

LOCAL AND GENERAL

The Sentinel has received a subscription list for the Belgian Orphan Fund from Daniel Mullin, Belgian consul, St. John. This paper will receive subscriptions for the Fund, acknowledging same through our paper, and remit to Mr. Mullin. He will place the same deposit in the special account opened in the Union Bank of Canada for the Belgian Orphan Fund. Mr. Mullin recognizes the splendid response which has been made in this district for the relief of the Belgians, and now appeals for aid for the little orphan children whose fathers have died so bravely in defence of their homes and firesides and trusts that the generous spirit which has already been manifested for Belgian Relief will prompt a ready response for this worthy cause.

Phillips v. Montgomery

A case of much interest to people of Peel and vicinity was decided by the Supreme Court at Fredericton last week. It arose out of a dispute as to the ownership of thirty acres of land at Lansdowne which was claimed by David H. Phillips on the one side and William Montgomery on the other. The case was tried here before a jury last October and the jury found in favor of Mr. Phillips, who was the plaintiff. The finding was that in the year 1905 the plaintiff's father, David Phillips, and a man named John Drake, who then owned the Montgomery place, had agreed upon, fixed and established a boundary line and that a fence was built on the line between their two farms. Mr. J. C. Hartley, K. C., who was acting as counsel for the defendants, appealed the case to the Supreme Court and the principal ground of the appeal was that Mr. Phillips could not in 1905 agree upon a boundary line because there was a strip of Crown land between the land granted to Phillips and Montgomery's land, and that when a person agrees upon a conventional line he must own the adjoining land.

The case at Fredericton was argued by Mr. Hartley for the defendants and by Mr. W. P. Jones, K.C., for the plaintiff. The judgment was in favor of the plaintiff, the Court holding that there was ample evidence from which the jury could find that the parties agreed upon the conventional line as claimed by Phillips, and also that from all the plans and deeds and grants there was no vacant Crown land between Phillips and Montgomery, but that all the land was included in the Phillips grant.

WAR NEWS OF LOCAL INTEREST

Recruiting for the 55th Battalion—Next Sunday will be "Recruiting Sunday"—Carleton County Soldiers Wounded—A Comrade Writes of Death of Ivor Murray—"A Good Man and a Good Soldier"

This week has already seen the launching of the recruiting campaign for the 55th battalion, the second of the New Brunswick battalions. It had been expected that the commanding officer, Lieutenant-Colonel J. R. Kirkpatrick, would only wait for the battalion to get settled down

comfortably in camp before taking this course, as it is now necessary to get the men together so that their training may be as uniform as possible. The whole province is to be covered.

Lieut. Hamilton will see to the recruiting at this point and will be at the armory here when not visiting up-river points. Next Sunday is to be observed as "Recruiting Sunday" for the special benefit of the 55th.

.....

The camp at Sussex is one of the most comfortable places in the province just now. All the bell tents have wooden floors and each man has been supplied with a bed tick of straw and a new rubber sheet, and the old campaigner would turn green with envy—no fewer than three blankets each. Then during the off time there is baseball, football and other games, and now reading is coming in for the men at the recreation tent.

The place least used is the fine field hospital. The overseas draft under Captain H. J. Smith, is drilling already at full strength, ready to go abroad at a moment's notice.

Apart from these 250 officers and men there are still about 500 men in the ranks of the 55th. The recruiting should bring this up to the required 1,150.

.....

Among those transferred from "A" company to the 26th Battalion at St. John are privates Thomas Green and H. McLaughlin.

.....

Several Carleton County boys have been wounded. The casualty lists mention Fred Campbell, H. P. McIntyre, Arthur Greer, Perley Cox, Gordon Turner, Chas. G. Connell. Happily no deaths have been reported.

.....

Much regret is felt over the death of Ivor Murray who was here for some years as a member of the Bank of Montreal staff. He was a very genial and amiable young man and made hosts of friends during his residence in Woodstock. His comrade, W. E. Holt, writing to his brother, Fred C. Murray, of Monticton, says:

"I deeply regret to have to inform you of the death of my chum Ivor Murray, which took place last night. He was killed by a shell which fell on his dugout, penetrated the roof and exploded in the ground just behind it. He was not mutilated, although death from the shock must have been instantaneous. We miss him very much. He was a good man and a good soldier, always doing his duty, generally a little bit more than his duty. Only yesterday he worked an extra part of the day on the telephone, so that a tired comrade might rest, which was the kind of thing he was always doing. He was always unselfish and has led a good clean life with us since enlistment. I had known him for some time in Brantford before the war."

.....

John J. Kyle, son of Mr. and Mrs. D. W. Kyle, formerly of Woodstock, is with Captain McKee in the Ammunition Column of the 3rd Brigade. Mr. Kyle tells about sitting on an ammunition case in one field while German shells were sailing over his head and falling into another field close at hand.
