## Facts About Public Service Bonds

### What Every Man and Woman Should Know

Public utility corporations serve the people in various ways which include the supply of light, power, transportation, afford means of communication over long and short distances, and sometimes furnish heat for residences and other buildings, all these being public necessities. This is why the earnings of conservatively, ably managed public service corporations have great stability, being less affected by business depression, crop failures, etc., than those of almost any other corporations.

The bonds of public service corporations operating in large, thriving communities, are regarded as the SAFEST FORMS OF INVESTMENT for men and women in all walks of life. Based on Safety and LIBERAL INCOME combined, there is NO FORM OF INVESTMENT MORE ATTRACTIVE THAN PROPERLY SELECTED PUBLIC UTILITY BONDS.

We have Bonds of this character which we have thoroughly investigated, and which we will be pleased to place YOU in a way of investigating for yourself.

## CARLETON COUNTY BOYS HAVE MADE THE SUPREME SACRIFICE

Jacksonville Homes Saddened—Young Heroes Went Overseas With First Contingent—In Many Hard Fought Battles—Letter From Col. Good Tells of Last Tribute Paid by Friends—Impressive Memorial Service

JOHN W. JUDKINS, of Wakefield Centre, Carleton county, reported killed in action on the Somme.

CLARENCE HAVENS, of Jacksonville, killed in action. He was a cousin of John W. Judkins in the accompanying cut.

PERCY TOWNSEND died of wounds October 2nd.

A very large congregation assembled in the Methodist Church at Jacksonville last Sunday evening in a memorial service to Clarence Havens, John Judkins and Percy Townsend who recently were killed in action on the French battle front. Clarence Havens was the son of Mr. and Mrs. Samuel Havens. John Judkins was the only son of Mrs. Judson Briggs and Percy Townsend was a young Englishman who for a number of years lived with Col. W. C. Good. The names of each were on the Honor Roll of the Church. Havens and Judkins were among the first to enlist and went overseas with the First Con-

tingent. They have since been in many hard-fought battles and during the long months of service in the trenches were brave and faithful to the Empire's cause although suffering much physical discomfort. These two young men grew up in the same home, in work and play they were intimate associates and it is significant no doubt of duty and an all-wise Providence that they fell in action within a few days of each other. The relatives have the deep sympathy of hosts of people and are assured that their works shall live after them while they themselves have their reward.

The pastor of the church, Rev. J. B. Gough, at the service spoke of the significance, in the life and death of these young men, to the words of David "Saul and Jonathan were lovely and pleasant in their lives and in their death they were not divided" and also of the words of our Lord "whosoever shall lose his life for my sake and the gospel's shall save it." Rev. Mr. Fenwick of the Baptist Church was present and spoke sympathetically of the noble service the Empire is giving against the German menace and the moral value it has brought to us. The choir sang "Beautiful Isle of Somewhere" and Miss Montgomery sang in solo "Called Home." Lieut. Bertie of the Woodstock Battery very kindly came out with some of his men and Corporal An-

## BRITISH RED CROSS GETS \$226.00

Fund For Nursing Sick and Wounded Soldiers—Fair Young Ladies Made Successful Collections—Money Sent to Lieut. Governor Wood.

Saturday was tag day to raise contributions for sick and wounded soldiers. The appeal was made by the British Red Cross Society and collections were taken up on the streets of cities and towns throughout the British Empire. A soldier wounded or ill is an especial object for our pity and consideration. In Woodstock, while the amount was perhaps not up to expectations, the good citizens con-

## BOARD OF TRADE DISCUSS IMPORTANT MATTERS

Armory in Readiness to Accommodate Five Hundred Soldiers—No Better Facilities in the Province. Strong Resolution Passed. Exhibition Prospects—Public Meeting Friday, Nov. 3rd.

There was a fair attendance of representative citizens at the Board of Trade meeting Monday evening, and much interest was taken in the discussion of the important matters before the meeting.

Pres. Jarvis read several communications, one being a rather unique production in which the writer complained of the business going to Houlton, stating that one evening not long ago Woodstock ladies had purchased goods to the amount of some \$300. The epistle was not signed and no action was taken, but like all unsigned letters it was consigned to the waste basket.

The matter of utilizing the armory for troops during the winter was taken up and every speaker strongly urged that steps be taken to have soldiers quartered here. Mayor Sutton, who has been in touch with the military authorities, said that the town had already arranged for the housing of the 65th Battery and the horses. He felt that every effort should be made to bring troops here for the armory where everything was in readiness to receive them.

Mr. F. B. Carvell said it was of very great importance to the town

and suggested that a delegation be sent to Ottawa to lay the matter before the department. Woodstock, last winter, had at one time 500 men and they were comfortably accommodated in the armory. The facilities for drilling were just as good as in Fredericton or St. John.

At the suggestion of the chairman Mr. George Balmain and Mr. Carvell drew up the following resolution which was passed unanimously. The resolution to be sent the Military Headquarters at St. John, Halifax, the Minister of Marine and Fisheries and the Militia Dept. at Ottawa:

Whereas the Town of Woodstock, New Brunswick, has an Armory capable of properly housing at least 500 troops, besides having a drill hall in the same building, 80x100 ft., which has been pronounced by competent officers to be the equal of anything in the Maritime Provinces, the same being now fully equipped and ready for occupation without any additional expenditures, including heat, light, baths, lavatories, kitchen, and dining room appointments, and

Whereas the Town Council of this Town has agreed to furnish it for
