## Corns in 1860

Were Attacked—As Many Corns Are Yet

The old-time way of ending corns was by harsh attack. And those methods still exist.

The new way—the scientific way—is very gentle, yet absolutely sure. It was invented in this well-known laboratory, and is known as Blue-jay.

It ends the pain—and at once—by relieving pressure. It ends the corn by gently acting on the corn alone.

It isn't messy. It wraps the corn with adhesive tape. One application is

usually sufficient. In two days the corn is ended, and without any lingering soreness.

Don't pare a corn and keep it. Don't use harsh methods on it. Don't apply any treatment to the healthy tissue too. See what science has evolved in this Blue-jay treatment.

Millions of people, by its use, keep forever free from corns.

See how it acts tonight. Buy from your druggist.

How Blue-jay Acts

B is the B&B wax, which gently undermines the corn. Usually it takes only 48 hours to end the corn completely.

C is rubber adhesive which sticks without wetting. It wraps around the toe to make the plaster snug and comfortable.

Blue-jay is applied in a lift. After that, one doesn't feel the corn. The action is gentle and applied to the corn alone. So the corn disappears without soreness.

A is a thin, soft pad which stops the pain by relieving the pressure.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

## Worth Protecting

A good article is worthy of a good package. A rich, strong, delicious tea like Red Rose is worth putting into a sealed package to keep it fresh and good.

A cheap, common tea is hardly worth taking care of and is usually sold in bulk.

Red Rose is always sold in the sealed package which keeps it good.

## TAROL

IS PREPARED

BY COMPETENT

CHEMISTS

TAROL is not a new remedy, for, years previous to 1885 date on which it was placed on the market, Dr. Ed. Morin prescribed it regularly to his patients. When he gave up his medical practice in order to establish the wholesale drug house which bears his name, TAROL was the first preparation he placed on the market. Today it is in the same laboratory that TAROL is manufactured, from the identical formula, by experienced chemists and always with the purest and best ingredients procurable. This is why TAROL cures today as it did thirty years ago.

Coughs, Colds, Bronchitis, Grippe and even TUBERCULOSIS in early stages.

If you cough, if you have a cold which will not cure, if you are subject to Bronchitis, if your chest is weak, use "TAROL", it is the specific.

Pale and Weak women and young girls should use Dr. Ed. Morin's Cardinal Pills.
