Owing to the immense amount of advertising in this issue we have omitted a lot of local and district news and correspondence. We were also forced to decline a number of advertisements. While we feel we owe an apology to our thousands of readers for the small amount of reading matter it is a source of gratification that business men use the Sentinel to reach all classes who have money to spend—a paper that goes into the hands of the actual buyers of this community. The merchants use the Sentinel because it gives them RESULTS.
