How "Abide With Me" Was Written.

At the age of fifty-four Lyte found himself doomed to die of consumption, and in sorrow at having to leave his task unfinished he prayed that at the

last moment he might be granted to him to write a hymn which would live to glorify his God when he was dead.

That evening he ever after preaching his hymn took his pen and wrote the hymn "Abide With Me." Next morning he died. His hymn was published in the London Telegraph.

Uses For Air.

Some of the latest uses to which compressed air is being put are described by Harry Franklin Porter in the Factory. Among these are keeping cutting tools cool while working, blowing dirt and dust from machinery, removing lint from textile mills, raising the nap on heavy fabrics, finishing silk ribbons, polishing metal, forcing the water out of boiler tubes, testing piping for leaks, drying newly coopered barrels, drying yarn after dyeing, mixing paints and varnishes, blowing factory whistles, making a room fly proof by a current of rushing air at the entrance, through which no winged thing can pass, and driving machine screws and nuts.

TAKES OFF DANDRUFF. HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderrine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderrine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderrine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderrine. Save your hair! Try it!
