### HUNDREDS OF SALMON TRYING TO JUMP THE DAM?

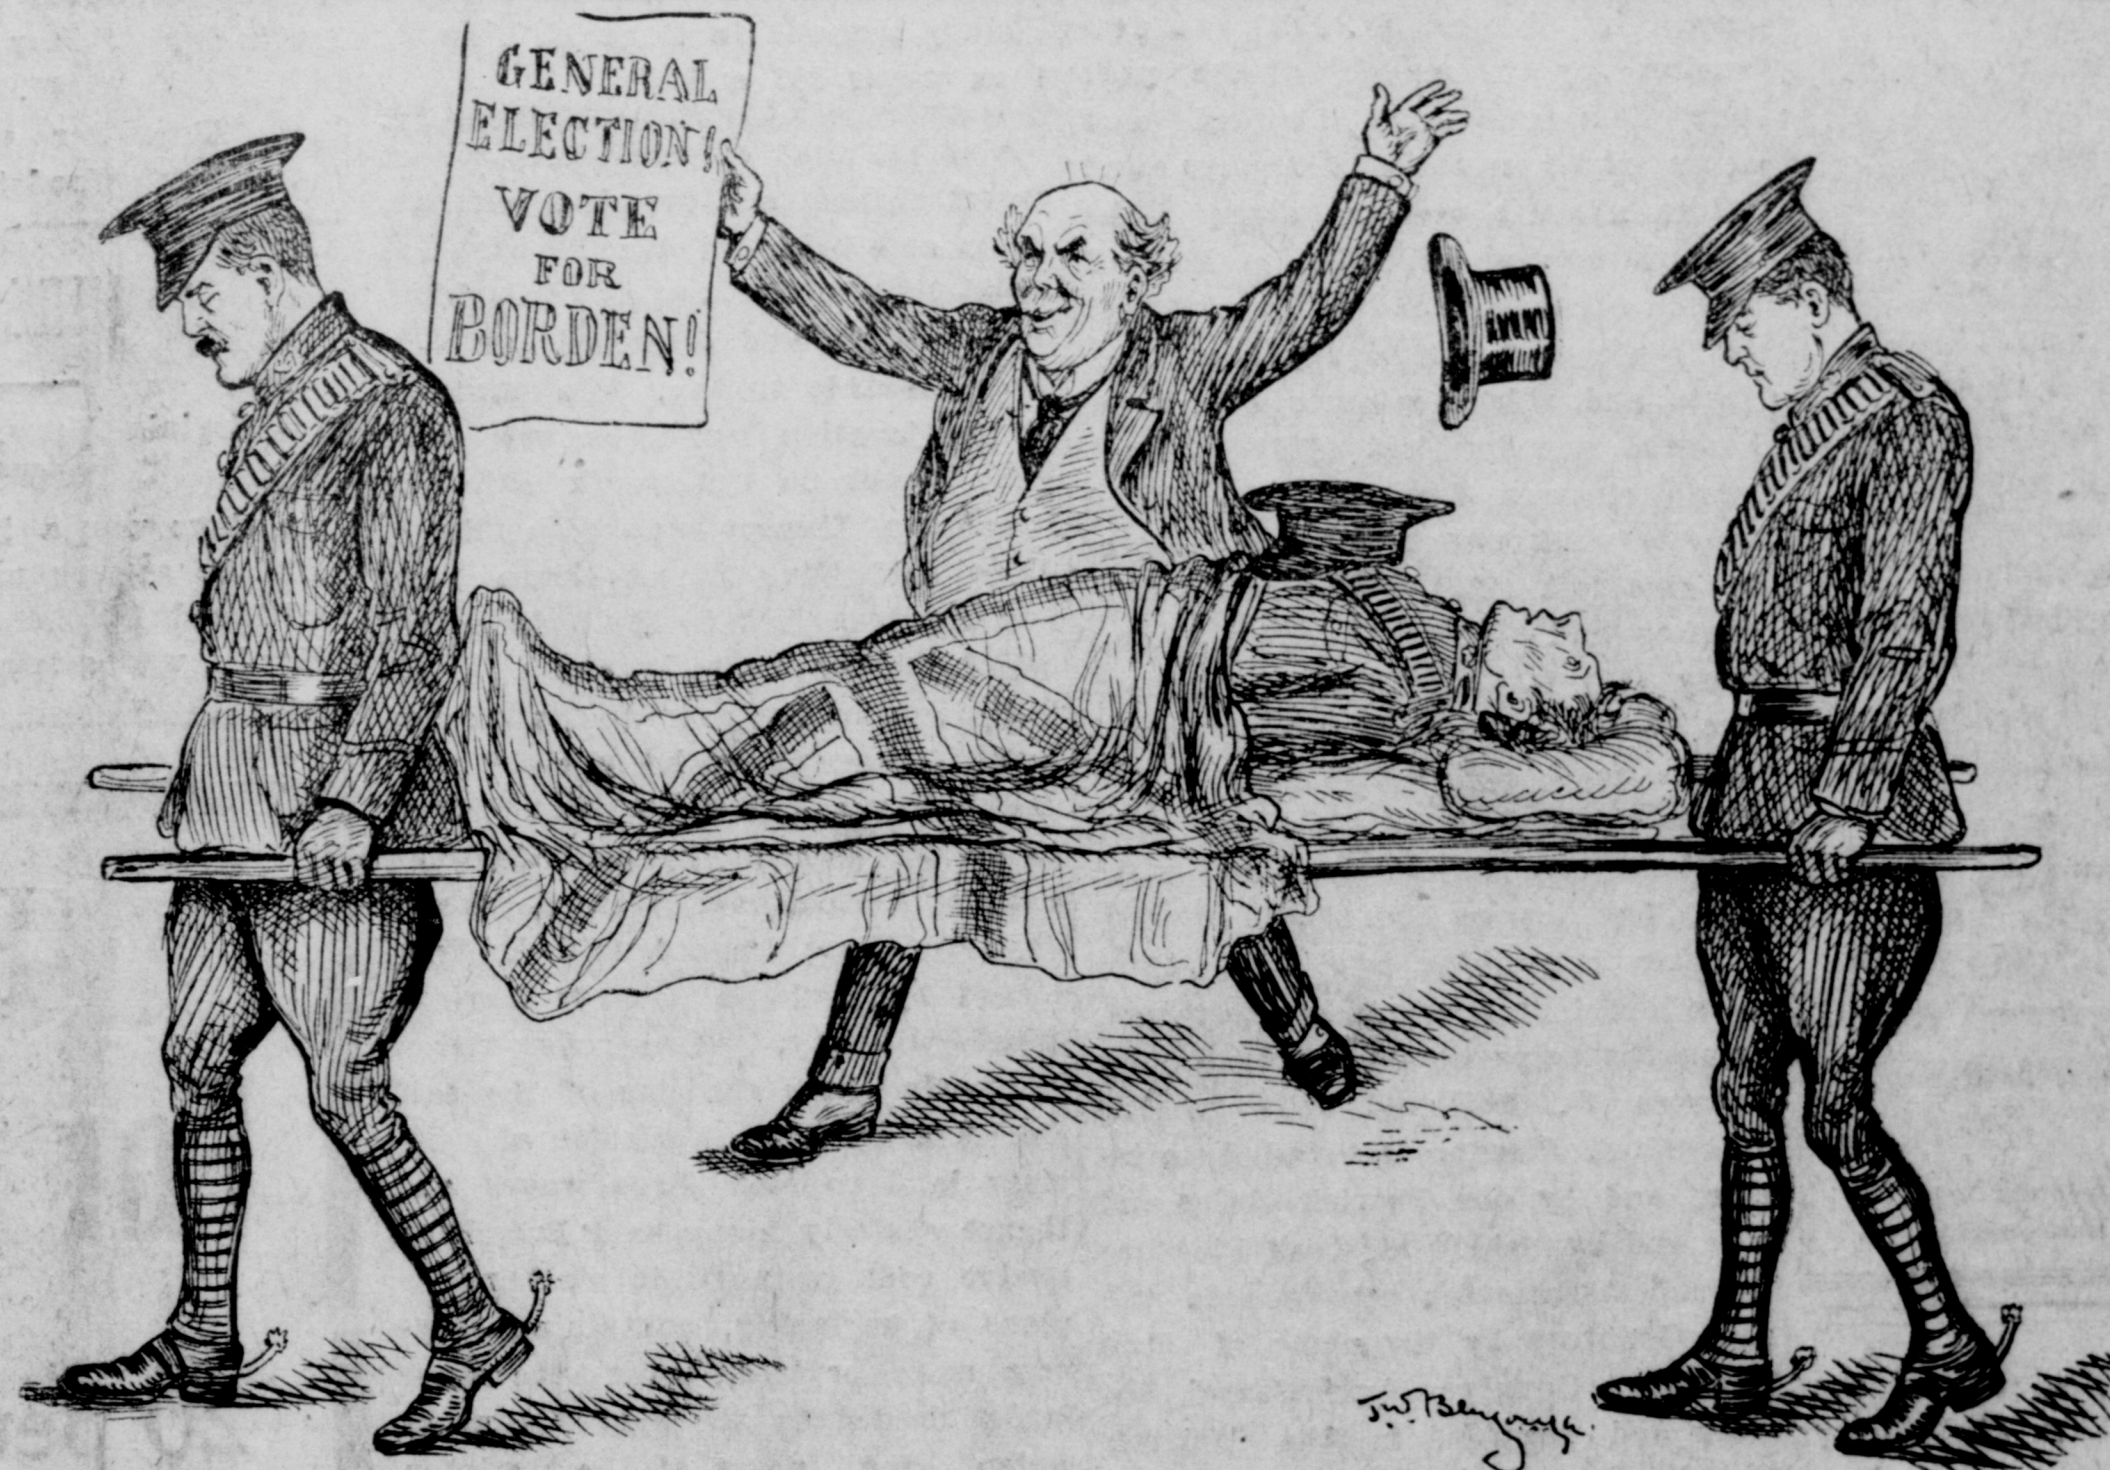

(Houlton Times.)  
That there is not as good salmon fishing in the Meduxnekeag stream as in the St. John River is the fault or neglect of the community, and

this neglect is for the same reason as other things that any community can get vs. that there is no one to go ahead.  
With a fishway at Woodstock and one at the dam at this town the brooks and lakes that supply this river would be great spawning beds for this delicious fish and would give Houlton as good fishing as any place in the state.

A resident of Woodstock in conversation with a citizen of this town told him that he saw hundreds of salmon trying to jump the dam at Woodstock in their endeavors to get up the Meduxnekeag stream. According to the provisions of a treaty with Canada it is their duty to put a fishery in all streams coming from the United States, and it is simply neglect and lack of appeal to the proper officials of Canada that this

has not been done.  
After this has been done it would be an easy matter to get one put in the dam here and then we would have some fine fishing.  
Wouldn't it be a good idea for some one to get busy, communicate with our obliging and efficient Representative Guernsey and have a fishway provided at Woodstock?

