TOWN COUNCIL WILL PAY CERTAIN RECRUITING BILLS CERTIFIED BY OFFICER MUNRO

Band Given \$100. On Installment Plan—“Trying to Stick Whole Bunch” Says Coun. Noddin—Illuminating Report of J. M. Connell Fund.

The council was in regular session Friday night with all the members present. The committee reported recommending a grant of \$100 to the band to be paid in three instalments: \$50 now, \$25 in February, \$25 in March. The recommendation was adopted. It was also recommended that the council pay the bills of the recruiting committee up to \$100 when certified to by recruiting officer D. Munro. A bill of \$25 for the Hayden-Gibson theatre for a recruiting meeting was presented and ordered paid.

Coun. Smith reported that storage had been secured for the material in the armory.

On motion of Coun. Young \$49.68 due Smith Lumber Company since 1912 was ordered paid.

Coun. Smith reported that he had bought 300 feet of hose from the Dunlop Hose Company.

Coun. Leighton read a letter in reference to coils which stated they would be ready in a few weeks.

The McCain Produce Company was given the use of motor if they decided to press hay here this winter.

The bill (\$18.00) of J. M. Jacques for fumigating was ordered paid at \$10. Coun. Young said these bills should not be paid by the town if the parties having the fumigation are able to pay. It was time to call the Board of Health down.

It was stated that \$5,500 is due the school board. On motion the board was paid \$2000 on account.

Coun. Flemming said the school board refused to pay \$150 for work done at the school. He would suggest that the amount be kept out of the grant. The correct amount owed by the board was \$234.34.

A. B. Connell presented a bill of \$200 for Scott Act services. Ordered paid.

The Clerk said that the Chief of Police should be instructed to enforce the bye-law in reference to sleighs being equipped with bells.

Coun. Fewer said that the fire chief objected to using the fire alarm as a curfew bell. It was thought that the town clock would answer the purpose.

A long discussion took place as to date of holding the last meeting of the council. In one of his brilliant orations Coun. Noddin said it was a put up job of Coun. Smith.

“I don't want this council,” said the speaker, to put two extra months on me. I fathered \$300 of back bills and others who don't do as well try to bring my department out in debt. I won't stand for it.

Coun. Smith—I'm not overdrawn yet.

The matter was left to the discretion of the Mayor.

The Mayor read the following statement of the J. M. Connell fund submitted by Mr. A. B. Connell:

January 1st, 1915.

55th Quartered in a Literary Neighborhood

New Brunswickers Train Near Homes of Tennyson and George Eliot—British Sacrifice Quite Prominent

A correspondent writes from Bramshott Camp, England, where the 55th battalion is now quartered, as follows:

Bramshott Camp, Nov. 22—The weather here has been wet and cold, and many of the men are suffering from colds. On the morning of the 16th a coating of snow covered the ground and gave an appearance much the same as a Canadian winter.

At Valcartier the 60th battalion of Montreal were quartered quite close to the 55th; the same battalion arrived in camp the other day and is quartered just next to the 55th. The officers and men have a congenial association and are all pleased.

As the men have had opportunity to inspect the country around about, its beauty and interest have been increased. From a literary standpoint the place is of special interest. Not far off is Aldworth, where Tennyson lived and died. At Hindhead, about two or three miles distant, is the residence of Conan Doyle, with a most delightful view from its windows. A short distance from that is the house where George Eliot wrote Middlemarch. Many of the men have already had leave of absence given and all ranks will probably have this opportunity.

The 55th has taken up routine work in earnest and for the most part it consists of squad drill, physical training, saluting and lectures on interior economy.

PROMOTIONS IN 55th.

Promotions recently made are Corporal E. W. Hall, to be sergeant; Privates C. E. McLaughlin, C. C. Gibson, J. Burns and W. E. Wetmore, to be lance-corporals; Acting sergeant C. Carvell to be sergeant; ORC Privates R. L. McCutcheon, R. McAvoy and G. Little to be lance-corporals.

