MUNIAO

The mill is running at present with Mr. J. Stone, manager, and Angus Adam, sawyer, and several other men are employed.

The snow is disappearing very fast so hurry up you that have hauling to do and get it done, or you will be in the same state as other teams have been which thought they were going to haul all the lumber which was cut and yarded in the Scotch colony in one day, and bring the road with them, but the road came nearly keeping them there, so, now boast you people who have the large teams and let the small ones do all the hauling. Hurrah for all small teams; keep up courage boys and you will get your lumber in and not get stuck, and also beat the teams from the back land which weigh twice as much and hold their heads higher. Hurrah! Keep up courage boys, you are alright and your teams also.

SUCCESSFUL MEETING IN AID OF BELGIANS

Judge Wilson Addressed Large Gathering at Southampton—The Sum of \$83.60 Realized

A Southampton correspondent has written as follows concerning the meeting in aid of the Belgian sufferers held there on Saturday evening:—

The meeting in aid of the distressed Belgians at Middle Southampton on Saturday evening was a success in every particular. The hall was beautifully decorated with flags and, by the kindness of our local merchant, Mr. F. C. Brown, who loaned his Aladdin lamps out of his store, it was lighted like a building in the city. By eight o'clock the hall was so crowded that seats had to be placed in the aisles, and in spite of this scores of people remained standing throughout the entire evening. Many old friends of Judge Wilson drove long distances to see and hear him once more and they all gave him a right royal welcome. The Judge was heard to say it was the largest and best meeting in aid of the Belgians he had yet addressed anywhere.

The chairman, Mr. N. W. Brown, in calling the meeting to order, stated that he had received letters from Colonel Loggie of the Crown Land Department in Fredericton, and from Mr. J. J. McCaffrey, of the Queen Hotel, and from His Honor Judge Wilson, all urging the great necessity of raising money to buy flour, milk, etc., for the brave suffering Belgians and that this very large meeting showed that the people of this section were willing to do their share. The Baptist choir then sang, "The Fight is On," Miss Calla Brown presiding at the organ.

The large audience then rose, and led by the choir sang "The Red, White and Blue."

His Honor Judge Wilson was then introduced, the chairman remarking that he (the judge) would prove that the day and power of the public platform had not passed. The Judge was in great form and delivered what many say was the best lecture ever delivered here. His description of the physical characteristics of Belgium, of its people and their colossal struggle for freedom and liberty, all down through the ages, was grand, and at times was interrupted by applause. Here and there came an apt story or a sly sally of wit that convulsed the audience with roars of laughter. He spoke for two hours and at the close of his eloquent peoration on the aid given the Mother Country, by her overseas dominions, received a hearty vote of thanks, moved by Mr. W. B. Cronkite, and seconded by Mr. F. C. Brown. The audience stood and led by the choir sang "Rule Britannia".

Mr. G. A. Grant was then elected auctioneer and proved a good one. The small sum of ten cents admission was charged, but the bulk of the money came from the sale of baskets. The total received was the splendid sum of \$83.60. We could have easily had one hundred dollars but there were not enough baskets to supply the large number of bidders. Our teacher, Miss Mabel Wood's basket, brought the highest price, viz., four dollars, and she is to receive a prize from the local committee. It was very beautifully decorated.

Tea was made down stairs and the large crowd sat down to a mid-night supper.

A LETTER FROM SOUTH CHINA

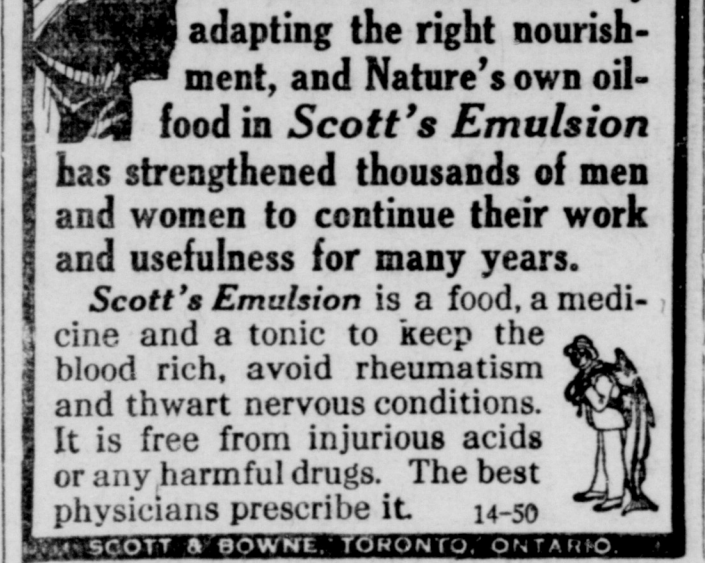

Woodstock People are Entertained—Great Farming Country

South China, Maine, March 12th, 1915.