The celebration of the 83rd anniversary of the First Baptist church of Calais, Maine, had a strong Canadian flavor. The pastor of the church, Rev. Charles Sterling, was recently pastor of the Union church at McAdam Junction. The anniversary sermon was preached by Rev. A. C. Berrie, of Eastport, late of Woodstock (N. B.), and an address was delivered by Rev. W. C. Goucher, D.D., of St. Stephen—Maritime Baptist.

## TOWN FATHERS HAVE IMPORTANT MATTERS UNDER REVIEW

**First Real Move Made in New Water Supply—Distinguished Engineer to be Brought Here—Coun. Young Wants Drastic Measures Taken with Imperial Packing Company**

Coun. Noddin Second Motion but Both Councillors Refuse to Vote—Night Officer McArron Resigns—Has Creditable Record of Twenty-four Years Service—Applications for Position—Twenty-four New Lights Will be Installed—Too Much Water from Roofs of Buildings, Not Enough from Sprinkler

The guardians of the town met in regular monthly session Monday night. Every member of the Board was in his seat—the Mayor presided and the town clerk was in his place. Routine business was dealt with and the several bills presented were placed in the hands of the Audit committee, as was the report of the town treasurer—which by the way shows a balance of nearly \$2000 on the wrong side—but the assessment that is so eagerly looked for will soon be doing duty and all these deficits will be wiped out.

Coun. Leighton of the water committee, said it had been decided that an expert was required to report on the water situation. "The undertaking," said Coun. Leighton, is too large to be dealt with by this or any other council without expert advice. He would move that the water committee be authorized to bring Mr. Barbour here at an expense not to exceed \$50 per day. Seconded by Coun. Young and carried.

Coun. Leighton spoke on the light situation and moved that changes be made as per the following proposition:

Woodstock, N. B.  
June 3rd, 1915.  
C. D. Johnston, Esq.,  
Mgr. W. E. L.

Dear Sir:—

The Electric Light Committee of the Town of Woodstock would recommend the removing of the following Arc Lamps, Cor. Center and Queen St. South. Corner of Division and Center St. Water St. Wellington St. (near old Queen Hotel). 3 lamps on Richmond St. Corner of Orange and Pine St. Corner Orange and Elm St., and putting up the following small lamps:

1 Center St. and Broadway.  
1 Corner Division St. & St Gertrude Street.

Also instal incandescent Lamp near Foundry St., east of C.P.R. For the sum of \$365.00.

Respectfully submitted  
John S. Leighton, Jr.,  
Chairman Committee.

