Regulate Kidneys AND Relieve Constipation

Gin Pills are acknowledged to have the largest sale of any proprietary medicine in Canada—an achievement solely due to their remarkable virtue as a kidney and bladder remedy.

But users of Gin Pills have discovered that this invaluable remedy also acts as a mild cathartic. The evidence of hundreds of letters we have received establishes the very logical fact that in compensating a medicine to heal and tone up the kidneys and bladder certain of the ingredients have a stimulating effect upon the other organs, especially the bowels.

It is important to know, in the case of constipated patients, that Gin Pills do not act harshly on the bowels; there is no gripping, but a gradual and gentle restoration of use. In thus relieving the bowels, you safeguard yourself against possible kidney trouble.

Gin Pills are 50c. a box, or 6 boxes for \$2.50 at your dealer's. A trial treatment will be sent upon request, to

National Drug & Chemical Co. of Canada, Limited, Toronto.

The Black Percheron Stallions

Norman and Serigney

Both imported—Norman from Belgium, Serigney from France—Weight 1700 and 1800 pounds each

They are the last black Percheron stallions that will come from the Old Country for a long time. Serigney, known as the Duffy horse, has the best lot of colts in the country, mostly black or bays, some of them weigh 1600. Serigney was imported by Hamilton & Hathorn, Ont. Norman was imported by McGlaughlin Bros., Columbus Ohio, and brought to Houlton by Starkey & Wise. Norman's colts are beginning to come now and are black and nice. I will travel them week about, one will be at home all the time as I can only travel one at a time. Parties wanting to use these horses can get me on the N. B. Telephone 3200-5. Will be at the Brunswick House Fridays and Saturdays. Mares coming from a distance will be fed free of charge. Will not charge for dead colts breeding this year.
