BANISH PIMPLES AND ERUPTIONS

In The Spring Most People Need

a Tonic Medicine.

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia, poor appetite and desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-strengthening powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood. You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Ernest McIntyre Houlton's colored boxer, went, what was scheduled to be two six-round bouts, with Nelson, the durable Dane, at Bangor, Thursday evening. The bout was stopped in the eleventh round both boxers being disqualified. The accounts of the go give McIntyre unstinted praise for his work, as he plainly had the better of the contest half the distance at least. Fight promoters believe the Houlton man has the ability to win among the best if he is properly handled.—Houlton Pioneer.

No, Geraldine, the automobiles are not skittish. The drivers are a little rusty in their technique and make some careless mistakes. It is well, however, to observe great watchfulness, when the amateurs are on parade, to avoid being run over. So far their efforts have been directed towards barns and clothes reels to which pedestrians can take no exception.
