CARLETON AND VICTORIA'S SONS WHO ENLISTED WITH THE 55TH BATTALION

Will Soon Leave Valcartier for the Battlefields of Europe--Stalwart Boys who Will Do Their Duty

With the departure of Lieut. Hamilton recruiting at this point has stopped. The following is a list of the young men who have answered the Empire's call and enlisted with the 55th battalion, now in camp at Valcartier. With a very few exceptions, the whole list was recruited from Carleton and Victoria, and like those who have preceded them, these stalwart boys will do their duty until despotism is crushed. Carleton and Victoria have answered to the call and are willing to make the last sacrifice in upholding the glorious traditions of the empire. Officers and men

"NOT FURNISHING MAPS AT THIS STAGE OF THE GAME"

Secretary of the Board of Trade Wisely Declines to Furnish Information

A Rather Strange Request from Purported Sporting House—Letter No Doubt Mailed to Many Persons In New Brunswick—Who is "A Nadworny"?

People of intelligence who have had their eyes opened to some of the methods by which the credulity of some people has been played upon since the beginning of the war, will appreciate the caustic reply of the Secretary of the Board of Trade to the request for information as appears in the following letter.

No doubt hundreds of these letters have been mailed all over the country and the information asked for has been furnished in some cases. It will be well to be careful in replying to epistles of this kind.

The letter received by Mr. Holyoke is as follows:—

July 7th, 1915.
Mr. A. D. Holyoke, Secty.
Woodstock Board of Trade,
Woodstock, N. B., Can.

Dear Sir:—
Your name is entered on our list in our Bureau of Information as being able to give us particulars about the province of New Brunswick. We receive a number of inquiries from sportsmen who are contemplating a trip to your country but as we have on our list a number of guides and sporting camps, we have not had the liberty of writing you for information in the past.

We now have an inquiry from a wellknown sportsman who is contemplating a trip to your country this fall. He would like us to secure for him if possible survey maps giving full particulars about the various counties. What we really like to have is a map on a

small scale, that is a large map of each country giving information in regard to topography, etc.

Can you let us know where we could secure maps of this nature also the approximate cost. If you are in a position to supply these, we would appreciate it very much if you would advise us to this effect. Yours faithfully,

New York Sporting Goods Co.,
A. NADWORNYY.

REPLY.
July 27th, 1915.

A. Nadworny, Esq.,
New York Sporting Goods Co.,
15 and 17 Warren Street,
New York City, U.S.A.

Gentlemen,—
I am just in receipt of your favor of July 7th, and note your request for survey maps of the different Counties of New Brunswick, together with information in regard to topography, etc. I also note that this information is asked for on behalf of "A well known sportsman who is contemplating a trip to this country this fall."

Your request may be made in perfectly good faith, and the intention of your client may be absolutely legitimate, but I trust you will pardon me for saying that I am not handing out any information such as you request at this particular stage of the game.

For further information along this line I would suggest that you communicate with the Militia Department, Ottawa.

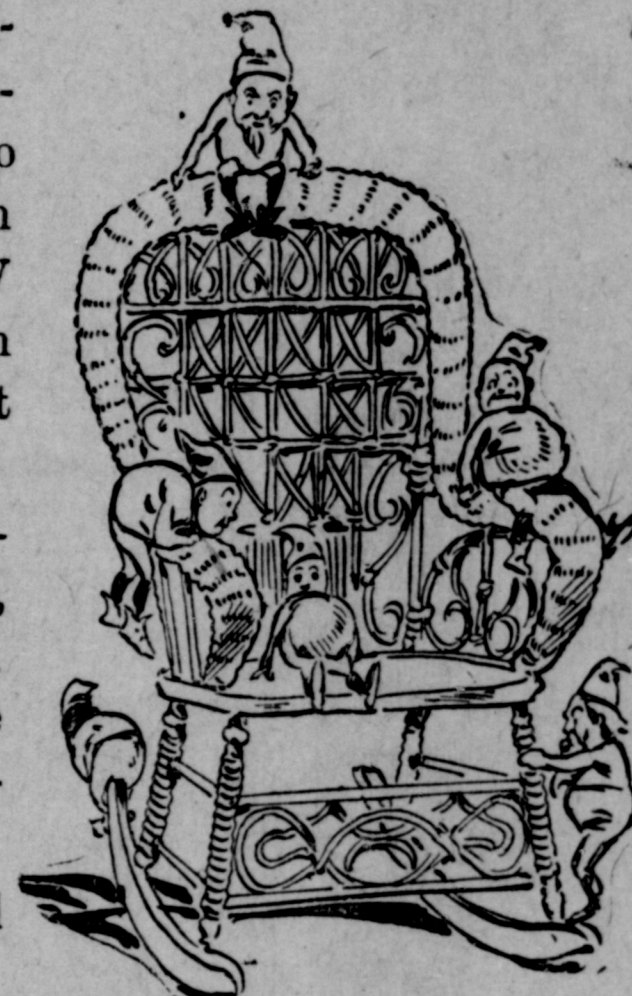

Yours truly,
A. D. HOLYOKE.

FINE RESIDENCE IN GRAFTON DESTROYED BY FIRE

A fire broke out Thursday morning at 3 o'clock and totally destroyed the house in Grafton recently bought by Hanley Smalley from Levi DeLong. It was known as the John Baird property and was one of the finest residences in the county. DeLong had moved out Tuesday and the new owner expected to occupy the place during this month. All the insurance had been cancelled except one policy of \$1000.

There is a report that two men were seen running from the house after the fire started which leads to the belief that the fire was of incendiary origin.

At the close of discount day the town treasurer had received taxes to the amount of \$33,250. The amount is about \$9000 in excess of last year's collections. The difference is about made up from the increase of 30c. and the Fisher Estate. The Fisher estate did not pay last year under the discount.

The congregation of the Methodist Church gave a receipt on Friday evening last, in the parlors of the church, to Rev. S. Howard and family. The evening was pleasantly spent with music and conversation, after which refreshments were served. The entertainment also took the form of a variety shower for the Parsonage and a number of useful articles were received.

\$1000 TO BUY A MACHINE GUN

Woodstock will provide a Lewis gun for the 55th battalion. One thousand dollars was the result of the efficient work of the committee who raised the total amount in twenty-four hours. The Acting Minister of Militia was wired to purchase the gun and a message was sent to Lieut. Colonel Kirkpatrick that the citizens of Woodstock had made the contribution.

Woodstock has answered every call made and this is only one of the many generous contributions since the commencement of the war.
