MRS. THOMAS BAKER MEETS WITH SERIOUS ACCIDENT

Well Known Throughout Maritime Provinces—President of Rebekah Assembly I.O.O.F.

Many friends throughout the Maritime Provinces will be grieved to learn of the painful accident that happened to Mrs. Thomas W. Baker, president of the Rebekah Assembly, I.O.O.F., for the maritime provinces of Canada, Monday morning. While in the act of hanging out clothes at her residence in adjusting the clothes line from a high platform the rope broke. Losing her balance she was thrown some ten feet to the ground and in the fall on the frozen ground both bones of her right limb were broken between the knee and ankle. Mrs. Baker was at her home alone at the time, but it is happened that a small boy entered the yard a few minutes before and he gave the alarm. Kind friends rushed to her aid. Dr. Prescott and Dr. Sprague were promptly called and reduced the fracture and at the present time she is resting quietly. Only a few days ago Mrs. Baker returned from Nova Scotia from making her official visit in that part of her jurisdiction in connection with the Rebekah institution.

GEORGE RADCLIFF INSTANTLY KILLED

Attempting to Jump on Loaded Team Fell and Wheels Crushed His Head—Lived in Jacksonville

A distressing accident occurred Tuesday night by which George Radcliffe was almost instantly killed. The young lad, who is about 14 years of age, was riding from Woodstock to his home in Jacksonville with Rev. Henry Hart, after going within a mile of his home, or as far as Mr. Hart was going, the young fellow attempted to jump on Fred Burpee's team on which was a heavy threshing machine, in some way he fell and the wheels passed over his head crushing it in a dreadful manner, causing his almost instant death. Radcliffe is an English lad and has been here about three years, living with Mrs. Dr. Secord. He was a quiet unassuming young fellow and well thought of in the community in which he lived. The funeral was held Thursday.

Farmers Holding Their Hay For \$14 and \$15

Pressing Stopped—To Be Resumed When Mr. Smith Pays the Price—Mr. Carvell Performs a Great Public Duty

As one result of Mr. Carvell's posture of the hay scandal \$15,000 has been switched to the pockets of the farmers of Carleton and Victoria counties. But the good work has not stopped.

HAY TODAY CAN ONLY BE BOUGHT BY PAYING \$14 AND \$15 PER TON.

Farmers have stopped pressing and will not resume until Mr. Smith pays the price. Those already under contract at \$12 a ton are up in arms and Smith will find some trouble in making them carry out the terms of the contracts.

There is a well defined rumor that a prominent "higher up" is closely connected with the odium of the attempted outrage.

Smith is trying to cover up his discomfiture with the aid of the graft press but the public, especially the farmers, will not be deceived by their ravings. His attempt to duplicate the big haul on the patriotic potatoes has been frustrated.

The tory St. John Standard remarks: "THERE IS NO DOUBT THAT IF THERE IS ANYTHING WRONG IN MR. SMITH'S HAY CONTRACT BY WHICH PUBLIC MONEY IS BEING LOST, OR UNDUPLICATE PROFITS MADE AT THE PUBLIC EXPENSE INVESTIGATION CAN BE SECURED AS WAS DONE IN OTHER CASES."

Will the Standard and Gleaner help bring on the investigation? It should be easy—the charges are made over Mr. Carvell's signature.

TOWN COUNCIL MEETS THREE DELEGATIONS

Recruiting Committee and Band Ask For Financial Assistance—Coun. Noddin Says Mayor and Council Ignored—Wants to Know Where Rent of Island Park Goes—Taxes Must be Paid Dec. 21st in Order to Have Vote—Report of Town Treasurer.

The town council met Monday evening in regular session, with all present. The minutes were read and approved. The agreement with Mrs. Jamieson for lot on which crushed stone are located was continued for six months, on same terms as before. Mr. W. E. Stone was heard in reference to financial assistance for the band. The matter was left in the hands of Couns. Leighton, Noddin and Young to report Friday next.

Coun. Smith reported on hose conditions and asked that Mr. Gunn, the Canadian Hose Company be heard. He submitted three samples and strongly recommended one at \$1.00 per foot as suitable for purposes required. No action was taken.

Mr. E. W. Mair was heard on behalf of the recruiting committee. He asked for financial assistance to carry on the work. The amount required for a short time would be small, probably \$100, would be sufficient for present needs. All the towns in New Brunswick are assisting in the recruiting work. No provision had been made for these expenses and it was the intention of the committee to apply to the county council for assistance.

Mr. W. P. Jones endorsed all that was said by Mr. Mair.

Mayor Sutton assured the delegation that the council would deal with the matter and no doubt grant the assistance asked for.

