### "Fruit-a-tives" Soon Relieved This Dangerous Condition

632 GERRARD St. EAST, TORONTO. "For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my Heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of Medicine but none of them did me any good. At last, I decided to try "Fruit-a-tives". I bought the first box last June, and now I am well, after using only three boxes. I recommend "Fruit-a-tives" to anyone suffering from Indigestion".

FRED J. CAVEEN. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruita-tives Limited. Ottawa.

Great Future for Liquid Air. Mr. Arthur L. Clark, professor of physics in Queen's University, the invitation of Prof. H. Kamerlingh-Onnes, the famous director of the marvelous Physics Laboratory at the University of Leiden, to.go further into the question of liquefying air, and who has just returned home, states that his mission was successful. The object of Prof. Clark's going to Leiden was to determine more accurately the temperatures at which air liquefies and freezes. At the Leiden University he liquefied and froze air. The results of the joint experiments of Prof. Clark and Prof. Onnes are to be published in the proceedings of the Royal Academy of Amsterdam and also in the report of the International Commission of

Cold, of which Prof. Clark is a mem-Prof. Clark states that Prof. Onnes is of the opinion that there will be a great commercial future for liquid air, and predicts that in a few years it will be extensively used in connection with the mechanical arts. Prof. Clark intends to install a liquid air machine at Queen's for the purpose of continuing his experiments.

Over 25 Per Cent. Return to Front. The benefits derived by wounded soldiers from the treatment at the Granville Canadian Special Hospital, Ramsgate, under Lieut.-Colonel Watt of Winnipeg, were shown recently in a demonstration given before Surgeon-General Jones and other doctors, together with a large number of guests. Through it over 25 per cent. of the cases had been restored for active service and others fitted for light services who otherwise would have been discharged as Since opening in November, two buildings have been taken as an annex. The present number under treatment is 778, all Canadians. The luncheon and demonstration were attended by the local military and navy authorities, and the town was en fete.

### Defies the Frost King

King Winter is armed with countless millions of icehard snow-crystals, driven by the full force of winter winds; his destructive work is aided by rapid changes in temperature, which freeze tiny particles of water in the pores of unprotected woodwork, tearing the wood fibres apart as freezing water splits a wrought-iron pipe. In the course of a long Canadian winter he can cause irreparable damage to an unprotected silo, barn or home. He attacks in vain, however, the building protected with

# ENGLISH"

The pure white lead (70%) and pure white zinc (30%)which it contains, serve as a thin but effective metallic armor-plate, defying all the forces of natural decay for many years.

The superiority of B-H "English" Paint is due both to the purity of its ingredients and to our special methods of manufacture. These produce a paint, which on account of its smoothness and marvellous fineness, spreads easily and penetrates far into the fibres of the wood.