We agree to the above sum of \$365.00  
Woodstock Electric R. L. & Power Company.

C. D. Johnston.  
A long discussion took place over the buildings along the public streets not having proper gutters to carry the water off. Queen street was especially bad and it was time the owners of these buildings were made to recognize the rights of citizens who could not use the sidewalks in rainy weather, owing to the water from roofs of buildings. The street committee said they would attend to the matter.

In the matter of the Imperial Packing Company, Coun. Young reported that he was informed that it would be impossible to put on the insurance as asked for by the town. The original company is not now in existence and parading this matter does no good to anyone.

Coun. Leighton—If the Fin. Com. had done their duty the matter would not have been paraded, as Coun. Young says, it would have been fixed up. The law distinctly says they must put on \$5000 payable to the town. They have not paid taxes until this year. It's up to the Fin. Com. to have this insurance put on.

Coun. Young—If Coun. Leighton wants to advance business why did he not bring this up before.

Coun. Leighton—I did not get all the facts until recently, but I can tell you that according to law the Imperial Packing Company must put on insurance payable to the town.

Clerk Hartley—We always had insurance on this property up to three years ago when the matter was then talked about.

Coun. Smith—As soon as I bought my property I was asked to put up insurance. I was paying taxes on what I bought and had no right to pay insurance. If the taxes are paid back I will willingly pay one half the insurance.

Coun. Noddin—No insurance Company would put \$5,000 on this property. If the council followed this they should make Coun. Smith

## MILITARY NOTES OF LOCAL INTEREST

**Woodstock Boys in the War Zone—Recruiting for the 55th Battalion Continues Good—Col. Kirkpatrick Here Saturday—Well Pleased With Work Accomplished**

Moncton, June 8—According to the statements made by members of the 55th Battalion who have arrived here there was no "desertion," from Camp Sussex, the absentees not being dissatisfied with the service.

They say that, as many of the men were being drafted for the front, those who were volunteering to leave soon wished to go to their homes before sailing. It is said that as it is not known just how soon they were to leave for the front no 'leave of absence' could be granted and consequently some decided to go home and abide by the results rather than miss seeing their relatives.

Harleigh Watson, son of P. A. Watson, left Woodstock on Saturday night to join the 55th Battalion at Sussex. He was waited upon by his fellow employes of the Woodstock Woodworking Factory and presented with a shaving outfit.

Despatches from Ottawa announce that Lieut. Col. H. F. McLeod, M.P. of Fredericton, has gone to France as commanding officer of the Canadian troops at the general base depot. This depot is the one from which drafts from England are sent to other bases.

Private John W. Coburn, brother of Mrs. George H. Turton, of Fredericton, was killed while fighting with the 13th Battalion of the First Canadian Division.

Mrs. Pauline Winslow who went over to England with one of the corps of nurses, is at present employed in the war office in London.

Lieut. Raymond Jones is in the hospital at Shorncliffe with a badly injured knee.

Michael Chester, of Tracadie, who enlisted here with the 55th Battalion died at Sussex after an operation for appendicitis.

Writing to a St. John friend one of the soldiers says: "I also saw Col. 'Billy' Good, who also comes from New Brunswick. He is with the remount department in England but will probably get over here sooner or later, as he has a habit of getting where he wants even if it takes some time."

Private George A. Rolston of Woodstock is reported suffering from shock. Pte. E. Parsons is reported wounded. Both these young men left here with the infantry.

Earnest Rimes, whose name has appeared several times in this paper as "A. Ryan", left here with the contingent that went to Halifax.

Most of this contingent were in Ber-stements made by members of the muda during the winter and are now at Amherst, where the Germans are interned!

Rev. John D. Freeman, former pastor of Germain Street Baptist Church, St. John, has received a message to the effect that his third youngest son, Lance Corporal Wm. Dain Freeman, was killed in action in Belgium on May 15 while fighting with the Leicestershire Regiment of the British expeditionary forces. The late Wm. D. Freeman was born in Fredericton, while his gifted father was pastor of the Brunswick Street Church there.

Recruiting at the armory is going on quite satisfactory. Lieut. Hamilton has enlisted 27 during the past ten days. Lieut. Col. Kirkpatrick was here Saturday and expressed himself as highly pleased with the type of new recruits at this point. He intimated that he would send two officers here to assist Lieut. Hamilton in the campaign.

The following are on the Honor Roll up to date:  
J. A. Chandler, St. John.  
William Murchison, Four Falls.  
Howard Fowler, Lakeville.  
John R. Hynes, Woodstock.  
Charles Greer, Woodstock.
