**Kerosene & Gasoline Engines
Moody Threshers, Hoover Diggers**

The International Titan Engine is the strongest and most durable Gasoline Engine on the market. It can be operated equally as well with Kerosene as Gasoline. As Kerosene is less than half the price of Gasoline it is the only practical Engine to buy. The Moody Threshers with their great capacity for handling grain as well as thorough cleaning have proved to be the most practical Threshers used in this country.

We sell the Original Hoover Digger, equipped with Roller Bearings making their light draft. This is the only Digger on the market is made by the Hoover Manufacturing Company of Avery, Ohio. Other Potato Diggers claimed to be similar to Hoovers are only imitations. The Hoovers are the only diggers that have constantly given satisfaction in the potato fields for the past forty years.
