MILITARY NOTES OF LOCAL INTEREST

The admiration of the people of Fredericton for Major P. A. Guthrie M.P.P., returned officer, and the esteem in which he is held in his home town, were shown on Saturday night when on his arrival in the capital with his wife, he was given a welcome, the heartiness and the warmth of which made a lasting impression. Several thousands of people were assembled in his honor, and a procession formed, headed by the Fredericton brass band with the Marysville brass band also in line. His former associates among the officers of the 1st regiment presented an address. The reception took place at the exhibition grounds, and thunderous cheers greeted the returned war hero as he replied to the ovation and the address.

It is denied at the militia department that the system of sending drafts as reinforcements had been abandoned. As a matter of fact, drafts to the extent of some 5,000 men have been called for throughout the country. A statement purporting to be official was published that it was the intention in future to send only battalions as units, and that there were to be no drafts. This statement is denied, and it is said that no official sanction was given for such a statement. There will likely be some battalions in the future as in the past sent forward as units, and recently twelve battalions were forwarded, but the draft system will not be entirely abandoned.

Pte. Morrison spent a few days here last week with his mother.

Privates Robert Hull, Charles Greer, Clyde Hull and Sergt. Morrell of the 55th were recent visitors at their homes here.

Wightman Manzer will attend the Military School of Instruction at Halifax. He expects to go there November 1st.

Plans for the winter quarters of the 45,000 to 50,000 troops who will be in training in Canada this winter have been approved by the Militia Council. The work of fitting up the various buildings selected is now being rushed under the direction of Lieut. Col. A. P. Deroche, director of works and buildings, and by the middle of next month most of the men will be comfortably settled for the winter either in the various completed armories or in other large suitable buildings acquired by the department. Temporary cooking and sleeping accommodations will be established in each building, thus making outside billeting unnecessary, excepting in a few instances where some of the men may have to be lodged elsewhere.

In the Maritime Provinces, two battalions will be quartered at the I. C. R. pier, No. 2, Halifax; one battalion in the St. John drill hall; one heavy battery in the Charlottetown agricultural building; one company in Sussex; one company in Woodstock, and two companies in Fredericton.

REPORT OF CONFERENCE

The New Brunswick Advent Christian Conference held its third session for the present year with the Church at Middle Simonds, commencing Sept. 9th and continuing over Sunday. The weather was all that could be desired. The attendance was excellent evenings and on Sunday. The fine harvest weather prevented many through the day.

Ministers present were Elders Benj. Curless, Hiram Raymond, Milltown; L. B. Rockwell pastor of the Woodstock church, and Eld. Irving Barnes pastor at Portsmouth who spoke Saturday evening and Sunday afternoon and evening. His messages were heartsearching and earnest; powerful appeals were made to the unsaved. The present condition of the world from a prophetic standpoint was presented Sunday afternoon. His subject being "The Scoffers lie."

Bro. Raymond entered very heartily into the work and service of the meetings though over eighty-seven years of age. He attended every service and lifted his voice in praise and thanksgiving to the God who had led him all along his pilgrim journey, and entreated his neighbors and relatives to turn to the Lord. None could ever forget his earnest tearful pleadings.

Bro. Whiteman Haines of St. Marys, and Sr. Eunice Woodworth of Crouseville, Me., christian workers, were helpful throughout the services. Elds. Mallory and Quiggs of the Primitive Baptist church were frequently in attendance adding their personal testimony to the saving grace of God. Deep spiritual time prevailed the entire session and we trust the seed sown will produce a harvest in the coming days.

Official Fruit Bulletin

Fruit Brand—Dept. of Agriculture

Canning and preserving fruits are almost done, although some good peaches may even yet be obtained. Those who have not canned or preserved sufficient to last for a year should act promptly. Do not forget that grape jelly is delicious and a liberal supply should be on the shelves for the coming winter. Get Smock Peaches, the latest and one of the best for canning, this week. If you can still get a few Elbertas, take them. Some good plums are still available. Do not forget our soldiers. Do up a few jars for them and communicate with the Canadian Club or Red Cross Branch in the nearest city.
