### LOCAL AND GENERAL

Rev. W. J. Hurlow of Tracy Mills will occupy the pulpit of the United Baptist church at both services, Sunday, in the absence of the pastor.

Miss M. Bull brought to this office Tuesday, several apples one year old in a perfect state of preservation. They are of the russet variety.

Immense quantities of turnips are coming in every day and the farmers are reaping a rich harvest from the demand. The price during the week advanced from 75 to \$1.00 per barrel.

An important meeting of the Board of Trade will be held Monday evening, Oct. 23rd. A large attendance is requested as the matter of bringing troops here for the winter will be discussed.

Roy McLaughlan and Frank Colwell returned Tuesday from an extended hunting trip. Both are very modest concerning the success of their trip, but as they are noted hunters no doubt much game fell before their trusty rifles.

The little three-year-old daughter of Mr. and Mrs. J. Chip Hunter of East Florenceville was instantly killed on Saturday morning when she fell from the top of a load of potatoes, being driven by her father, and one wheel of the vehicle passed over her. The funeral was held on Sunday at the East Florenceville Methodist church.

Mrs. Frank Coffey, President of the Watson Settlement Red Cross Society, has forwarded per Mrs. F. H. J. Dibblee, the following amounts, which were collected from the Red Cross Society and Watson Settlement—\$10.00 to Mayor Hayes for Belgian Relief Fund and \$10.00 to Lady Tilly for sick and wounded soldiers.

Charles G. Hand returned Monday from a driving trip to Fredericton and St. Mary's. Mr. Hand thought it might interest those who have driven that way to know that they left Fredericton after eight o'clock in the morning, reaching their home Houlton Road, the same evening, a distance of sixty seven miles. Not too bad for a Percheron mare which handled the side of a Hoover digger all the following day.

We have repeatedly tried to get the names of subscribers on the new rural routes but for some reason our request has not been complied with by any of the drivers except Mr. Troy. In order to avoid any further trouble we would ask our subscribers, on these new routes, to send a card with their new address so that delays may be avoided in future. We regret the necessity of making this request but all other means having failed we are compelled to do so.

The Woodstock Branch Canadian Red Cross Society wish to acknowledge and thank the following for money received, to be used in filling the Christmas stockings for sick and wounded soldiers in Canadian Hospitals:

Boy Scouts per G. Ransom \$129.20  
 Mrs. W. L. Carr per Mrs. Dibblee 1.00  
 Miss A. Hunt, St. John, per Mrs. Dibblee 1.00  
 Mrs. E. R. Teed 2.00  
 Sarah A. Hartley, Treasurer.

There is a story that one of the Presque Isle buyers was asked how much a barrel he would take for 40,000 barrels of seed Cobblers delivered in January. He replied

\$4.00, whereupon he was quickly taken up, and then did not know without looking around a good deal whether it was safe for him to agree to furnish them or not. But you can never tell just how many reports to believe. There is no doubt, however, that potatoes are very high and valuable everywhere. —Fort Fairfield Review.

### OBITUARY

The death occurred at Cork, N. B., on Oct. 4th, of little Mary Ellen Sullivan, aged 2 years and 8 months; her death was due to spinal meningitis, she was sick 20 days. Her mother, Mrs. Frances Sullivan, has the sympathy of the entire community in her sad bereavement, as this is the third and last member of her family to pass away since Feb. 23rd when her husband, the late William Sullivan of Debec died, then on May 7 her infant daughter, Anna A., aged 9 months, and now this bright winsome little girl who was a favorite with all who knew her. She is survived by her mother and two grandmothers.

### THE PENSION LIST.

Some 8,000 invalided Canadian soldiers have returned to Canada since the war began, and these are now, or soon will be, on the pension list. Several thousand other wounded in England will soon be on the same list. Besides these are the dependents of those killed in action to be added. And the end is still far off.

### Put the Lay in Your Flock

It has been demonstrated many times that pullets are more apt to take after their father than after their mother. To say that pullets inherit their laying ability from the male parent sounds queer, but it is a fact that the male bird has greater power to transmit the laying ability of his mother to his offspring than the mother herself has. Therefore it is of the utmost importance that the male should have a great laying mother, grandmother and great grandmother.

I have a few pure bred Ancona cockerels to spare that were hatched from imported eggs. The mothers and grandmothers of these cockerels have the great records of 280 to 314 eggs each in twelve consecutive months. Just think, the average hen lays only about 80 eggs a year. Maybe this is why your hens don't pay. By adding one of these great cockerels to your flock, you will double or triple the laying ability of your next year's pullets.

I have also a few pure bred White Leghorn cockerels from my own hens that have laid over 200 eggs each since last November and are still at it. Pullets hatched from these hens April 24th began to lay September 4th, less than four and a half months old. The hen that lays is the hen that pays.

Ancona Cockerels \$2.00 each  
 White Leghorns \$1.00 each