Some of the officers are taking special courses at Shorecliffe. These include Major H. S. Jones, Major W. J. Osborn, Major E. C. Weyman, Captain C. E. Williams, Captain G. H. Campbell.

Transfers have been made as follows: Privates O. R. Baker, J. Ross, R. Casey, W. R. Bennett, P. McLaughlin, J. M. Robinson, A. Stewart to stretcher bearers' corps.

Private J. McGuigan is promoted to be company sergeant-major. The undermentioned are made sergeants: Corporals K. Gilmour, C. Doyle, T. H.

Stevens, G. W. London and E. Perry. The following lance corporals are promoted to be corporals: F. C. DeVarronne, G. L. Lawson, G. Lockhart and Private H. R. Boulter. The following are made lance corporals: Privates L. Jones, F. Brown, F. Perry, M. DeVarronne and H. Ranton.

The first Canadian mail which has been received since arrival here came in on the 19th instant and was very welcome. Most of the communications bore the date of Nov. 3, when the battalion were on the deep sea. The men all eat in one mess room, in some cases two tables being necessary for the entire battalion.

SABBATH SERVICES. The Sabbath services are held by some battalions in the open parade grounds and by others inside. The 55th has held its services indoors. There are a number of chaplains now in camp. The Presbyterians are represented by Captains Compton, Kilpatrick and Fraser; Baptists, Captain Ross; Roman Catholics, Captain Lizotte; Methodists, Captains Thomas, Burnett, Pugsley and Major Wilson; Anglicans, Captain Shives.

A number of visitors have been welcomed to the 55th. Lieutenant Brown, who crossed with the draft, has been meeting his old associates. Lieutenant Major has been visiting his brother here, also Lieutenant H. H. Patchell.

WAS AT YPRES

Lieutenant Patchell crossed with the 23rd C.F.A. as sergeant-major; was stationed at Shorncliffe and crossed with drafts to France on three occasions, being present at the Ypres affair. His friends in St. John and elsewhere will be glad to learn that he has received a commission as second lieutenant in the R.G.A. and is at present taking a course at Harwich in heavy machine gun. He expects to go over with the Canadian Heavy Artillery.

The officers of the 55th have had a very friendly greeting given by F. W. Sumner, agent-general for New Brunswick. He has visited the camp and in many ways made the boys feel at home.

GREAT SACRIFICE BEING MADE. If Canadians could be brought in contact with the social life of England they would soon learn of the sacrifice which is being made everywhere for the nation's life. Not far from the camp is a retired headmaster of one of the colleges who has contributed five sons to the imperial service, one of them giving his life in April last. An only daughter is on the reserve staff of one of the hospitals. A fine looking chap in hospital uniform told the other day of his experience at Loos, and his face brightened as he mentioned the fact that in five weeks' time he would be back upon the firing line.

Mate Off to the 10th Chief

The following announcement from the Chief of Police of Illoilo is quoted from the Illoilo Enterprise Press, Zamboanga, Philippine Islands, and is heartily endorsed by the Herald of Mindanao:

“Notice is hereby given to all owners and drivers of public-carromata horses in this city that hereafter cruelty to animals will not be tolerated by this department. In order to keep abreast with the times, and to demonstrate to the world that we are rapidly approaching that state of civilization which Congress expects of us before self-government can be granted, we must protect our dumb creatures from the brutality of those who have no conception of the ordinances of simple humanity. Horses and vacas must not be beaten unnecessarily. The common spectacle on our streets of these animals being driven when suffering from wounds inflicted by brutal drivers, or from sickness or feebleness occasioned by a lack of nourishment and long painful hours of service, will not be tolerated further. Check-reins must be taken down when any horse is not traveling, this applies to Americans as well as to others. In fact this department knows no favorites in the strict enforcement of its duties; please observe this carefully.”
