LIVELY SESSION OF TOWN COUNCIL

Street Matters Subject of Hot Passages between Members of Board—Councillor Noddin "Painfully Surprised" at Patriotic Committee for bringing "Vulgar Show" Here—Motion to relieve Committee of Licence and Water Charge is Voted Down—Connell Street Improvements will be made

The town council was in session Monday evening and several important questions were discussed with much energy even if not solved. Mayor Sutton and all members of the Board were in their places. The town treasurer's report was read and referred to the Finance and Audit committee. A letter was read from Peter Clinch in reference to wooden buildings in the fire district. Discussion of the matter was left for Friday night's meeting. Coun. Smith said the various bands had amalgamated and moved that \$200 be granted, to be paid as required.—Carried.

Coun. Smith had arranged with the E. L. & P. Co. for the installation of 32 small lights to replace 14 of the larger ones, at the same rate as last year—\$9 for 30 lights and \$15 where the company had put in poles, etc. The new arrangement making a saving of \$9.38 per month. Coun. Smith's motion to make certain changes, was carried.

Mr. Gilland, Supt. C. P. R. was heard in reference to the gates at King Street crossing. He said one man was taken off to reduce expenses both for town and Company. For two months only one train

would go over the crossing at night and would stop, when a man would go forward and lower the gates. If the Council did not approve the Company would abide by the decision arrived at.

Coun. Leighton moved that the man be left at King street crossing. In seconding the motion Coun. Noddin said he was not in favor of being dictated to by the C. P. R. who did as they pleased without consulting this council. They seem to intimate that we are not competent to run our own business. It's only a saving of \$27.00 anyway. The motion carried.

Coun. Stevens asked for \$115 to purchase coats for the firemen. Seconded by Coun. Smith. Some discussion took place as to quality and color of coats. Several councillors said coats should all be of one color. The question will be decided at Friday night's meeting.

Coun. Noddin vigorously attacked the practice of running bills, as he claimed, without the authority of the council. He attacked the street department and said the chairman was carrying on the work without consulting any person.

Coun. Fisher— "What a pity so much ability as Coun. Noddin is possessed of, is going to waste. If Sir Sam had visited this town on his recent trip and talked with Coun. Noddin he would have got gas enough to charge his shells. I looked over the streets" said Coun. Fisher, "and found that Main street had to be gravelled. The appropriation is \$2,500, which I will endeavor to spend to the best advantage. I don't make a practice of getting in shop doors like an auctioneer to gather a crowd to listen to me. I will thank Coun. Noddin to attend to his own business and not have so much to say concerning department matters over which he has no control."

Coun. Noddin—"I want the department criticized. It is a crime and a shame to fix a street the way that is being done on Main street."

Coun. Fisher—"You are too narrow minded."

Coun. Noddin—"I'm a broad minded man. This council is ignored. I don't spend anything in my department out of the usual rotation."

Coun. Fisher—"You don't know enough to keep still."

Coun. Noddin—"I won't keep still I don't approve of the way Coun. Fisher is doing the street work."

Coun. Smith moved that George E. Baldwin be re-appointed to the school board. Seconded by Coun. Fisher.

Coun. Stevens asked if Mr. Baldwin, who was a government official could be a member of the school board.

Mayor Sutton—"I don't know."

The motion carried.

Mayor Sutton said the Patriotic Committee brought a show here under an agreement of 15 per cent of gross receipts and had made about \$247 from the affair. The patriotic fund was overdrawn \$300 and he felt that under the circumstances

Anglo-French Armies Hurl-ed The Germans Back Over Wide Front

LONDON, July 2—The official British despatches issued today report the continued success of the combined Anglo-French offensive. The Germans put into operation strong counter-attacks during the night and are apparently making desperate resistance, but the British troops have occupied Fricourt and the French have captured Curlu, and have seemingly nowhere had to yield the ground already gained.

The German lines in some places have been penetrated to a depth of two miles, and the prisoners taken by the French and British in the two days number many thousands.

The German official report generally confirms the success of the first day's British operations, admitting the withdrawal of the Germans from the first line trenches and the abandonment of heavy material therein.

TWENTY THREE PUPILS GRADUATED FROM WOODSTOCK HIGH SCHOOL

Large gathering of Parents and Friends at Interesting Exercises—Prizes Awarded

In the presence of about two hundred parents and friends, the graduating exercises of the Woodstock High School were held in the school auditorium Friday night. The hall was appropriately decorated and presented a pleasing appearance. The program was one of exceptional interest and every number was presented with commendable finish. There were 23 pupils in the graduating class and eight of the boys and girls took part in the exercises. This is the largest graduating class in the history of the school.

