—“On Edge”

Yours is a case  
for Wincarnis

If your nerve centres have become weakened by overwork, worry or anxiety, they are unable to transmit the necessary nourishment, and the nerves become worn out and “on edge.” Then it is that sudden sound makes you “jumpy”—you get irritable—you suffer from neuralgia—you are restless and depressed. In this condition there is nothing to equal

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try it! Hair gets soft, fluffy and beautiful—get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Danderine from any drug store and just try it.
