MR. F. B. CARVELL WILL BRING HIS RECKLESS TRADUCERS TO BOOK

The Militant Liberal from Carleton Who Has Performed a Great Public Duty, Has Instituted Libel Actions Against the Tory Organs which Accused Him of Treasonable Conduct

OTTAWA, May 18.—Mr. F. B. Carvell, M.P., has given instructions to his solicitors to issue writs for libel against certain of the Canadian press, which recently published despatches and articles stating, or insinuating, that in consulting Mr. William Travers Jerome, of New York, in connection with his investigation of the case contract disclosures, he had been guilty of treasonable conduct in communicating Canadian or British munition matters to German sympathizers.

It is understood that Mr. Carvell's action, in consulting Mr. Jerome, was suggested by unquestioned British authorities and that his interview with that New York counsel all took place in the presence of advisors whose positions are a guarantee of the character of the investigation conducted. Mr. Carvell had received their authority, under the circumstances which have arisen through the publication of the despatches to which exception is taken, to use their evidence in law.

Mr. Carvell declined to discuss the matter, which, he observed, will be best dealt with in the courts, other than to state that libel actions will be started immediately, against a number of newspapers in Canada which have published the libellous article, first appearing in the Ottawa Journal.

From counsel, however, it was learned that when the names of the two other gentlemen to whom Mr. Carvell referred in Parliament as among those he consulted with Mr. Jerome are made public, as well as the names of the prominent Canadians who were also present with him during all his interviews with Mr. Jerome, it is probable that the newspapers concerned will regret having charged Mr. Carvell with acting in a treasonable way without first investigating and learning the facts of the case.

THE VENOMOUS CREW.
The newspapers against which Mr. Carvell has instituted action are The Mail and Empire, and News, of Toronto; the Herald and Mail, of Halifax; the Standard, of St. John; the Journal, of Ottawa, and possibly others. It is understood that Mr. E. F. B. Johnston, K.C., will represent Mr. Carvell in Toronto.

Mr. Carvell has spent months of his time in investigating without remuneration of any kind, except the consciousness of performing a needed public duty. He is rightly concerned with his reputation as a loyal British subject and proposes to apply vindicate in the courts the patriotism and propriety of his course.

The word "economy" is liberally construed. Living off the winning of a race horse is one of its manifestations.

"Would not be without it at double the price.—Cows fall in love with it"

That is the way M. C. W. Kay of Sussex, N.B., sums up his experience with the

EMPIRE MECHANICAL MILKER

Gentlemen: August 17th, 1915.
Replying to your query about the milking machine you have installed in my barn, I beg to say that same is working to my entire satisfaction. It does all that you claim for it. I find that all the cows that had sore teats before using the machine are now all right. The cows just fall in love with it and I would not be without it at double the price if I could. I will be pleased to reply to any one you may refer to me and help them solve their labor problem. Thanking you for the courteous treatment you have given me, I am, and want cows to use this coupon.
