

## NEWSY HAPPENINGS FROM BUSY CENTRES

### KIRKLAND

Mrs. John Glew and little girl from St. Andrews are visiting relatives and friends in this place. Mrs. Ralph Shaw and little child are visiting her brother Lee Watson of Maxwell.

Miss Eva McLuskey of Connecticut Rhode Island, is visiting friends in this place.

The farmers have commenced haying.

Mrs. Blair Graham and Master Marvin McLean spent a few days in this place last week.

Norman Crawford who stops at Fitzburg, is visiting his parents Mr. and Mrs. John Crawford of Maxwell.

Mrs. Blair Graham from Woodstock visited her parents recently.

### Keep Children Well During Hot Weather.

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, cysentery and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house prevents stomach and bowel trouble, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Of course you are going to the Red Cross benefit, Friday night, at the Hayden-Gibson theatre, especially to have a good laugh at Mr. Colburn Shaw as the old Professor in "Jack's Wife." Children 25c. Adults 50c.

Mrs. Grimmer of Houlton and Miss Jaffrey of Oromocto, are the guests of their cousin, Miss Hazen, Upper Woodstock.

### PARADE PATROL

Canterbury, N. B., July 29-30, 1915—The above Patrol enjoyed a four days camp at Skiff Lake, York Co., N.B., guests of Mr. George Dickinson of Canterbury, who very generously hired a cottage for them. During their stay at the Lake, the usual scouting exercises were carried out under the able direction of their scout-master, Dr. Daman of Canterbury, assisted by his guests, Lieut. C. W. Kierstead (ex boy scout) and Corporal G. Plewelling (boy scout of St. John). The training included signalling (Morse and Semaphore), scouting, boating, swimming and general camping.

They also enjoyed the hospitality of Mr. and Mrs. Ed. London of Canterbury at their bungalow and a ride with the latter in their motor boat. Miss Bessie London very kindly took some photographs of the Patrol, copies of which we hope to forward to the Boy Scout's Gazette.

Don't fail to exchange your tickets for "Jack's Wife", at Gibson's Tailor shop, beginning Thursday morning at 10 o'clock.

**DEAFNESS CANNOT BE CURED** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### THE FIRST ANNIVERSARY

(Continued from page four)

Empire; if its resources in men and material are not put at its disposal while the fight is in progress, their existence will not save us from defeat and instead of contributing to our country's victory, our resources will be required, and perhaps to a greater extent, to pay a war indemnity.

Let none think this war is, nor his. For the purposes of this fight the enemy is already within our borders. The invasion of the vast territory of Russia and the fertile fields of Belgium and France are as much an invasion of our territory under present conditions as would be the occupation of part of Nova Scotia. These countries are the Enemy's pathway to us and to wait his nearer approach before putting forth our greatest effort would be about as reasonable as for a lumberman to stay at home until a forest fire reached his own property rather than fight it on his neighbor's land.

Nor is this a case of "Canada helping England" as it is so often expressed. Canada is part of the British Empire and if any Canadian who is a man requires to look for greater cause for joining in the war than is given in the Government books and diplomatic correspondence he can find it in the fact that the German people esteemed Canadians such politicians that they would not fight for the flag that protects them or for the King who is the head of their Government.

Thousands of our men have gone to the front and we cannot conceive of a Canadian with soul so dead that no feeling of exultation arises in him, while he reads of the glorious deeds performed by the soldiers from Canada, deeds excelled by none of those engaged; but a far different emotion is felt by any true

citizen of this Province when he reads that New Brunswick has fallen somewhat short of contributing her proportionate number of men. We hope it is not now true and that this stigma no longer rests in the fair name of our province, but if it does, this anniversary is an opportunity time to begin to remove it.

Every man is needed and if suitable men, not absolutely indispensable at home, still hang back, they will be receiving no more than their deserts, if those who are doing what they can and especially the ladies, give them the cold shoulder until they are shamed into doing their duty.

The resolution before us to-day will probably be passed unanimously in every city and town of importance where the British flag floats. Millions have passed it already, and hour by hour as the day creeps westward over the Empire on which the sun never sets, other millions will take up the refrain. Several millions of people will give their assent, and I think I express the feelings of this meeting when I say that we in adding our voices to this vast concourse do so with our whole heart, firmly resolved individually and collectively that from henceforth no selfish interest, no love of pleasure no indolence no sacrifice however great, that may be required, will prevent us from doing all that is in our several powers to further the real interests of Woodstock, of Canada and of our Empire, and to carry this war to a triumphant conclusion.

His Worship the Mayor: Ladies and Gentlemen—You have heard the resolution proposed by Judge Carleton and seconded by Mr. Jarvis. I will ask you to show your approval by raising your right hand. The meeting closed with cheers for the King, for Kitchener, the Alders, and the Canadian Boys. The vast audience then sang God Save the King.

## Apples Wanted!

Call, write or phone the undersigned before selling your Apples. We will pay highest market prices for all varieties.

### Imperial Packing Comp'y, Ltd.

WOODSTOCK, N. B.

### MORE DEATHS

(Continued from first page)

fair to the ratepayers and I won't set here and allow anything like this to be put over on me. There's the law—there's the motion—you can do as you like.

Coun. Smith—"I bought the property exempt from taxes. I will put on insurance willingly when taxes paid are returned.

