Constipation in children can be promptly cured by Baby's Own Tablets. They are a gentle but effective laxative which thoroughly regulate the bowels and sweeten the stomach and thus drive out all childhood ailments. Tenacity.
"Grain has been found clutched in the hands of an Egyptian mummy." "It beats all," commented the Chicago man, "how some of those speculators will hold on."

A Pedestrian Once More.
"I see Brown riding on the street cars. I thought he owned an auto." "He does, but he made the mistake of teaching his wife to drive it."

Real Optimism.
Our idea of an optimist is a farmer who thinks he could live happily in town on \$40 a month.

Sincerity is the basis of all true friendship. Without sincerity it is like a ship without ballast.

There is absolutely no suffering from eczema who ever used the sample wash D D D and did not feel immediately that wonderfully calm, cool, sensation that comes when the itch is taken away. This soothing wash penetrates the pores, gives instant relief from the most distressing skin diseases.

Studebaker

The Studebaker Car
From the Standpoint of Economy

IF ECONOMY is to be your consideration from now on, especially in the purchase of your motor car, you should by all means investigate the Studebaker Car from that standpoint.

Where people know cars, in all probability they buy that car in greatest numbers which gives them the greatest value for their money.

Therefore, in Detroit, where 80% of all cars are made, where people know cars, the official registrations show that there are more Studebakers in use than any other car costing over \$500.

In Western Canada, where people prove motor car value and quality, where they test it out, twelve months in the year, on the longest, hardest, hilliest drives, they have found that Studebakers give consistent service, day in and day out, at the least possible maintenance and repair expense.

In the large cities where style is a factor, there are thousands of Studebakers in daily use.

In ratio to power, Studebaker Cars are most economical in gasoline consumption.

In ratio to carrying capacity, their light weight and perfect balance make them most economical in tires—Studebaker owners frequently get from 8,000 to 10,000 miles on a single set of tires.

Studied accessibility reduces inspection, adjustment and repair costs to a minimum.

Therefore, if economy is to be your watchword, buy a Studebaker.

Buy it as an investment—not as an expenditure.

If you want to sell it, or trade it in, it will bring a higher re-sale price in ratio to first cost, than most other cars.

The Studebaker Car is the best work of a great Canadian manufacturing organization; it bears a great name, it carries a splendid reputation, and it is protected by a year's guarantee against defective material and workmanship.

Come in and let us show you, point by point, the quality features of this Canadian built car, the features that make it one of the best automobile "buys" in the world.