Dear Old Sentinel Readers:— I have been intending to write you a sketch for some time, about our beautiful farming country here, and also our fine weather. At present the roads are as dusty as July, autos flying, no snow to be seen, and land dry. Although not much has been done as yet toward farming.

We had the privilege of entertaining some of your Woodstock people for the past ten days, and we did certainly show them some of the best scenery, around our cities, and the best farming country that you Woodstock people ever thought of. Of course you have some very good farming sections, but our climate is above the average in this section of the country, and a great fruit country—pears, grapes and all kinds of apples abounding, also all kinds of raspberries and strawberries in abundance in our gardens, and all small fruit, which is so widely grown here.

Now I came near not telling you

Junior Supt. of St. Luke's Church Branch—Mrs. James Gibson; Assistant, Mrs. McDonald.

Babies Branch Supt.—Mrs. Albert McKinley.

Rector's Representatives—Mrs. Hubert Seely, Mrs. F. H. J. Diblee. Delegates elected for the Diocesan Annual were Mrs. R. G. Allen and Mrs. Saunders. The President goes by right of office, also the Junior Superintendents and Life Members.

These are all entitled to vote at the meetings which will be held in Trinity church school room, April 27-29. The Bishop will be present and in all probability a Foreign Missionary.

The local branch of the W. A. are much indebted to Mrs. Diblee for her kindness and hospitality, not only in giving the use of her rooms, annually, but in doing so much to make these meetings pleasant.

OBITUARY

MRS. J. R. H. SIMMS.

Bath, N. B., March 10—The death of Ida M. Simms, of Bright's disease, wife of J. R. H. Simms, barrister-at-law, of this town, took place at her home here on Sunday morning last at the age of 39 years.

Mrs. Simms was the youngest of the late John Buckley's family, and was born at Holmesville (N. B.), and on the death of her mother in her infancy was adopted by F. P. Shaw, stipendiary magistrate of this town. She was educated at the village schools here and at the Provincial Normal School, where she prepared for the teaching profession which she followed for some time.

On June 30, 1894, she was united in marriage to her surviving husband. Of the union of their marriage there are left to mourn the loss of a kind and loving mother, four children, Miss M. Ethel Simms, principal of the Bristol (N.B.) schools; F. Webster, Dorothy A. and Eldon F., aged 12, 10 and 7 years respectively.

The deceased was for thirteen years organist for the Baptist church here, until a short time ago when her health compelled her to retire.

Many tokens of regard for the deceased was shown by the many floral offerings, from The King's Daughters, Bath (N.B.), from Hartland, (N.B.) friends, and from Houlton (N.B.) friends.

The funeral service was very largely attended, many coming from distances, which was held in the Baptist church Tuesday afternoon, Rev. Wm. Amos, pastor of the Baptist church, assisted by Rev. G. A. Giberson were the officiating clergymen. Interment was made in Bath cemetery. The schools, stores and places of business were closed during the services, the funeral procession being the largest ever seen here. Much sympathy is expressed to the bereaved husband and family.

To Folks Who Dally With Corns

To you who pare corns— You who use liquids— Or other old-time ways. You've amply proved that using such things is merely dallying with a corn.

For your own sake, prove the right way. Millions of people have found it. Half the corns that grow are ended by this wondrous Blue-jay plaster.

The corn pain ceases the moment you apply it. Then the B & B wax—a famous chemist's invention—gently undermines the corn. In 48 hours the whole corn comes out, without any pain or soreness.

Ask your friends. Scores of them have proved that Blue-jay makes it folly to have corns.

H. O'Donnell, Presque Isle, Me., and the whole family is very widely known, having lived in several places in Carleton Co., and we were very glad to show them all our leading cities, such as Augusta—they visited the State House there, also visited Mr. and Mrs. Cook Estey, formerly one of your Jacksonville farmers, now a leading farmer of wealth and prosperity in Norridgewock. They having an auto, Mr. and Mrs. London saw quite a lot of country while up there and also the best of driving horses.

They also visited Oakland and Waterville, the latter being a very prosperous and growing city.

Now while we entertained Mr. and Mrs. London their large farm at Jacksonville was beautifully carried on by their son and daughter; two very trustworthy young people whom their parents and all others are proud of having such splendid young people in a community, and would be very much missed should they move down in this section.
