She Will Not Have to do This or That if You Provide

NORMAN: "I took out some more insurance to-day. Tads, a Monthly Income Policy in The Manufacturers Life."

MABEL: "Do you think you needed it, dear?"

NORMAN: "It wasn't myself that I was thinking of. I heard a remark that convinced me YOU needed more protection."

MABEL: "What was it, Norman?"

NORMAN: "Jack was in my office when the agent called. I told him he ought to carry insurance, and he remarked sneeringly 'I'd look down saying for insurance for some other man to spend after I'm gone.' I thought that rather a selfish viewpoint, and in order to guard against your having to get married or having to go to work or having to take in boarders or having to move into cheaper quarters, I decided on this Monthly Income Policy."

If anything should happen to you would your wife HAVE to do this or that to provide? A post card with your age, name and address, will bring you full particulars of this ideal policy.

Kerosene & Gasoline Engines Moody Threshers, Hoover Diggers

The International Titan Engine is the strongest and most durable Gasoline Engine on the market. It can be operated equally as well with Kerosene as Gasoline. As Kerosene is less than half the price of Gasoline it is the only practical Engine to buy. The Moody Threshers with their great capacity for handling grain as well as thorough cleaning have proved to be the most practical Threshers used in this country.

We sell the Original Hoover Digger, equipped with Roller Bearings making their light draft. This is the only Digger on the market made by the Hoover Manufacturing Company of Avery, Ohio. Other Potato Diggers claimed to be similar to Hoovers are only imitations. The Hoovers are the only diggers that have constantly given satisfaction in the potato fields for the past forty years.

Facts About Public Service Bonds

What Every Man and Woman Should Know

Public utility corporations serve the people in various ways which include the supply of light, power, transportation, afford means of communication over long and short distances, and sometimes furnish heat for residences and other buildings, all these being public necessities. This is why the earnings of conservatively, ably managed public service corporations have great stability, being less affected by business depression, crop failures, etc., than those of almost any other corporations.

The bonds of public service corporations operating in large, thriving communities, are regarded as the SAFEST FORMS OF INVESTMENT for men and women in all walks of life. Based on Safety and LIBERAL INCOME combined, there is NO FORM OF INVESTMENT MORE ATTRACTIVE THAN PROPERLY SELECTED PUBLIC UTILITY BONDS.

We have Bonds of this character which we have thoroughly investigated, and which we will be pleased to place YOU in a way of investigating for yourself.