GUNNER HAND NOW PRISONER OF WAR

Mrs. W. N. Hand has received a card, dated June 8th, from her son Gunner Wilfred Hand, who was first reported wounded, advising her that he is a prisoner of war at DULMEN, Westf. At the time of capture he was in the First Canadian French Mortar Regiment.

before this council as men to meet men. I'm in favor of the patriotic fund, but the way to do it is by taxation, then you get the rich as well as the poor."

Coun. Leighton—"I will vote against this motion. If the patriotic committee want money let them come here and ask for it. I am in favor of granting almost any amount when it is needed. They made a deal with a show and never consulted this council, but now come and ask us to vote \$56."

The motion to relieve committee from payment was defeated by a vote of 4 to 2.

A. F. McKinney, on presentation of an affidavit was refunded taxes paid since 1910, on account of age. \$300 was voted to be taken from current account and deposited in sinking fund to complete amount to purchase three bonds.

Coun. Stevens said he was requested by Mr. E. R. Teed to ask the council to grant \$100 to make up deficit on Y. M. C. A. expenses.

Mayor Sutton said Mr. Teed should submit a statement.

Couns. Stevens, Fisher and Stairs were appointed a committee to look over the accounts and report Friday night.

Coun. Fisher has spent \$1,246.44 of street appropriation, and will commence work on Connell street in a few days with crushed rock, using it as far as it will go. He moved that the committee be given power to go on with this work, after which the sidewalks will be repaired.—Carried.

Adjourned until Friday night.

FOUR HUNDRED DOLLARS FOR 65TH BATTERY

Field Day a Pronounced Success in Spite of Rain—Daniel Campbell Lifts 1,500 Pounds—Interesting Demonstration of Briscoe Car.

The 65th Battery's Field Day, which was to have taken place at Connell Park on Monday, was held in the Armoury on account of rain. Considering the conditions under which it was held the affair was a great success, netting nearly \$400, which will more than equip the Battery's Bugle Band with drums and bugles.

Numerous articles of every description were donated by the merchants and private individuals of Woodstock, which were sold or auctioned.

The following members of the 65th Battery were winners of articles varying from a bag of flour to a 25 mile ride in a "Briscoe automobile" McLeod, Kidney, Dingham, Morrell, McKay, Estabrooks, Durea, Corey, and Densmore. The private individuals to win prizes were Owen Kelley, H. T. Stevens, H. B. Durost, D. F. DeWitt, C. J. Jones and J. Rankin Brown.

Daniel Y. Campbell of Lakeville, N. B., (65th Battery) held the distinction of winning the 25 mile automobile drive for four people in one of the new Briscoe cars, which was donated by Phillips Estey & Co. The prize was awarded for a lifting competition which was judged by Dr. McLean and Mr. Logie Ross.

Mr. Campbell succeeded in lifting a rear wheel of the Briscoe car when loaded with thirteen of Woodstock's finest young ladies, or a total of about 1,500 lb, in addition to the weight of the car. A couple of the other Battery men had made the lift with 10 of the young ladies. Mr. Campbell in a very patriotic manner, immediately offered his prize for sale by auction for the benefit of the Battery, as did many of the buyers and winners of the various articles. Mr. Campbell in this way netted the Battery \$16. Mr. Stairs of Lower Southampton was the buyer. After the sale the Briscoe agents were allowed to make a demonstration in the armoury of their irreversible starting gear, which permitted their car to run in a circle for a considerable time minus the driver. The car carried three young ladies in the tonneau, who rode quite confidently in the handsome self guided car. The Briscoe is manufactured by the Canadian Briscoe Motor Co., Brockville, Ont., which is affiliated with the Carriage Factories Limited.

Capt. John H. Evans, Lieut. J. C. Berde and Sergt. Dorey were in charge at the armoury, and deserve a great deal of credit for bringing the day to a successful conclusion.

The 67th regiment band furnished lightful music during the evening.

The dance in the Hayden-Gibson Theatre was well patronized and was a fitting close to a successful function.

the town should allow the committee the amount of the license and water, \$56.

Coun. Smith—"I don't feel that the water committee has any right to do this."

Coun. Leighton—"In 1915 when this committee appeared before the council they reported \$3,500 uncollected—does this condition still exist? I am not in sympathy with bringing this show here. It was a money making scheme and the council should not be asked to pay any of the bills."

Mayor Sutton—"I am in favor of making the grant. The town is only paying about \$850 to this fund, which is very small. It is probable this company would have come here anyway. It will be small to take this \$56 from the Patriotic Committee."

Coun. Smith moved, seconded by Coun. Stevens, that the council relieve the committee of the charge of \$56.

Coun. Noddin—"I believe in taxation to raise money for such a purpose. The patriotic committee ask us not to licence this concern—when I took the oath of office I took it to treat all men alike. Now how can we do as this committee asks? And further, I am painfully surprised at the patriotic committee bringing this aggregation here. It was the most vulgar exhibition I ever visited. Whitechapel was not in it. It's a crying shame to put a show of this nature on our school grounds. It is no wonder they aren't com-
