John B. Hipwell, Canadian Field Artillery, has died of wounds received in France. Lieut. Hipwell is a son of Mr. David Hipwell of St. John, Past Grand Master of the Orange Order in New Brunswick. He was an undergraduate of the University of New Brunswick when war broke out, and enlisted in the 23rd Battery, which was raised in Fredericton. He served in France for upwards of a year, and within the past few months was given a commission. He qualified in England and on his return to France was wounded. Death resulted later.

Robert M. Brown, Edmundston, is reported killed in action. James W. Hart, Cliffordville, Gunner Robert B. Lovely, Perth; Eric Hanson, Aroostook Jct.; Lance Corporal Ralph B. Raymond, Bloomfield, are reported wounded. Pte. James Phillips, Upper Kintore, is missing.

Pte. James Tompkins of Woodstock, who arrived here last week, although the head of a large family enlisted early in the war and went overseas with the First Canadian Engineers. He saw much active service in France and Belgium before being wounded in the leg, as a result of which he is still lame. His good example was followed later by his three sons, Samuel, Harold and Herbert—all in the 104th Batt' at Sussex, preparing to go overseas.

A dispatch from Ottawa, Sunday, stated that Wilfrid Hand was first reported killed, and later he was officially reported as missing. No further word has been received.

Letters were received this week from many Woodstock boys who are in the thick of the fight.

Major W. H. Laughlin, who spent the winter here in command of Co. D, has been appointed second in command of the 104th Battalion.

Lieut. Col. Herbert Jones, O. C. 55th Battalion, writes that the report that the 55th Battalion has ceased to exist is entirely erroneous. The 55th is not only a live unit, but has retained all its instruction staff and is busily engaged in training large numbers of men.

The military department has decided that no more kilts will be issued to Scottish regiments of the Canadian overseas forces. The pipers are to be the only exception. The corps will be allowed to wear the Balmoral instead of the regulation cap.

Lee Dyer, of Howard Brook, Carleton county, has been wounded. Clifford Dickinson, son of H. L. Dickinson of Windsor, has also been wounded by rifle shot in the leg.

Pte. John McRae, formerly of Woodstock, is reported seriously wounded. He was a member of a Western battalion.

## Government Not Fit

(Continued from first page)

Samuel Miller was an excellent chairman and in a few introductory remarks said this was an opportune time for a meeting of this nature following such a signal victory in Nova Scotia. The handwriting was on the Canadian sky and Liberalism was ascending.

C. L. Smith in a brief speech referred to his many pleasant visits to Hartland. He was glad to be a Liberal, not in a small party sense but as a party that to-day occupied such a proud position.

Andrew McCain, in referring to Mr. Carvell, said he felt that he could not be adequately rewarded for the services he had rendered the country. He believed in better and cleaner politics and the conditions were such that the opposition will put up a fight in this county whenever an election is called. "Some future time," said Mr. McCain, "I will perhaps discuss questions of a political nature."

Mr. Carvell was received with prolonged applause on rising to speak. He gave a lucid account of the investigations both in New Brunswick and Ottawa and again challenged the local government to bring on the by-elections.

CHALLENGE TO SMITH.

"If," said Mr. Carvell, "Mr. Smith wants to accept the public works portfolio let him do so and we will give him the liveliest opposition he was ever up against. It is the duty of Lieut. Governor Wood to dissolve his house of assembly."

He has the constitutional power to do so and the people are looking to him to act. Under the deplorable conditions now existing the election should be brought on and it cannot be done too soon to suit the Liberal party and hundreds of honest Conservatives. The act of Mr. Mahoney's occupying the position of minister of public works is one of the most remarkable incidents that ever happened in the British Empire. The government simply takes the position that it is no business of the public.

"Fruit-a-lives" Soon Relieved This Dangerous Condition

632 GERRARD ST. EAST, TORONTO.

"For two years, I was a victim of Acute Indigestion and Gas In The Stomach. It afterwards attacked my Heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of Medicine but none of them did me any good. At last, I decided to try 'Fruit-a-lives'. I bought the first box last June, and now I am well, after using only three boxes. I recommend 'Fruit-a-lives' to anyone suffering from Indigestion."

FRED J. CAVEEN.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Mr. Carvell went fully into the shell investigation along the same lines as in his Centerville speech and stated that investigations and exposures would still go on. "The people," said the speaker, "are thinking along bigger, broader and holier lines than ever before."

At the conclusion T. G. A. Carr moved that the thanks of the meeting be tendered Mr. Carvell for his instructive and able address and also for his efforts to give the country honest and clean government.
