Miss Lillian Francis punched, bore a dainty etching of a filmy veiled bride. Hearts were trumps all evening."

Holtville Tribune, Holtville, Calif.

In the operation of the new parcel post the points within a twenty

mile radius from Woodstock are:—The parishes of Richmond, Wakefield, Wilnot, Simonds, Northampton, Peel and Brighton and a large part of the parishes of Wicklow, Kent and Aberdeen, and the post offices of Centreville, Tracy Mills, Boundary Line, Greenfield, Chester, Bristol, Fielding, Glassville, Gordonsville, Knowlesville, Howard Brook, Carlisle and the two Cloverdales being within the limit. In York county it will take in all the post offices in the parishes of Canterbury, Southampton, and the upper offices in the parishes of North Lake, Du fries, Queensbury and Brighton. At such places as Fosterville, Canterbury Station, Skiff Lake, Eel River, Allan-dale, Pokiook, Shogomoc, Hawkshaw, the Barony, Grand View, Green Bush, Nackawick, Rossville, Hartfield, Pinder, Millville, Haynesville, Upper and Lower Caverhill, Maple Ridge, Maplewood—as many of these offices are not served by the Express Co. the new service will be of particular benefit to them. It is expected that the new system will be of advantage to local markets everywhere.

Mrs. J. Rankin Brown gave a very pleasant auction bridge of three tables on Saturday evening last, in honor of her guest, Miss Main of St. Stephen. The hostess wore a dress of blue silk trimmed with velvet and lace and Miss Main was gowned in a very stylish costume of brown velvet. Mrs. Brown was assisted by Mrs. T. F. Sprague. The guests were Miss Mildred Balmmain, Miss Bentley (Halifax), Miss Jean Sprague, Miss Grace Jones, Miss Mabel Lister, Miss Alice Sprague, Miss May Marley, Miss Hattie Gabel, Miss Helen Woolverton, Miss Viva McAfee, Miss Tot Denning, Miss Mary Sprague and Miss Main. The prizes were won by Miss Alice Sprague, Miss Helen Woolverton and Miss Main.

ZAM-BUK

MRS. A. SAICH, of Cannington Manor, Sask., Writes:—"My brother suffered severely from eczema. The sores were very extensive, and burned like coals into his flesh. Zam-Buk took out all the fire, and quickly gave him ease. Within three weeks of commencing with Zam-Buk treatment, every sore had been cured."

This is but one of the many letters we are constantly receiving from people who have proved the healing powers of Zam-Buk. For eczema, piles, sores, burns, cuts and all skin troubles there is nothing like this wonderful balm. No skin disease should be considered incurable until Zam-Buk has been tried.

TURNING SEARCHLIGHT ON SCANDAL-HUNTERS

Greatest Lawyers in Canada Explode One of the Charges of the Hyphenated Investigators

OTTAWA, Feb. 19—All the facts brought out since the report of the National Transcontinental scandal-hunting commission was tabled in the House on Tuesday last have tended to show with increasing emphasis the inconsistencies and the misrepresentations made, for partisan purposes, by Messrs. Guelius and Lynch-Staunton. Returns tabled in the House yesterday showed that the "economies" which the Government has ostensibly wished to effect in the construction of the road, as an excuse for the charge that millions were being wasted, included very serious changes in the standard of construction against which repeated protests had been made by the Grand Trunk Pacific.

Returns tabled today give further evidence of the efforts of the Commissioners and of the Government to break the agreement with the Grand Trunk Pacific and to deliberately misrepresent the real facts of the case.

ONE CHARGE EXPLODED.

One of the returns tabled today conclusively answers one charge made by the investigators that \$4,500,000 of the alleged \$40,000,000 waste had been in connection with the construction of the Transcontinental shops at the Western terminus of the National Transcontinental. Messrs. Guelius and Lynch-Staunton in their report say that this expenditure was "in our opinion not authorized by law."

As opposed to this expression of legal opinion, the files of the National Transcontinental Commission show explicit opinions from their own law clerk, Mr. H. Atkinson; from the Deputy Minister of Justice, Mr. E. L. Newcombe, K. C.; from the former Minister of Justice, Sir Alan Aylesworth; and from Sir William Whyte, the arbitrator appointed to fix the rental to be paid by the G. T. P. for the use of these shops, all declaring that the Commission was in duty bound and was quite within

POTATO EMBARGO MODIFIED TO-DAY

INFORMATION FROM DENMARK AND BELGIUM ALLOWED.

WASHINGTON, D. C., Feb. 21—The quarantine on potatoes was modified to-day by the Department of Agriculture so as to permit the importation under certification and inspection, of that vegetable from Denmark and Belgium. This action followed an investigation by the department of conditions in those countries which showed them to be free from injurious potato diseases and insect pests.

The quarantine, which went into effect January 1st, forbade the entry into the United States of all potatoes from Canada and Europe. On December 18 a hearing was held by the Federal Horticultural Board at which representatives of many of the countries affected were present to protest against the ban. At the hearing, also, were many senators and representatives, who urged an unrestricted quarantine to protect the American crop, even though it should result in higher prices.

Edison Diamond Disc The Phonograph with the new voice

This wonderful Edison achievement is more than an amusement phonograph. It is a beautiful musical instrument—beautiful in tone and beautiful in design. It represents years of study and experiment in sound reproducing and musical acoustics.

The Special Reproducer, with its diamond point, has given the instrument a new voice—tones of marvelous depth and mellow sweetness.

The records are of a material heretofore unknown to record making. Years of playing will not affect their perfect playing qualities.

All Edison Discs are of the cabinet (hornless) type, made of rare woods along graceful lines. Hear this new Edison. Compare it with any others you have heard. It is a decided advancement in musical reproduction.

Edison Diamond Disc Phonograph. Mahogany cabinet, gold-plated metal parts. Fitted with automatic record feed, powerful spring motor with worm gear, diamond-point reproducer and automatic stop.

GOOD CORNER

Pity me! pity me, do! I'm frozen and what shall I do? For I can't make you think with paper and ink of the troubles that I've come through. I'm wheezing and sneezing and freezing; the mercury is forty below. It snows and freezes a couple of days; and the rest of the week it blows.