Coun. Noddin—"Coun. Leighton insinuates that we are not standing up for the interests of the town. I'm the only man that hasn't broke the bye-laws of the town. There's been a mistake, in here. Why did Coun. Leighton ask for them taxes in 1910 when he was collector? It was wrong to give bonus in the first place. I am protecting the interests of the citizens and I'm not afraid of friend or foe."

Coun. Leighton—"It's all right to talk about paying taxes back. You don't have to do it. You can get your law from the town solicitor. Mr. Young has insinuated that I am making things public that should not be made public. This is public business I will have Coun. Young understand."

Coun. Young—"I rise to a point of order. Questions to the town solicitor are entirely out of order. Coun. Leighton—"What questions am I asking? You told us the town was liable for the taxes paid."

Coun. Young—"You are using time for nothing—the town solicitor can be asked in private. Questions of this nature were so dealt with in St. John only a few days ago. No use of parading this matter. It's a mistake to do so."

Mayor Sutton—"I will leave it entirely to the solicitor."

Town Clerk—"I have already given an opinion, but I can answer yes or no."

Coun. Leighton—"What's the difference—if against me you know it. We do public business and get town solicitor's advice as well as any ratepayer."

The motion of Coun. Young carried.

Coun. Flemming—"Perhaps now Coun. Leighton will start his suit."

Coun. Leighton—"He may."

The following tenders were received for the position of Supt of Water Works, etc.,

A. G. Fields	\$850.00
Herb Horton	750.00
C. W. Burpee	690.00
F. W. Boyer	600.00
John P. Johnson and James Carr	800.00

Referred to the Mayor and Chairman of Fire, Water, Streets and Sewer committees.

Coun. Fewer wanted to lay 400 feet of sewer on Union street. He reported that persons had been notified to enter sewers.

Mayor Sutton spoke strongly on the necessity of economy in every department. The town had now in sight \$27,719.49 of expense, not including the C.P.R. rates and bonds coming due. "From this time out," said the Mayor, "if the vote comes my way I will vote against further expense."

Coun. Leighton presented F. A. Barbour's bill of \$183.00. The resolution that 300 feet of wells be bored at a cost not exceeding \$600, was taken up.

Coun. Noddin—"I can't understand why the committee wants to dig so many wells. I would not want to stop good water. Why not bore one well down in there? Why dig all the wells this year? It is out of our jurisdiction to run in debt. They got to put up a better proposition."

Coun. Smith—"The proposition is from the engineer."

Coun. Noddin—"I suppose if he told you to jump off the bridge you would do it."

Coun. Smith—"It would be advisable that you jump off some bridge."

Coun. Leighton—"We would not have brought Mr. Barbour here if we were not going to follow his advice. We are only following out his report."

Coun. Young—"I don't like the tone of Mr. Barbour's letter. We are not mentally deficient. No sane business man will go ahead under present conditions. We will have to boil the water, until we are advised to the contrary that the water is not bad."

Coun. Smith—"You mean to boil

the sewerage.

Coun. Leighton—"Perhaps three or four deaths will convince you the water is bad."

Coun. Noddin—"The chairman of the Board of Health told me the water was good enough."

Coun. Leighton—"I don't believe he ever said so."

On the vote being taken the council stood. For boring test wells—Leighton, Fewer, Smith. Against—Noddin, Young, Flemming. The Mayor voted against the resolution.

Coun. Leighton reported repairs being made on engines at pumping station.

Coun. Smith (sarcastically)—"We can't afford it."

Coun. Young—"That's so."

Coun. Leighton—"You have got to afford it and don't forget it."

The members of the council will visit the pumping station Wednesday at 4 o'clock.

Coun. Flemming moved the following resolution—"That if the glass in the Thompson building don't break before next May the town pay for what was broken previous to repairs on building."

Seconded by Leighton.

The Clerk and Mayor Sutton discussed the payment of \$2231.68 due the county and the council ordered payment of the amount.

Some discussion took place over the crossings now being put down. It was stated they would cost in

the vicinity of \$25 each.

Coun. Flemming moved that all the rock on hand be crushed and repairs made in the street below the station as far as it will go. Carried.

Mayor Sutton read the school statement submitted by the secretary. Couns. Young and Leighton were appointed auditors of the school accounts.

R. L. Allingham asked for refund of school taxes—presenting affidavit for the years 1909-10-11-12-13-14-15-\$7.00 in all.

John Wallace presented an affidavit of birth in the year 1847 and claimed refund of taxes for years 1908-9-10-11-12-13.

It was moved that matter be referred to Fin. Com., and if correct orders be issued for payment in both cases.

Coun. Smith moved, seconded by Coun. Leighton, that the driver of the horse cart be given two weeks vacation.

Coun. Noddin—"And pay him?"

Coun. Smith—"Certainly pay him."

Coun. Leighton—"It's only fair to give him a vacation and pay for man in his place. He is on duty 24 hours every day in the year."

Coun. Young moved that the collector and treasurer be instructed through the finance committee to notify those who had not paid their taxes up to Sept. 1st, no proceedings or cost will be put upon them but after that time it will be done.

Seconded by Coun. Smith and carried.

A long discussion was going on at 11 o'clock over encroachments on the streets.

### TOWN TREASURER'S REPORT

Statement Receipts and Expenditures for month of July, 1915.

To Paid Assessor	\$200.00