Coun. Leighton reported the purchase of new coils for the pumps, as it was necessary to have them on hand.

A letter from Mrs. Mahel Oldenburg in reference to the street near her house was read suggesting that the town build a fence to keep traffic off the grounds. Laid over for future consideration.

Coun. Fewer presented a bill of \$125 for a safe purchased from J. N. W. Winslow. Ordered paid.

at the railway station. They asked him when the Boston train left. He gave the information and asked them why they were going away.

"Well," one replied, "the farm work is done for the year, and everybody at home thinks we should enlist. We are going to the States and work there until the thing settles down again."

"I replied," said Sergt. Knight, "I hope to God something happens you that you will remain across the border."

"In Campbellton there is an old man named Bob Duncan. His one pleasure in life was an old piano. He sold that piano for \$50 and gave every penny of it to the patriotic fund."

"That is the kind of sacrifice we need in this country," he continued. "Very few of us have given anything that we could not very well do without."

At the close of Sergt. Knight's speech he was given three rousing cheers. The following young men went to the stage and signed the roll of honor:

Victor Santell, Wilfred Rolston, Frank McLeod, Gregory Rickard, Stanley Courtney, Fred Hannington, Wm. Waugh, Nelson Smith, J. M. Burpee, Clayton Steeves.

Y. M. C. A. WILL OPEN SOLDIERS' CLUB

Hall on Main Street Furnished for the Purpose

The National Council of the Y.M.C.A. is about to open a Soldiers Club for the Soldiers in Woodstock. The old Odd Fellows Hall is to be furnished and equipped for this purpose. We need tables, chairs and games such as checkers and dominoes and reading matter; also comfortable furniture of any kind, including decorations for the walls.

We desire to do everything we can for the brave Soldier boys among us this winter. The Military Secretary of the Y.M.C.A. is in attendance at the old Odd Fellows Hall to receive any articles donated for this work, or if he is informed where he might obtain any gifts, he will arrange for them to be brought to the Hall. Gramophone or Ambrola Records will also be very acceptable.

Bills and accounts were read and referred to Audit Com.

U. R. Hanson having reached the age limit in 1910 asked for a refund of taxes for 1911-12-13-14, granted.

A resolution passed by the Board of Health concerning entering sewers was read requesting the council to notify all persons not now connected with the sewers that they must do so before June 1st. On motion a copy of the resolution will be sent parties concerned by the sewer committee.

A letter from Capt. E. K. Connell was read complimenting of a drain that runs through his property. Referred to street committee.

Mayor Sutton read a letter from Lt. Col. Fowler suggesting that stores now in the armory be removed to some other building in order to make room for 125 more men. Referred to the following committee with power to act: Couns. Smith, Fewer and Flemming.

Ordered that the revisors by paid same salary as last year.

Coun. Leighton—I am in favor of making a grant to the recruiting committee but I think we should have more information—a committee should be appointed.

Coun. Noddin—Because a committee comes in here it is no reason we should take action. I am not in favor of taking away the rights of the Mayor. The Mayor should issue a proclamation. This town council has been sidetracked too often, they have no power at all. Look at the library and park. The Mayor and council represent the citizens of this town—if they don't let them get out and the other fellows come in. Here's the machine gun work, in here. Other towns had the Mayor issue a proclamation. What right has a few citizens to go around and insult people who won't do as they say. If we are not competent let's get out. If the recruiting committee wants money let the recruiting officer come here and ask for it. Look at the Island, we get \$80 rent and never see it—Where does it go? Who gets it. The same with the library—we give them \$1200, and are not represented and have nothing to say. This thing has gone far enough.

Mayor Sutton—Personally I am not a bit offended at the citizens raising money for patriotic purposes, if anything it is a relief. The citizens act with the best intentions. This is a poor time to make a change. I feel that it is absolutely essential that the town assist the recruiting committee, they are deserving of some assistance. The people should not be called upon too often. The council should help—it is only fair.

The recruiting committee has done a lot of work already and paid some bills. It is no more than right that we make a contribution.

Coun. Young—This is something that I don't see we can avoid. I am sure we are all in favor of doing what we can. We can't go to the front, same as some of the boys and we should do something.

On motion of Coun. Leighton a committee was appointed to report on Friday night.

Mayor Sutton—Let me say the new papers are to be commended for their good work in advertising meetings, etc., and so far as I know have made no charge. We have a citizens fund on hand but I think we better hold on to it for emergencies that we are sure to arise.

Coun. Flemming—I have no objection to paying money for recruiting, but when certain citizens come here should be appointees of the council. They collected a big amount for the machine gun fund and found out it

(Continued on page four.)
