TWENTY YEARS AGO

From the Sentinel
January 2nd, 1897.

Thomas H. Hartley threshed for his father, John Hartley, in 9 hours, 508 bushels of grain with one of Connell Bros. old machines. What would he do with a new machine.

At Woodstock, on the 27th ult., to the wife of Duppe Smith, a daughter.

Mr. Patrick Gallagher desires to return his most sincere thanks to the members of Hose Company No. 1 for their kind remembrance of him as shown in the presentation Thursday morning last week, of a handsome cane, with a silver plate bearing the inscription "P. Gallagher, from the boys, 1896." The Sentinel hopes Mr. Gallagher may live long to enjoy the gift, which he highly prizes.

The following have been selected as the office bearers of the C. E. Society of the Presbyterian church for 1897: Geo. L. Holyoke, Pres.; Mrs. John Graham, V.P.; Fred L. Hay, Cor. Sec.; Miss Aggie Dunbar

Rec. Sec.; Miss Lilius Sanderson. Treas. The Society is in a flourishing condition and the prospects for its increasing usefulness and prosperity during the incoming year quite encouraging.

Thomas F. Barker, of Lower St. Mary's, York county, was knocked down by a runaway team, in Fredricton, on Thursday of last week, and died of the injuries received, on Saturday. Mr. Barker was a well-known farmer, at one time he represented York in the Legislature and afterwards was manager of the Provincial Stock Farm at Nauyasewauk. He was 68 years old. Mr. Barker was a brother-in-law of W. F. Dibblee, Esq., and uncle of T. A. Dibblee, M.P.P. Deceased leaves a widow, four sons and one daughter.

The singing in the Methodist church Sunday evening was notable. The choir was strong; the selections very appropriate to the season and their rendering excellent. The singing of Miss Mabel Jewett, who has just returned from the Conservatory of Music, Toronto, was much admired; this young lady possesses a sweet voice of great power, being especially clear in the high notes, and her enunciation is perfect. Miss Jewett sang at a Christmas concert in Houlton, last week, and delighted her audience and drew forth complimentary remarks from the press of that town.

BRISTOL

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

It costs more to put the "pick of the wheat" into

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.
